Childcare Standards Report

1 July 2010 to 30 June 2011

The *Children and Young People Act 2008* (s 775) requires the Chief Executive to publish a *Childcare Standards Report* each financial year about the compliance of licensed childcare services with the *ACT Childcare Services Standards*.

In accordance with section 775 (5) of the *Children and Young People Act 2008*, this report does not include information that –

- (a) identifies a person as a person who made a confidential report; or
- (b) would allow a person's identity as a person who made a confidential report to be worked out; or
- (c) identifies a child; or
- (d) would allow the identity of a child to be worked out; or
- (e) identifies a person as a childcare worker for a childcare service; or
- (f) would allow the identity of a person as a childcare worker for a childcare service to be worked out.

In accordance with section 777 of the *Children and Young People Act 2008*, if there is information about a licensed service being operated in a way that does not comply with an *ACT Childcare Services Standard*, the proprietor of the service has been served with a *Childcare Standards Report Notice* and given opportunity to make a written submission to the Chief Executive. Therefore, if information about a service's noncompliance is included in this report, a copy of the proprietor's submission has also been included in this report, if the proprietor has made a submission.
