Electricity Safety Act 1971

A1971-30

Republication No 10 Effective: 1 September 2004 – 1 September 2004

Republication date: 1 September 2004

Last amendment made by A2004-15 (republication for amendments by A2004-13 and general renumbering)

Authorised by the ACT Parliamentary Counsel

About this republication

The republished law

This is a republication of the *Electricity Safety Act 1971* (including any amendment made under the *Legislation Act 2001*, part 11.3 (Editorial changes)) as in force on 1 September 2004. It also includes any amendment, repeal or expiry affecting the republished law to 1 September 2004.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at www.legislation.act.gov.au):

- authorised republications to which the Legislation Act 2001 applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

Editorial changes

The *Legislation Act 2001*, part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see *Legislation Act 2001*, s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication includes amendments made under part 11.3 (see endnote 1).

Uncommenced provisions and amendments

If a provision of the republished law has not commenced or is affected by an uncommenced amendment, the symbol \boxed{U} appears immediately before the provision heading. The text of the uncommenced provision or amendment appears only in the last endnote.

Modifications

If a provision of the republished law is affected by a current modification, the symbol \mathbf{M} appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see *Legislation Act 2001*, section 95.

Penalties

The value of a penalty unit for an offence against this republished law at the republication date is—

- (a) if the person charged is an individual—\$100; or
- (b) if the person charged is a corporation—\$500.

Electricity Safety Act 1971 Effective: 01/09/04-01/09/04 51

Electricity Safety Act 1971

An Act relating to the safe use of electricity, and for other purposes

R10 01/09/04 Electricity Safety Act 1971 Effective: 01/09/04-01/09/04 page 1

Authorised by the ACT Parliamentary Counsel—also accessible at www.legislation.act.gov.au

Part 1 Preliminary

Section 1

Part 1 Preliminary

1 Name of Act

This Act is the *Electricity Safety Act 1971*.

2 Dictionary

The dictionary at the end of this Act is part of this Act.

Note 1 The dictionary at the end of this Act defines certain terms used in this Act, and includes references (*signpost definitions*) to other terms defined elsewhere.

For example, the signpost definition '*electricity distributor*—see the *Utilities Act 2000*, dictionary.' means that the term 'electricity distributor' is defined in that Act and the definition applies to this Act.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see Legislation Act, s 155 and s 156 (1)).

3 Notes

A note included in this Act is explanatory and is not part of this Act.

page 2

Part 2 Electrical wiring work

4 Connecting electrical installations to network inspections

A person must not, except in circumstances prescribed by the regulations, connect a new electrical installation to an electricity network unless the installation has been inspected, tested and passed by an inspector.

Maximum penalty: 50 penalty units, imprisonment for 6 months or both.

5 Compliance with AS/NZS 3000

- (1) Subject to subsection (2) and to section 7, a person shall not carry out electrical wiring work that does not comply with AS/NZS 3000 as in effect—
 - (a) at the completion of the work; or
 - (b) if the work is not completed—when the work is carried out.

Maximum penalty: 50 penalty units.

- (2) Subsection (1) does not apply to—
 - (a) electrical wiring work that consists only of-
 - (i) the disconnection of an appliance or a fitting; or
 - (ii) the disconnection and reconnection of an appliance or a fitting if the electrical load is not increased; or
 - (iii) the replacement of an appliance or a fitting if the electrical load is not increased; and
 - (b) any other electrical wiring work carried on in prescribed circumstances.

page 3

Section 6

(3) In this section:

fitting means a switch, lighting point or socket outlet.

6 Testing and reporting of electrical work

- (1) Subject to section 7, a person who has carried out electrical wiring work shall—
 - (a) ensure that the work—
 - (i) is tested in accordance with AS/NZS 3017 as in effect at the time when the test is carried out; and
 - (ii) on testing, is found to comply with AS/NZS 3000; and
 - (b) within 14 days of the test—
 - (i) give the construction occupations registrar a report of the test in a form approved by the registrar under section 65 (Approved forms); and
 - (ii) give the owner of the installation in relation to which the work has been done a copy of the report.

Maximum penalty: 5 penalty units

(2) A person who has given the construction occupations registrar a report under subsection (1) (b) (i) shall not fail, on written request by the registrar made within 2 years after the giving of the report, to give the registrar, within 14 days of the making of the request, a copy of the report.

Maximum penalty: 5 penalty units.

7 Exemption from s 5 and s 6

Sections 5 and 6 do not apply to—

- (a) prescribed electrical wiring work; or
- (b) electrical wiring work carried out in prescribed circumstances.

8 Directions to rectify unsafe installations

- (1) This section applies if an inspector believes on reasonable grounds that—
 - (a) an electrical installation is unsafe or has not been inspected, tested and passed as required under this part; or
 - (b) electrical wiring work is unsafe or has not been carried out, or tested, as required under this part.
- (2) The inspector may give the person who has carried out the electrical wiring work relevant for subsection (1) (a) or (b) a written direction to take stated action to make the installation or work safe and compliant with this part.
- (3) Without limiting the operation of subsection (2), a direction may require the disconnection or isolation of the relevant part of the installation or wiring so that it cannot receive a supply of electricity.
 - *Note* For inspectors' power to disconnect a dangerous installation, see s 51 (1) (b).
- (4) A person must not, without reasonable excuse, contravene a direction under subsection (2).

Maximum penalty (subsection (4)): 50 penalty units, imprisonment for 6 months or both.

Part 3 Prescribed articles of electrical equipment

Division 3.1 Preliminary

9 Definitions for pt 3

In this part:

approved first seller means a person registered under section 14 (2).

corresponding law, in relation to a State or another Territory, means a law of that State or Territory declared under section 10 (Declaration of corresponding law).

declaration of compliance, in relation to a prescribed article of electrical equipment, means a declaration that the article complies with—

- (a) prescribed standards; or
- (b) standards specified in a corresponding law of a State or another Territory.

relevant safety standard, for an article of electrical equipment, means a safety standard specified for the article in a declaration under section 11 (1).

10 Declaration of corresponding law

- (1) The Minister may, in writing, declare a specified law of a State or another Territory, being a law that contains provisions substantially similar to this part, to be a corresponding law for this part.
- (2) A declaration is a notifiable instrument.
 - *Note* A notifiable instrument must be notified under the *Legislation Act 2001*.

R10 01/09/04

Division 3.2 Regulation of dealings

11 Prescribed articles of electrical equipment

- (1) The planning and land authority may, in writing, declare that—
 - (a) an article of electrical equipment of a specified description or type is a prescribed article of electrical equipment for this part; or
 - (b) a specified class of articles of electrical equipment is a prescribed class of articles of electrical equipment for this part.
- (2) The planning and land authority shall not make a declaration under subsection (1) in relation to an article or class of articles unless the authority is satisfied that there are reasonable grounds for believing that—
 - (a) because of its design or construction, the article, or an article included in the class of articles, is, or is likely to become, unsafe to use; and
 - (b) because of the risk of death or injury to persons or the risk of damage to property, the article or class should be so declared.
- (3) A declaration under subsection (1) must specify the safety standards with which an article mentioned in the declaration must comply.
- (4) The planning and land authority may, in writing, declare that—
 - (a) an article of electrical equipment of a specified description or type is not a prescribed article of electrical equipment for this part; or
 - (b) a specified class of articles of electrical equipment is not a prescribed class of articles of electrical equipment for this part.
- (5) A declaration under subsection (1) or (4) is a notifiable instrument.
 - *Note* A notifiable instrument must be notified under the *Legislation Act 2001*.

12 Sale, installation of prescribed articles

- (1) An approved first seller shall not—
 - (a) sell; or
 - (b) install in, or connect to, an electrical installation;

a prescribed article of electrical equipment if the approved first seller knows or might reasonably be expected to have known that the article is a prescribed article of electrical equipment if—

- (c) a declaration of compliance in relation to that article is not registered under section 16 or under the corresponding law of a State or another Territory; or
- (d) a direction under section 30 (Directions about unsafe articles) has been given to that seller in relation to articles of the same brand and model.
- (2) A person, other than an approved first seller, shall not—
 - (a) sell; or
 - (b) install in, or connect to, an electrical installation;

a prescribed article of electrical equipment if that person knows or might reasonably be expected to have known that the article is a prescribed article of electrical equipment if—

- (c) a declaration of compliance in relation to that article had not at any time been registered under section 16 or under the corresponding law of a State or another Territory; or
- (d) the person has received from any other person a notice under section 30 (3) in relation to the recall of articles of the same brand and model.
- (3) A person who contravenes subsection (1) or (2) commits an offence.

Maximum penalty: 200 penalty units.

13 Sale, installation of noncomplying prescribed articles

A person who-

- (a) sells; or
- (b) installs in, or connects to, an electrical installation;

a prescribed article of electrical equipment that does not comply with the standards referred to in the relevant declaration of compliance if the person—

- (c) knows that the prescribed article of electrical equipment does not so comply; or
- (d) might reasonably be expected to have known that the prescribed article of electrical equipment does not so comply;

commits an offence.

Maximum penalty: 200 penalty units.

14 Registration as approved first seller

- (1) A person who—
 - (a) manufactures prescribed articles of electrical equipment in the ACT; or
 - (b) imports prescribed articles of electrical equipment into the ACT from outside Australia;

may apply in writing to the construction occupations registrar to be registered as an approved first seller in relation to those articles.

- *Note* A fee may be determined under s 64 (Determination of fees) for this subsection.
- (2) Subject to subsection (3), the construction occupations registrar shall, on receiving an application under subsection (1), register the applicant as an approved first seller in relation to the prescribed articles of electrical equipment specified in the application by causing the prescribed particulars in relation to the applicant and

those articles to be entered in the register referred to in section 21(1) (b).

- (3) The construction occupations registrar may refuse to register an applicant as an approved first seller if the registrar is satisfied that the applicant—
 - (a) is insolvent; or
 - (b) has been refused registration as a first seller or an approved applicant, or equivalent registration, under the corresponding law of a State or another Territory; or
 - (c) has been registered as a first seller or an approved applicant or has equivalent registration under the corresponding law of a State or another Territory and that registration has been cancelled otherwise than at the request of the applicant; or
 - (d) has been convicted of an offence against this part, against part 3 as in force immediately before the commencement of this part or of a similar offence against the law of a State or another Territory; or
 - (e) has not complied with the other requirements (if any) that are prescribed.
- (4) The construction occupations registrar may cancel the registration of a person as an approved first seller if—
 - (a) the registrar is satisfied that—
 - (i) the person is insolvent; or
 - (ii) the person has been refused registration as a first seller or approved applicant, or equivalent registration, under a corresponding law of a State or another Territory; or
 - (iii) the registration of the person as a first seller or approved applicant, or equivalent registration of the person, under the corresponding law of a State or another Territory has

R10 01/09/04 been cancelled otherwise than at the request of the person; or

- (iv) the person has been convicted of an offence against this part or part 3 as in force immediately before the commencement of this part or of a similar offence against the law of a State or another Territory; or
- (v) the person has supplied an article of electrical equipment in breach of an undertaking referred to in section 15 (3) (d); or
- (b) the approved first seller requests in writing that the registration be cancelled; or
- (c) the approved first seller—
 - (i) for a body corporate—is dissolved; or
 - (ii) for an individual—dies.
- (5) For this section, a person shall be taken to be insolvent if—
 - (a) for a body corporate—a resolution for the winding-up of the body has been passed or an application for the winding-up of the body has been filed in a court; or
 - (b) for an individual—the person becomes bankrupt, applies to take the benefit of any law for the relief of bankrupt or insolvent debtors, compounds with his or her creditors or makes an assignment of his or her remuneration for their benefit.
- (6) An approved first seller who fails to notify the construction occupations registrar in writing of any change in the relevant particulars referred to in subsection (2), within 7 days after the change becomes known or might reasonably be expected to have become known to that approved first seller, commits and offence.

Maximum penalty: 20 penalty units.

(7) The construction occupations registrar shall cause particulars of any change notified under subsection (6) to be entered in the register referred to in subsection (2).

15 Application for registration of declaration of compliance

- (1) An approved first seller may apply to the construction occupations registrar for the registration of a declaration of compliance made by that seller in relation to a prescribed article of electrical equipment by lodging with the registrar
 - (a) a written application; and
 - (b) the declaration of compliance; and
 - (c) a report prepared by a testing laboratory approved for this Act to the effect that the article has been tested and found to comply with the relevant safety standards; and
 - (d) subject to subsection (2), the article or another article of the same brand and model.
 - *Note* A fee may be determined under s 64 (Determination of fees) for this subsection.
- (2) If it is impracticable to lodge an article with the construction occupations registrar under subsection (1) (d), the approved first seller shall give the registrar reasonable access to the article.
- (3) A declaration of compliance lodged under this must contain—
 - (a) the name and business address of the approved first seller; and
 - (b) a description of the article of electrical equipment to which it relates, identifying the article by the manufacturer's model or catalogue number or by any other means the construction occupations registrar determines; and
 - (c) a declaration by the applicant that the article complies with the relevant safety standards; and

- (i) the article of electrical equipment complies with the relevant safety standards; and
- (ii) the article of electrical equipment is marked, stamped or labelled as prescribed; and
- (iii) if the article of electrical equipment has been modified in any way—details of the modification have been recorded in the register referred to in section 21 (1) (c) or a new declaration of compliance in relation to that article has been registered; and
- (e) any other information required by the construction occupations registrar.
- *Note* If a form is approved under s 65 (Approved forms) for a declaration of compliance, the form must be used.

16 Registration of declaration of compliance

- (1) Subject to subsection (2), if the construction occupations registrar is satisfied that a prescribed article of electrical equipment in relation to which a declaration of compliance has been lodged under section 15 complies with the requirements of the relevant safety standards, the registrar shall register the declaration of compliance in the name of the approved first seller who lodged it by entering the prescribed particulars in relation to that declaration in the register referred to in section 21 (1) (c).
- (2) A declaration of compliance in relation to an article of electrical equipment shall not be registered under this section if registration of a declaration of compliance in relation to an article of the same

Part 3	Prescribed articles of electrical equipment
Division 3.2	Regulation of dealings
Section 17	

brand and model has been refused under the corresponding law of a State or another Territory.

(3) Subject to this Act, registration of a declaration of compliance under this section shall remain in force for the period (not less than 1 year and not more than 5 years) the construction occupations registrar determines, but that registration shall be renewed by the registrar from time to time for a period not exceeding 5 years.

17 Suspension or cancellation of registration of declaration of compliance

- (1) The construction occupations registrar may cancel, or suspend for the period the registrar considers appropriate, the registration of a declaration of compliance if—
 - (a) the registrar is satisfied that an article of electrical equipment to which the declaration relates has been found not to comply with the relevant safety standards in a respect that is likely to be characteristic of articles of the same brand and model; or
 - (b) the approved first seller who lodged the declaration has, in the opinion of the registrar, made, by advertisement or otherwise, representations as to the significance of—
 - (i) the registration of the declaration; or
 - (ii) any mark, stamp or label attached to the article under section 19;

that are intended or likely to mislead any person; or

- (c) the person who lodged the declaration ceases to be an approved first seller; or
- (d) the approved first seller who lodged the declaration so requests in writing.

R10 01/09/04

Note A fee may be determined under s 64 (Determination of fees) for this section.

- (2) If a declaration of compliance is suspended or cancelled under subsection (1), the construction occupations registrar shall give written notification of that fact and of the reason for the suspension or cancellation to each regulatory authority for a State or another Territory.
- (3) If a declaration of compliance has been suspended, under subsection (1) the construction occupations registrar may, by written notice given to the approved first seller who lodged the declaration, at any time reduce the period of suspension or rescind the remainder of the suspension.
- (4) The construction occupations registrar shall rescind the suspension of a declaration of compliance if the registrar is satisfied that the ground for the suspension no longer exists.

18 Transfer of registration of declaration of compliance

- (1) The registration of a declaration of compliance under section 16 may be transferred to the name of another approved first seller in accordance with this section.
- (2) An application for a transfer under this section shall be made in writing to the construction occupations registrar, shall be signed by the transferor and the transferee and shall contain—
 - (a) the names and addresses of the transferor and the transferee; and
 - (b) particulars of the relevant declaration of compliance; and
 - (c) an undertaking on the part of the transferee to comply with the undertakings already specified in that declaration of compliance.
- (3) Subject to subsection (4), the construction occupations registrar shall, on receiving an application under subsection (2), transfer the registration of a declaration of compliance by entering the name and

address of the transferee in the register referred to in section 21(1)(c) in relation to that declaration.

- *Note* A fee may be determined under s 64 (Determination of fees) for this subsection.
- (4) A transfer of the registration of a declaration of compliance shall not be made under this section if a transfer of the registration of a declaration of compliance in relation to an article of the same brand and model as the article to which the declaration relates to the same transferee as the transferee referred to in the application under this section has been refused under the corresponding law of a State or another Territory.

19 Safety registration mark

- (1) If a declaration of compliance has been registered under this Act, the approved first seller shall, from time to time as necessary, ensure that, as soon as practicable, each article of electrical equipment to which the declaration relates that is manufactured or imported by him or her is marked, stamped or labelled as prescribed.
- (2) A person who—
 - (a) sells or lets on hire; or
 - (b) exposes or advertises for sale or hire; or
 - (c) installs in, or connects to, an electrical installation;

a prescribed article of electrical equipment that has not been marked, stamped or labelled in accordance with subsection (1) or a corresponding law of a State or another Territory, if that person knows or might reasonably be expected to have known that the prescribed article of electrical equipment has not been so marked, stamped or labelled, commits an offence.

Maximum penalty: 200 penalty units.

20 Approved testing laboratories

- (1) If the planning and land authority is satisfied that premises are suitable to be so used, the authority may, on the application of the proprietor of premises, in writing, approve those premises to be used as a testing laboratory for this Act.
- (2) If the planning and land authority is satisfied that those premises are no longer suitable to be used as a testing laboratory for this Act, the authority may, by writing given to the proprietor of those premises, cancel an approval under subsection (1) in relation to those premises.
- (3) In determining whether premises are suitable to be used as a testing laboratory for this Act, the planning and land authority shall have regard to—
 - (a) whether the premises have been approved or refused approval as a testing laboratory under a corresponding law of a State or another Territory; and
 - (b) the facilities at the premises for testing articles of electrical equipment; and
 - (c) any previous record of accuracy or otherwise in the testing of articles of electrical equipment on the premises; and
 - (d) for premises within Australia—whether the premises have been accredited or refused accreditation for the testing of electrical goods by the body known as the National Association of Testing Authorities; and
 - (e) for premises outside Australia—whether the premises have been accredited or refused accreditation by a body or authority with functions at the place where the premises are situated similar to the functions of the body known as the National Association of Testing Authorities; and
 - (f) any other information the authority considers relevant.

21 Registers

- (1) The construction occupations registrar must keep—
 - (a) a register to be called the register of prescribed articles of electrical equipment containing the particulars of each declaration under section 11 (and any further information the registrar considers appropriate); and
 - (b) a register to be called the register of approved first sellers containing—
 - (i) the full name and address of each approved first seller; and
 - (ii) the principal place of business in the ACT of each approved first seller; and
 - (iii) the date of registration of each approved first seller; and
 - (iv) particulars of any cancellations of registration under section 14 (4); and
 - (v) any other particulars that are prescribed; and
 - (c) a register to be called the register of declarations of compliance containing, in relation to each declaration of compliance registered under section 16—
 - (i) the full name and address of the declarant; and
 - (ii) a description of the prescribed article of electrical equipment to which the declaration relates; and
 - (iii) a description of the mark, stamp or label applicable to the article in accordance with section 19 (1); and
 - (iv) the date of registration of the declaration; and
 - (v) the period of registration of the declaration and of any renewal of that registration; and

R10 01/09/04

- (vi) if details of a modification have been given under an undertaking referred to in section 15 (3) (d)—those details; and
- (vii) particulars of any suspension or cancellation of registration under section 17; and
- (viii) any further particulars the registrar considers appropriate; and
- (d) a register to be called the register of approved testing laboratories that shall contain, in relation to each of the premises approved under section 20 as a testing laboratory for this Act—
 - (i) the name and address of the proprietor; and
 - (ii) the address of those premises; and
 - (iii) the date of approval.
- (2) Each register shall be available for public inspection during normal working hours and any person may inspect a register and may obtain copies of entries in a register.
 - *Note* A fee may be determined under s 64 (Determination of fees) for this section.

22 Examination and testing of articles

- (1) The construction occupations registrar may, from time to time, examine and test prescribed articles of electrical equipment for the purpose of determining whether or not those articles are safe to use.
- (2) For subsection (1), if a declaration of compliance has been registered under this Act or under the corresponding law of a State or another Territory, the construction occupations registrar may, by written notice given to the approved first seller, require the approved first seller, within the period specified in the notice—

- (a) to give the registrar a prescribed article of electrical equipment to which the declaration relates; or
- (b) if it is impracticable to provide such an article, to give the registrar reasonable access to such an article;

and to give the registrar any information in relation to the article specified in the notice.

(3) An approved first seller who, without reasonable excuse, refuses or fails to comply with a requirement of a notice given to the approved first seller under subsection (2) commits an offence.

Maximum penalty: 200 penalty units.

- (4) The construction occupations registrar must ensure that an article provided under subsection (1) is returned to the person who provided it within 2 months after it was provided.
- (5) If an article provided to the construction occupations registrar under subsection (1) is destroyed or damaged while it is in the possession of the registrar (other than destruction or damage that was necessary for the purpose of the examination and testing by the registrar of the article), the person who provided the article is entitled to the amount from the Territory that will reasonably compensate that person for the loss suffered by him or her as a result of that destruction or damage.

23 False representation

A person who falsely represents that a declaration of compliance is registered under this Act or the corresponding law of a State or another Territory commits an offence.

Maximum penalty: 200 penalty units.

24 Evidence of registration of declaration of compliance

In any proceedings for an offence against this part, a certificate purporting to be signed by or for the construction occupations registrar or the regulatory authority for a State or another Territory to the effect that at a particular time a declaration of compliance was or was not registered under this Act or the corresponding law of that State or Territory is evidence of the facts stated in the certificate. Section 25

Part 4 Non-prescribed articles of electrical equipment

25 Articles to which pt 4 applies

This part applies to articles of electrical equipment other than-

- (a) a prescribed article of electrical equipment; or
- (b) an article of electrical equipment that is prohibited; or
- (c) an article of electrical equipment used, or for use, in any part of the infrastructure used by an electricity distributor or retail supplier of electricity in connection with the distribution or supply of electricity to premises for consumption.

26 Minimum safety standards

- (1) A person who knows, or might reasonably be expected to know, that an article of electrical equipment does not comply with the relevant minimum safety standards must not—
 - (a) sell the article; or
 - (b) install the article in, or connect it to, an electrical installation.

Maximum penalty: 200 penalty units.

- (2) The relevant minimum safety standards for an article of electrical equipment of a particular type are—
 - (a) the minimum safety requirements for articles of that type under AS/NZS 3820, as in force from time to time; or
 - (b) if the regulations provide minimum safety standards for articles of that type—those standards.

page 22

27 Energy efficiency requirements

(1) A trader must not, without reasonable excuse, sell an article of electrical equipment unless the article complies with the relevant energy efficiency standard.

Maximum penalty: 50 penalty units.

(2) A trader must not, without reasonable excuse, sell an article of electrical equipment unless it is labelled with an energy efficiency label in accordance with the regulations.

Maximum penalty: 10 penalty units.

(3) A person must not attach an energy efficiency label to an article of electrical equipment unless, under the regulations, the article has the energy efficiency rating indicated by the label.

Maximum penalty: 30 penalty units.

(4) A person must not attach to an article of electrical equipment anything that falsely appears to be an energy efficiency label.

Maximum penalty: 30 penalty units.

- (5) The relevant energy efficiency standard for an article of electrical equipment of a particular type is—
 - (a) the energy efficiency standard (however described) for articles of that type under a corresponding law ascertained under the regulations; or
 - (b) if the regulations provide an energy efficiency standard for articles of that type—that standard.
- (6) The regulations may make provision in relation to the energy efficiency of articles of electrical equipment, including provision for—
 - (a) standards of energy efficiency; and
 - (b) the examination and testing of articles; and

Authorised by the ACT Parliamentary Counsel-also accessible at www.legislation.act.gov.au

- (c) labels and labelling for articles; and
- (d) the prescription or ascertainment of corresponding laws for this section.
- (7) Without limiting the operation of subsection (6), the regulations may make provision for a matter by reference to an instrument in force from time to time under a corresponding law.
- (8) This section does not apply to a second-hand article.

Part 5 Defective articles of electrical equipment

28 Prohibited articles

- (1) The planning and land authority may prepare a written notice prohibiting the sale or installation of articles of electrical equipment of a stated class.
- (2) The planning and land authority may act under subsection (1) only if satisfied on reasonable grounds that—
 - (a) articles of the class are, or are likely to become, unsafe to use because of their design or construction; and
 - (b) the use of an article of the class involves, or would involve, a risk of death or injury to a person or damage to property.
- (3) A notice under subsection (1) is a notifiable instrument.

Note A notifiable instrument must be notified under the *Legislation Act 2001*.

(4) The planning and land authority must also publish the notice in a daily newspaper circulating generally in the ACT.

29 Sale or installation of prohibited articles

A person who knows, or might reasonably be expected to know, that an article of electrical equipment is prohibited must not—

- (a) sell the article; or
- (b) install the article in, or connect it to, an electrical installation.

Maximum penalty: 200 penalty units.

Section 30

30 Directions about unsafe articles

- (1) This section applies if the planning and land authority believes on reasonable grounds that—
 - (a) a person (the *seller*) has for sale, or may have sold, an article of electrical equipment; and
 - (b) the article is prohibited, does not comply with the relevant standard or is, for any reason, unsafe.
- (2) The planning and land authority may give the seller a direction in writing to do all or any of the following:
 - (a) advertise, in a way stated in the direction, warnings approved by the authority about the risks associated with the use of the article;
 - (b) refrain from selling the article;
 - (c) recall an article sold, and—
 - (i) take action stated in the direction to make the article safe and compliant with the relevant standard; or
 - (ii) if it is not practicable to act in accordance with subparagraph (i) or the seller chooses not to take such action—refund to the buyer the purchase price of the article.
- (3) A direction to recall an article may require the seller to give written notice of the recall to people to whom the seller sold, or may have sold, an article to which the direction relates.

page 26

(4) A person must not, without reasonable excuse, contravene a direction given to the person under this section.

Maximum penalty (subsection (4)): 200 penalty units.

31 Publication of safety warnings

- (1) The planning and land authority may publish warnings or information to increase public awareness about risks associated with the use of articles of electrical equipment.
- (2) Without limiting the operation of subsection (1), the planning and land authority may publish statements containing advice about the use of—
 - (a) a prohibited article of electrical equipment; or
 - (b) an article of electrical equipment to which a declaration under section 30 (Directions about unsafe articles) applies.
- (3) No personal liability attaches to a person for an act or omission in good faith in relation to the performance, or purported performance, of a function under this section.
- (4) Subsection (3) does not affect any liability that the Territory would have, apart from the operation of subsection (3), in relation to the act or omission.

Part 6 Serious electrical accidents

Section 32

Part 6 Serious electrical accidents

32 Definitions for pt 6

In this part:

relevant distributor, in relation to a serious electrical accident, means the electricity distributor of the electricity involved in the accident.

serious electrical accident means an accident in which electricity causes, or contributes to—

- (a) the death or injury of a person; or
- (b) damage to property; or
- (c) a fire.

33 Reporting by occupiers and electrical contractors

- (1) The occupier of premises where a serious electrical accident occurs must tell the relevant distributor about the accident, by telephone, immediately after becoming aware of it.
- (2) If a serious electrical accident occurs in an electrical installation on which an electrical contractor is carrying out work, the contractor must tell the relevant distributor about the accident, by telephone, immediately after becoming aware of it.
- (3) A person must not, without reasonable excuse, contravene subsection (1) or (2).

Maximum penalty: 50 penalty units.

(4) Without limiting the operation of subsection (3), it is a reasonable excuse for a contravention of subsection (1) or (2) to believe on reasonable grounds that the relevant distributor had been told about the accident.

34 Reporting by electricity distributor

If a serious electrical accident occurs in connection with an electricity distributor's electricity network or in the distributor's distribution area, the distributor must not fail, without reasonable excuse, to tell the construction occupations registrar about the accident, by telephone, immediately after becoming aware of it.

Maximum penalty: 500 penalty units.

35 Interference with site of serious electrical accident

- (1) A person must not, without reasonable excuse, disturb or interfere with the site of a serious electrical accident before it has been inspected by an inspector except—
 - (a) to make it safe; or
 - (b) with the permission of an inspector.

Maximum penalty: 50 penalty units, imprisonment for 6 months or both.

- (2) Subsection (1) does not apply to a disturbance or interference by the person—
 - (a) except if paragraph (b) applies—more than 24 hours after the accident; or
 - (b) if, within the 24 hours, the construction occupations registrar extends the period and tells the person of the extension—after the extended period expires.

36 Publication of report of serious electrical accident

- (1) The planning and land authority may publish a report about a serious electrical accident in the interest of public safety.
- (2) No personal liability attaches to a person for an act or omission in good faith in relation to the performance, or purported performance, of a function under this section.

Part 6 Serious electrical accidents

Section 36

(3) Subsection (2) does not affect any liability that the Territory would have, apart from the operation of subsection (2), in relation to the act or omission.

Part 7 Enforcement

Division 7.1 General

37 Definition of *business premises*

In this part:

business premises means premises where a business, trade, profession or calling is carried on, other than a part used for residential purposes.

38 Things connected with offences

- (1) For this part, a thing is *connected with* a particular offence if—
 - (a) the offence has been committed in relation to it; or
 - (b) it will afford evidence of the commission of the offence; or
 - (c) it was used, is being used, or is intended to be used, for the purpose of committing the offence.
- (2) A reference in this part to an *offence* includes an offence that there are reasonable grounds for believing has been, is being, or will be committed.

39 Planning and land authority may require information and documents

- (1) If the planning and land authority is satisfied that a person is capable of providing information or producing a document that the authority reasonably requires for this Act, the authority may, by written notice given to the person, require the person—
 - (a) to give the information to the authority in writing signed by the person or, for a corporation, by an officer of the corporation; or
 - (b) to produce the document to the authority.

R10	Electricity Safety Act 1971	page 31
01/09/04	Effective: 01/09/04-01/09/04	

- (2) The notice must state—
 - (a) the place where the information or document is to be given or produced to the planning and land authority; and
 - (b) the time when, or the period within which, the information or document is to be given or produced.
- (3) If a document is produced in accordance with a requirement under subsection (1), the planning and land authority
 - (a) may—
 - (i) take possession of, and may make a copy of, or take extracts from, the document; and
 - (ii) retain possession of the document for the period necessary for this Act; and
 - (b) must, during that period, allow a person who would be entitled to inspect the document, if it was not in the possession of the authority, to inspect the document at any reasonable time.

40 Contravention of requirement by planning and land authority

A person must not, without reasonable excuse, contravene a requirement under section 39.

Maximum penalty: 50 penalty units, imprisonment for 6 months or both.

41 Appointment of inspectors

(1) The construction occupations registrar may, in writing, appoint a person to be an *inspector* for this Act.

Note A reference to an Act includes a reference to-

- (a) a provision of the Act (see *Legislation Act 2001*, s 7 (3)); and
- (b) the statutory instruments made or in force under the Act, including regulations (see *Legislation Act 2001*, s 104).

page 32

R10 01/09/04

Part 7	Enforcement
Division 7.1	General
Section 42	

- (2) An inspector must exercise his or her functions under this Act in accordance with the conditions of appointment and any direction given to the inspector by the construction occupations registrar.
- (3) A person must not be appointed under subsection (1) unless—
 - (a) the person is an Australian citizen or a permanent resident of Australia; and
 - (b) the construction occupations registrar has certified in writing that, after appropriate inquiry, the registrar is satisfied that the person is a suitable person to be authorised, having regard in particular to—
 - (i) whether the person has any criminal convictions; and
 - (ii) the person's employment record; and
 - (c) the registrar has certified in writing that the registrar is satisfied that the person—
 - (i) has satisfactorily completed adequate training; and
 - (ii) is competent;

to exercise the powers of an inspector proposed to be given to the person.

42 Identity cards

- (1) The construction occupations registrar must give each inspector an identity card that specifies the inspector's name and appointment as an inspector, and on which appears a recent photograph of the inspector.
- (2) A person must, within 7 days after ceasing to be an inspector, return the identity card to the construction occupations registrar.

Maximum penalty (subsection (2)): 1 penalty unit.

Division 7.2 Inspectors' powers

43 General power to enter premises

- (1) For this Act, an inspector may—
 - (a) enter any premises at any time with the consent of the occupier; or
 - (b) enter premises when open to the public; or
 - (c) enter business premises during business hours at the premises; or
 - (d) enter premises in accordance with a warrant under this division.
- (2) An inspector may, without the occupier's consent or a warrant, enter the land around premises to ask the occupier for consent to enter the premises.

44 Production of identity card

An inspector may not remain on premises entered under this part if, on request by the occupier, the inspector does not produce his or her identity card.

45 Consent to entry

- (1) When seeking the consent of an occupier for entering premises under this part an inspector must—
 - (a) produce his or her identity card; and
 - (b) tell the occupier—
 - (i) the purpose of the entry; and
 - (ii) that anything found and seized under this part may be used in evidence in court; and
 - (iii) that consent may be refused.

page 34

R10 01/09/04

- (2) If the occupier consents, the inspector must ask the occupier to sign a written acknowledgment—
 - (a) that the occupier was told—
 - (i) the purpose of the entry; and
 - (ii) that anything found and seized under this part may be used in evidence in court; and
 - (iii) that consent may be refused; and
 - (b) that the occupier consented to the entry; and
 - (c) stating the time, and day, when consent was given.
- (3) If the occupier signs an acknowledgment of consent, the inspector must immediately give a copy to the occupier.
- (4) Unless the contrary is proven, a court must presume that an occupier of premises did not consent to an entry to the premises by an inspector under this part if—
 - (a) the question whether the occupier consented to the entry arises in proceedings in the court; and
 - (b) an acknowledgment under this section is not produced in evidence for the entry; and
 - (c) it is not proved that the occupier consented to the entry.

46 Warrants

- (1) An inspector may apply to a magistrate for a warrant to enter premises.
- (2) The application must be sworn and state the grounds on which the warrant is sought.
- (3) The magistrate may refuse to consider the application until the inspector gives the magistrate all the information the magistrate requires about the application in the way the magistrate requires.

page 35

Part 7	Enforcement
Division 7.2	Inspectors' powers
Section 47	

- (4) The magistrate may issue a warrant only if satisfied there are reasonable grounds for suspecting—
 - (a) there is a particular thing or activity (the *evidence*) connected with an offence against this Act; and
 - (b) the evidence is, or may be within the next 14 days, at the premises.
- (5) The warrant must state—
 - (a) that an inspector may, with necessary help and force, enter the premises and exercise the inspector's powers under this part; and
 - (b) the offence for which the warrant is sought; and
 - (c) the evidence that may be seized under the warrant; and
 - (d) the hours when the premises may be entered; and
 - (e) the date, within 14 days after the warrant's issue, the warrant ends.

47 Warrants—application made other than in person

- (1) An inspector may apply for a warrant by phone, fax, radio or other form of communication if the inspector considers it necessary because of—
 - (a) urgent circumstances; or
 - (b) other special circumstances.
- (2) Before applying for the warrant, the inspector must prepare an application stating the grounds on which the warrant is sought.
- (3) The inspector may apply for the warrant before the application is sworn.
- (4) After issuing the warrant, the magistrate must immediately fax a copy to the inspector if it is reasonably practicable to do so.

page 36

R10 01/09/04

- (5) If it is not reasonably practicable to fax a copy to the inspector—
 - (a) the magistrate must—
 - (i) tell the inspector what the terms of the warrant are; and
 - (ii) tell the inspector the date and time the warrant was issued; and
 - (b) the inspector must complete a form of warrant (warrant form) and write on it—
 - (i) the magistrate's name; and
 - (ii) the date and time the magistrate issued the warrant; and
 - (iii) the warrant's terms.
- (6) The facsimile warrant, or the warrant form properly completed by the inspector, authorises the entry and the exercise of the inspector's powers under this part.
- (7) The inspector must, at the first reasonable opportunity, send the magistrate—
 - (a) the sworn application; and
 - (b) if the inspector completed a warrant form—the completed warrant form.
- (8) On receiving the documents, the magistrate must attach them to the warrant.
- (9) Unless the contrary is proven, a court must presume that a power exercised by an inspector was not authorised by a warrant under this section if—
 - (a) the question arises in a proceeding before the court whether the exercise of power was authorised by a warrant; and
 - (b) the warrant is not produced in evidence.

page 37

48 **Powers on entry to premises**

- (1) An inspector who enters premises under this part may, for this Act—
 - (a) inspect, measure, photograph or film the premises or anything on the premises; or
 - (b) copy a document on the premises; or
 - (c) test or take samples of or from anything on the premises; or
 - (d) take into the premises any people, equipment or material the inspector reasonably needs for exercising a power under this Act; or
 - (e) require the occupier, or a person on the premises, to give the inspector reasonable help to exercise a power under this Act.
- (2) Without limiting the operation of subsection (1), an inspector who enters premises under this part may—
 - (a) check whether an article of electrical equipment or electrical installation on the premises—
 - (i) is safe; or
 - (ii) complies with a relevant standard; or
 - (iii) is prohibited; or
 - (b) check whether electrical wiring work—
 - (i) is safe; or
 - (ii) has been, or is being, done in accordance with this Act.
- (3) A person must not, without reasonable excuse, contravene a requirement under subsection (1) (e).

Maximum penalty (subsection (3)): 50 penalty units.

page 38

R10 01/09/04

49 **Powers in relation to serious electrical accidents**

- (1) This section applies if an inspector believes on reasonable grounds that a serious electrical accident has occurred on premises.
- (2) The inspector may enter the premises at any reasonable time to investigate the accident, ensure the premises are safe and prevent the concealment, loss or destruction of anything reasonably relevant to the investigation.
- (3) The inspector may do anything necessary and reasonable for a purpose mentioned in subsection (2).
- (4) If an inspector acts under this section in the absence of the occupier, the inspector must, when leaving the premises, leave a written notice, secured in a conspicuous place, setting out—
 - (a) the inspector's name; and
 - (b) the time and date of the entry; and
 - (c) the purpose of the entry; and
 - (d) particulars of how to contact the inspector.
- (5) The power to enter premises under this section is additional to the powers under section 43 (General power to enter premises).

50 Powers in relation to unsafe articles of electrical equipment

- (1) This section applies if an inspector believes on reasonable grounds that—
 - (a) a person has an article of electrical equipment for—
 - (i) sale; or
 - (ii) installation in, or connection to, an electrical installation; and

- (b) the article does not comply with the relevant standard or is unsafe.
- (2) The inspector may give the person a direction in writing to refrain from—
 - (a) selling the article; or
 - (b) installing the article in, or connecting it to, an electrical installation;

unless it is made safe and compliant with the relevant standard.

(3) A person must not, without reasonable excuse, contravene a direction given to the person under this section.

Maximum penalty (subsection (3)): 50 penalty units, imprisonment for 6 months or both.

51 Disconnecting etc dangerous electrical equipment and installations

- (1) An inspector who enters premises under this part and finds an article of electrical equipment, or an electrical installation, that the inspector believes on reasonable grounds is a source of danger, may—
 - (a) label the article conspicuously to indicate the danger and prohibit use of the article until it has been repaired or otherwise rendered safe for use; or
 - (b) disconnect the installation.
- (2) A person must not—
 - (a) use an article of electrical equipment labelled under subsection (1) until the article has been repaired or otherwise rendered safe to use; or

R10 01/09/04 (b) without reasonable excuse, remove or interfere with such a label.

Maximum penalty (subsection (2)): 50 penalty units, imprisonment for 6 months or both.

52 Power to require name and address

- (1) An inspector may require a person to state the person's name and address if the inspector—
 - (a) finds a person committing an offence against this Act; or
 - (b) has reasonable grounds for believing that a person has committed an offence against this Act.
- (2) In exercising a power under subsection (1), an inspector must—
 - (a) inform the person of the reasons for the requirement; and
 - (b) as soon as practicable after informing the person of the reasons, record those reasons.
- (3) A person is not required to comply with a requirement under subsection (1) if, on request by the person, the inspector does not produce his or her identity card.
- (4) Subject to this section, a person must not, without reasonable excuse, contravene a requirement under subsection (1).

Maximum penalty (subsection (4)): 5 penalty units.

53 Power to seize evidence

- (1) An inspector who enters premises with a warrant under this part may seize the evidence for which the warrant was issued.
- (2) An inspector who enters premises under this part with the consent of the occupier may seize a thing on the premises if—
 - (a) the inspector is satisfied the thing is connected with an offence against this Act; and

- (b) seizure of the thing is consistent with the purpose of the entry as told to the occupier in seeking the occupier's consent.
- (3) An inspector may also seize another thing on premises entered under this part if the inspector is satisfied—
 - (a) the thing is connected with an offence against this Act; and
 - (b) the seizure is necessary to prevent the thing being—
 - (i) concealed, lost or destroyed; or
 - (ii) used to commit, continue or repeat the offence.
- (4) Having seized a thing, an inspector may—
 - (a) remove the thing from the premises where it was seized (the *place of seizure*) to another place; or
 - (b) leave the thing at the place of seizure but restrict access to it.
- (5) A person must not, without the construction occupations registrar's approval, interfere with a thing to which access has been restricted under subsection (4).

Maximum penalty (subsection (5)): 50 penalty units, imprisonment for 6 months or both.

54 Receipt for things seized

- (1) As soon as practicable after a thing is seized by an inspector under this part, the inspector must give a receipt for it to the person from whom it was seized.
- (2) If, for any reason, it is not practicable to comply with subsection (1), the inspector must leave the receipt, secured conspicuously at the place of seizure.

55 Access to things seized

A person who would, apart from the seizure, be entitled to a thing seized under this part may—

page 42

R10 01/09/04

 $\label{eq:action} \mbox{Authorised by the ACT Parliamentary Counsel-also accessible at www.legislation.act.gov.au$

- (a) inspect it; and
- (b) if it is a document—take extracts from it or make copies of it.

56 Return of things seized

- (1) A thing seized under this part must be returned to its owner, or reasonable compensation must be paid to the owner by the Territory for the loss of the thing, if—
 - (a) a prosecution for an offence relating to the thing is not instituted within 90 days of the seizure; or
 - (b) the court does not find the offence proved in a prosecution for an offence relating to the thing.
- (2) A thing seized under this part is forfeited to the Territory if a court—
 - (a) finds an offence relating to the thing to be proved; and
 - (b) orders the forfeiture.
- (3) If subsection (2) (a) applies, but a court does not order forfeiture of the thing seized, the construction occupations registrar must return the thing to its owner or the Territory must pay reasonable compensation to the owner for the loss of the thing.

57 Power to inspect electrical wiring work

- (1) An inspector may enter and remain on premises to conduct a test or inspection required under part 2 (Electrical wiring work) in relation to an electrical installation or electrical wiring work.
- (2) An inspector may enter and remain on the premises under subsection (1)—
 - (a) at any reasonable time; and
 - (b) with the people, equipment or material that the inspector reasonably needs to conduct the test or inspection.

- (3) However, the inspector may not, under this section—
 - (a) enter or remain on premises if, on request by the occupier, the inspector does not produce his or her identity card; or
 - (b) without the consent of the occupier, enter or remain on any part of the premises used for residential purposes.
- (4) The power to enter premises under this section is additional to the powers under section 43 (General power to enter premises).

Division 7.3 Miscellaneous

58 Selfincrimination etc

- (1) A person is not excused from providing information or producing a document when required to do so under this part on the ground that the information or document might tend to incriminate the person.
- (2) However-
 - (a) the provision of the information or document; or
 - (b) any information, document or thing obtained as a direct or indirect consequence of providing the information or document;

is not admissible in evidence against the person in criminal proceedings.

- (3) Subsection (2) does not apply to proceedings for—
 - (a) an offence against this part; or
 - (b) any other offence in relation to the falsity of the information or document.
 - *Note 1* A reference to an offence against a Territory law includes a reference to a related ancillary offence, eg attempt (see *Legislation Act 2001*, s 189).
 - *Note 2* The *Legislation Act 2001*, s 171 deals with the application of client legal privilege.

page 44

R10 01/09/04

59 Damage etc to be minimised

- (1) In the exercise, or purported exercise, of a function under this part, an inspector must take all reasonable steps to ensure that he or she, and any person assisting the inspector, causes as little inconvenience, detriment and damage as is practicable.
- (2) If an inspector, or a person assisting an inspector, damages anything in the exercise or purported exercise of a function under this part, the inspector must give written notice of the particulars of the damage to the person whom the inspector believes on reasonable grounds is the owner of the thing.
- (3) If the damage occurs on premises entered under this part in the absence of the occupier, the notice may be given by securing it in a conspicuous place on the premises.

60 Compensation

- (1) A person may claim reasonable compensation from the Territory if the person suffers loss or expense because of the exercise, or purported exercise, of a function under this part by an inspector or a person assisting an inspector.
- (2) Compensation may be claimed and ordered in a proceeding for—
 - (a) compensation brought in a court of competent jurisdiction; or
 - (b) an offence against this Act brought against the person making the claim for compensation.
- (3) A court may order the payment of reasonable compensation for the loss or expense only if it is satisfied it is just to make the order in the circumstances of the particular case.
- (4) The regulations may prescribe matters that may, must or must not be taken into account by the court in considering whether it is just to make the order.

Part 8 Appeals

Section 61

Part 8 Appeals

61 Review of decisions

- (1) Application may be made to the administrative appeals tribunal for a review of the following decisions of the planning and land authority:
 - (a) under section 11 (1) (a) declaring that an article of electrical equipment is a prescribed article of electrical equipment for part 3;
 - (b) under section 11 (1) (b) declaring that a stated class of articles of electrical equipment is a prescribed class of articles of electrical equipment for part 3;
 - (c) under section 20 (1) refusing to approve premises as a testing laboratory;
 - (d) under section 20 (2) cancelling the approval of premises as a testing laboratory;
 - (e) under section 28 prohibiting the sale or installation of articles of electrical equipment of a stated class.
- (2) Application may be made to the administrative appeals tribunal for a review of the following decisions of the registrar:
 - (a) under section 14 (3) refusing to register a person as an approved first seller;
 - (b) under section 14 (4) cancelling the registration of an approved first seller;
 - (c) under section 16 (1) refusing to register a declaration of compliance;
 - (d) under section 16 (3) determining the period of registration of a declaration of compliance;

64 Determination of fees

- (1) The Minister may, in writing, determine fees for this Act.
 - *Note* The *Legislation Act 2001* contains provisions about the making of determinations and regulations relating to fees (see pt 6.3).
- (2) A determination is a disallowable instrument.
 - *Note* A disallowable instrument must be notified, and presented to the Legislative Assembly, under the *Legislation Act 2001*.

65 Approved forms

- (1) The construction occupations registrar may, in writing, approve forms for this Act.
- (2) If the construction occupations registrar approves a form for a particular purpose, the approved form must be used for that purpose.
- (3) An approved form is a notifiable instrument.

Note A notifiable instrument must be notified under the *Legislation Act 2001*.

66 Regulation-making power

The Executive may make regulations for this Act.

Note Regulations must be notified, and presented to the Legislative Assembly, under the *Legislation Act 2001*.

67 New regulations

- (1) The provisions set out in the *Construction Occupations Legislation Amendment Act 2004*, schedule 3 are taken, on the commencement of this section, to be regulations made under this Act, section 66 (Regulation-making power).
- (2) To remove any doubt and without limiting subsection (1), the provisions set out in the *Construction Occupations Legislation Amendment Act 2004*, schedule 3 may be amended or repealed as if they had been made as regulations by the Executive under this Act, section 66.

Dictionary

(see s 3)

- *Note 1* The Legislation Act contains definitions and other provisions relevant to this Act.
- *Note 2* For example, the Legislation Act, dict, pt 1, defines the following terms:
 - under
 - function.

article of electrical equipment means—

- (a) a wire, cable, fitting, meter, insulator, switchboard, or apparatus designed or intended for use in an electrical installation; and
- (b) an appliance, fitting or apparatus operated by electricity and the cable and other things required for its connection to an electrical installation.

AS/NZS 3000 means Australian/New Zealand Standard 3000 (Wiring Rules) as in force from time to time.

AS/NZS 3017 means Australian/New Zealand Standard 3017 (Electrical installations—testing and inspection guidelines) as in force from time to time.

AS/NZS 3820 means Australian/New Zealand Standards 3820 (Essential safety requirements for low voltage electrical equipment) as in force from time to time.

electrical installation—

- (a) means electrical wiring or cable used or for use in carrying or controlling electricity (other than electricity with a voltage of not more than 50V a.c. or 120V ripple-free d.c.); and
- (b) includes—
 - (i) a wiring system, switchgear, control gear, electrical accessory, electrical appliance, or fitting, that is used or

for use in the conversion, storage, transmission, distribution or use of electrical energy and connected to wiring or cable; and

- (ii) a switch, fuse, plug, socket outlet, lighting outlet, adaptor, ceiling rose or other device associated with wiring, a switchboard, or an appliance, mentioned in subparagraph (i); and
- (iii) a consuming device in which electricity is converted into heat, motion or another form of energy, or is substantially changed in its electrical character; and
- (iv) support for electrical wiring or cable; but
- (c) does not include—
 - (i) a generator or storage device supplying, or for the supply of, electricity to the installation; or
 - (ii) an appliance that receives, or is intended to receive, its main electricity supply through a socket connection; or
 - (iii) a lamp; or
 - (iv) an electricity network or part of a network; or
 - (v) telecommunications cabling or equipment that operates or is intended to operate at a voltage of 90V a.c. or lower.

electrical wiring work—

- (a) means the installation, replacement, augmentation, curtailing, maintenance, repair, or alteration of the location of all or part of, an electrical installation, other than—
 - (i) an electrical installation that operates at extra low voltage; or
 - (ii) telecommunications cabling or equipment that operates at a voltage not greater than 90V a.c.; but
- (b) does not include—

page 52

R10 01/09/04

- (i) plugging a plug into a socket outlet, or unplugging it; or
- (ii) fitting a lamp to a lighting outlet or removing it; or
- (iii) fitting, removing or replacing a fuse or fuse wire if the fuse or wire cannot sustainedly conduct more than 30A.

electricity distributor—see the Utilities Act 2000, dictionary.

electricity network—see the *Utilities Act 2000*, section 7 (Electricity network).

inspector—see section 41 (Appointment of inspectors).

occupier, of premises, includes—

- (a) a person believed on reasonable grounds to be an occupier of the premises; and
- (b) a person apparently in charge of the premises.

premises means a building, structure or place (whether built on or not and whether enclosed or not), and includes an aircraft, a vessel and a vehicle.

prescribed article of electrical equipment means—

- (a) an article of electrical equipment to which a declaration under section 11 (1) applies; or
- (b) an article of electrical equipment to which an order under the *Electricity Safety Act 1945* (NSW), section 21 applies, other than an article to which a declaration under section 11 (4) applies.

prohibited, in relation to an article of electrical equipment—see section 28 (Prohibited articles).

regulatory authority, for a State or another Territory, means-

- (a) for New South Wales—the Department of Fair Trading; or
- (b) for Victoria—the Office of the Chief Electrical Inspector; or

- (c) for Queensland—the Department of Mines and Energy; or
- (d) for South Australia—the Office of Energy Policy; or
- (e) for Western Australia—the Office of Energy; or
- (f) for Tasmania—the Office of Energy Planning and Conservation; or
- (g) for the Northern Territory—the Department of Industries and Business; or
- (h) any other office or body declared by the regulations to be a regulatory authority.

relevant standard—

- (a) for a prescribed article of electrical equipment—means a relevant safety standard under part 3 (see s 9); and
- (b) for an article of electrical equipment to which part 4 (Non-prescribed articles of electrical equipment) applies—see section 26 (Minimum safety standards).

sell includes-

- (a) barter or exchange; and
- (b) let on hire; and
- (c) offer, expose or advertise for sale, barter, exchange or letting on hire.

serious electrical accident—see section 32 (Definitions for pt 6).

About the endnotes

Amending and modifying laws are annotated in the legislation history and the amendment history. Current modifications are not included in the republished law but are set out in the endnotes.

Not all editorial amendments made under the *Legislation Act 2001*, part 11.3 are annotated in the amendment history. Full details of any amendments can be obtained from the Parliamentary Counsel's Office.

Uncommenced amending laws and expiries are listed in the legislation history and the amendment history. These details are underlined. Uncommenced provisions and amendments are not included in the republished law but are set out in the last endnote.

If all the provisions of the law have been renumbered, a table of renumbered provisions gives details of previous and current numbering.

The endnotes also include a table of earlier republications.

3 Legislation history

3 Legislation history

This Act was originally a Commonwealth ordinance—the *Electricity* Ordinance 1971 No 30 (Cwlth).

The Australian Capital Territory (Self-Government) Act 1988 (Cwlth), s 34 (4) converted most former Commonwealth ordinances in force in the ACT into ACT enactments. This allowed the ACT Legislative Assembly to amend and repeal the laws. This Act was converted into an ACT enactment on 11 May 1989 (self-government day).

As with most ordinances in force in the ACT, the name was changed from *Ordinance* to *Act* by the *Self-Government (Citation of Laws) Act 1989* No 21, s 5 on 11 May 1989 (self-government day).

The Act was renamed as the *Electricity Safety Act 1971* by the *Utilities (Consequential Provisions) Act 2000* No 66 (see sch 1 pt 4).

Before 11 May 1989, ordinances commenced on their notification day unless otherwise stated (see *Seat of Government (Administration) Act 1910* (Cwlth), s 12).

After 11 May 1989 and before 10 November 1999, Acts commenced on their notification day unless otherwise stated (see *Australian Capital Territory* (*Self-Government*) *Act 1988* (Cwlth) s 25).

Earlier republications

Some earlier republications were not numbered. The number in column 1 refers to the publication order.

Since 12 September 2001 every authorised republication has been published in electronic pdf format on the ACT legislation register. A selection of authorised republications have also been published in printed format. These republications are marked with an asterisk (*) in column 1. Except for the footer, electronic and printed versions of an authorised republication are identical.
