About this republication

The republished law

This is a republication of the *Electricity Safety Act 1971* (including any amendment made under the *Legislation Act 2001*, part 11.3 (Editorial changes)) as in force on 6 March 2014. It also includes any commencement, amendment, repeal or expiry affecting this republished law to 6 March 2014.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at www.legislation.act.gov.au):

- authorised republications to which the *Legislation Act 2001* applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

Editorial changes

The *Legislation Act 2001*, part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see *Legislation Act 2001*, s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication includes amendments made under part 11.3 (see endnote 1).

Uncommenced provisions and amendments

If a provision of the republished law has not commenced, the symbol **U** appears immediately before the provision heading. Any uncommenced amendments that affect this republished law are accessible on the ACT legislation register (www.legislation.act.gov.au). For more information, see the home page for this law on the register.

Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see the *Legislation Act 2001*, section 95.

Penalties

At the republication date, the value of a penalty unit for an offence against this law is \$140 for an individual and \$700 for a corporation (see *Legislation Act 2001*, s 133).

Electricity Safety Act 1971

An Act relating to the safe use of electricity, and for other purposes

Part 1 Preliminary

1 Name of Act

This Act is the *Electricity Safety Act 1971*.

2 Dictionary

The dictionary at the end of this Act is part of this Act.

Note 1 The dictionary at the end of this Act defines certain terms used in this Act, and includes references (*signpost definitions*) to other terms defined elsewhere.

For example, the signpost definition ‘*electricity distributor*—see the [Utilities Act 2000](#), dictionary.’ means that the term ‘electricity distributor’ is defined in that Act and the definition applies to this Act.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see [Legislation Act](#), s 155 and s 156 (1)).

3 Notes

A note included in this Act is explanatory and is not part of this Act.

Note See the [Legislation Act](#), s 127 (1), (4) and (5) for the legal status of notes.

3A Offences against Act—application of Criminal Code etc

Other legislation applies in relation to offences against this Act.

Note 1 Criminal Code

The [Criminal Code](#), ch 2 applies to all offences against this Act (see Code, pt 2.1).

The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences), and defines terms used for offences to which the Code applies (eg *conduct*, *intention*, *recklessness* and *strict liability*).

Note 2 Penalty units

The [Legislation Act](#), s 133 deals with the meaning of offence penalties that are expressed in penalty units.

Part 2 Electrical wiring work and electrical installations

4 Connecting electrical installations to network—inspections

- (1) A person commits an offence if—
 - (a) the person connects a new electrical installation to an electricity network; and
 - (b) the installation has not been inspected, tested and passed by an inspector.

Maximum penalty: 50 penalty units, imprisonment for 6 months or both.

- (2) This section does not apply in circumstances prescribed by regulation.

5 Compliance with AS/NZS 3000

- (1) A person commits an offence if—
 - (a) the person carries out electrical wiring work; and
 - (b) the work does not comply with AS/NZS 3000 as in force—
 - (i) when the work is completed; or
 - (ii) if the work is not completed—when the work is carried out.

Maximum penalty: 50 penalty units.

- (2) An offence against this section is a strict liability offence.
- (3) This section does not apply to—
 - (a) electrical wiring work that consists only of—

- (i) the disconnection of an appliance or a fitting; or

 - (iii) the replacement of an appliance or a fitting if the electrical load is not increased; or
 - (b) electrical wiring work prescribed by regulation; or
 - (c) electrical wiring work carried out in circumstances prescribed by regulation.
- (4) In this section:
fitting means a switch, lighting point or socket outlet.

6 Testing and reporting of electrical work

- (1) A person who carries out electrical wiring work commits an offence if—
- (a) the person does not ensure that the work—
 - (i) is tested in accordance with AS/NZS 3017 as in force when the test is carried out; and
 - (ii) complies with AS/NZS 3000 when the test is carried out; or
 - (b) within 14 days after the day the test is carried out, the person does not give the construction occupations registrar, or the owner of the installation for which the work was done, a report of the test in a form approved by the registrar under section 65.

Maximum penalty: 5 penalty units.

- (2) Subsection (1) does not apply to—
- (a) electrical wiring work prescribed by regulation; or
 - (b) electrical wiring work carried out in circumstances prescribed by regulation.

Examples if regulation made for s 27—applicable law

- 1 The ACT makes a regulation under s 27 about 2 articles of electrical equipment that are not the subject of Ministerial determinations (***GEMS determinations***). The ACT law is the applicable law about those articles.
- 2 The ACT makes a regulation under s 27 about an article of electrical equipment that is the subject of a GEMS determination. The ACT requires ‘5 star’ efficiency for that article, while the GEMS determination provides for ‘4 star’ efficiency. Even though the ACT law appears to be inconsistent with the GEMS determination, the 5 star standard must be met, as the 5 star article would comply simultaneously with both the ACT law and the Commonwealth law.

Note 1 The [Greenhouse and Energy Minimum Standards Act 2012](#) (Cwlth) (the ***Commonwealth Act***) applies greenhouse and energy minimum standards (***GEMS***) in association with the supply and commercial use of products that use energy, or affect the energy used by another product. These standards are provided for by requirements in GEMS determinations.

Section 27 only operates if a regulation is made for it, and s 27 and the regulation are consistent with the Commonwealth Act and able to operate concurrently with it (see [Self-Government Act](#), s 28 and [Commonwealth Act](#), s 9).

Note 2 An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see [Legislation Act](#), s 126 and s 132).

3 Legislation history

This Act was originally a Commonwealth ordinance—the *Electricity Ordinance 1971* No 30 (Cwlth).

The *Australian Capital Territory (Self-Government) Act 1988* (Cwlth), s 34 (4) converted most former Commonwealth ordinances in force in the ACT into ACT enactments. This allowed the ACT Legislative Assembly to amend and repeal the laws. This Act was converted into an ACT enactment on 11 May 1989 (self-government day).

As with most ordinances in force in the ACT, the name was changed from *Ordinance* to *Act* by the *Self-Government (Citation of Laws) Act 1989* A1989-21, s 5 on 11 May 1989 (self-government day).

The Act was renamed as the *Electricity Safety Act 1971* by the *Utilities (Consequential Provisions) Act 2000* A2000-66 (see sch 1 pt 4).

Before 11 May 1989, ordinances commenced on their notification day unless otherwise stated (see *Seat of Government (Administration) Act 1910* (Cwlth), s 12).

After 11 May 1989 and before 10 November 1999, Acts commenced on their notification day unless otherwise stated (see *Australian Capital Territory (Self-Government) Act 1988* (Cwlth) s 25).
