About this republication

The republished law

This is a republication of the *Financial Management Act 1996* (including any amendment made under the [Legislation Act 2001](#), part 11.3 (Editorial changes)) as in force on 14 November 2017. It also includes any commencement, amendment, repeal or expiry affecting this republished law to 14 November 2017.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at www.legislation.act.gov.au):

- authorised republications to which the [Legislation Act 2001](#) applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

Editorial changes

The [Legislation Act 2001](#), part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see [Legislation Act 2001](#), s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication includes amendments made under part 11.3 (see endnote 1).

Uncommenced provisions and amendments

If a provision of the republished law has not commenced, the symbol **U** appears immediately before the provision heading. Any uncommenced amendments that affect this republished law are accessible on the ACT legislation register (www.legislation.act.gov.au). For more information, see the home page for this law on the register.

Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see the [Legislation Act 2001](#), section 95.

Penalties

At the republication date, the value of a penalty unit for an offence against this law is \$150 for an individual and \$750 for a corporation (see [Legislation Act 2001](#), s 133).

Financial Management Act 1996

An Act to provide for the financial management of the government of the Territory, to provide for the scrutiny of that management by the Legislative Assembly, to specify financial reporting requirements for the government of the Territory, and for related purposes

Part 1 Preliminary

1 Name of Act

This Act is the *Financial Management Act 1996*.

2 Act subject to Territory Superannuation Provision Protection Act

This Act is subject to the *Territory Superannuation Provision Protection Act 2000*.

3 Dictionary

The dictionary at the end of this Act is part of this Act.

Note 1 The dictionary at the end of this Act defines certain terms used in the Act, and includes references (*signpost definitions*) to other terms defined elsewhere in this Act or in other legislation.

For example, the signpost definition ‘*superannuation appropriation*—see the *Territory Superannuation Provision Protection Act 2000*, dictionary.’ means that the term ‘superannuation appropriation’ is defined in that dictionary and the definition applies to this Act.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see *Legislation Act*, s 155 and s 156).

3A Notes

A note included in this Act is explanatory and is not part of the Act.

Note See the *Legislation Act*, s 127 (1), (4) and (5) for the legal status of notes.

3B Declaration that certain bodies are not territory authorities for Act

- (1) The Treasurer may declare that a stated body is not a territory authority for this Act or a stated provision of this Act.
- (2) A declaration is a notifiable instrument.

Note A notifiable instrument must be notified under the [Legislation Act](#).

4 Application of pts 2 to 5—Office of the Legislative Assembly and officers of the Assembly

- (1) Unless the contrary intention appears, the provisions of parts 2 to 5 apply to—
 - (a) the Office of the Legislative Assembly as if—
 - (i) a reference in those provisions to a directorate included a reference to the office; and
 - (ii) a reference in those provisions to the responsible Minister of a directorate were a reference to the Speaker; and
 - (iii) a reference in those provisions to the responsible director-general of a directorate included a reference to the clerk of the Legislative Assembly; and
 - (b) an officer of the Assembly as if—
 - (i) a reference in those provisions to a directorate included a reference to the officer; and
 - (ii) a reference in those provisions to the responsible Minister of a directorate were a reference to the Legislative Assembly; and
 - (iii) a reference in those provisions to the responsible director-general of a directorate included a reference to the officer.

- (2) Division 3.2 (Financial reports and performance statements of directorates) applies to the auditor-general as if a reference in that division to the auditor-general were a reference to the independent auditor engaged under the *Auditor-General Act 1996*, section 31 (Independent auditor).

Note Div 3.2, s 30A and s 30E do not apply to the auditor-general (see s 30A (3) and s 30E (4)).

- (3) For section 20AB and section 20AC, a reference to an *officer of the Assembly*, in relation to the electoral commissioner, includes the other members of the electoral commission.

Note The electoral commissioner is an *officer of the Assembly* (see *Legislation Act*, dict, pt 1). All members of the electoral commission are independent officers of the Legislative Assembly (see *Electoral Act 1992*, s 6A).

- (4) Section 31 (2) (c) does not apply to—
- (a) the Office of the Legislative Assembly; and
 - (b) an officer of the Assembly.

Part 2 Budget management

Division 2.1 Appropriations and budgets

5 Timing of first Appropriation Bill for financial year

Except as otherwise provided by a resolution of the Legislative Assembly, the first Appropriation Bill relating to a financial year must be introduced into the Legislative Assembly not later than 3 months after the beginning of the financial year.

6 Necessity for appropriation

No payment of public money must be made otherwise than in accordance with an appropriation.

7 Payments authorised on lapse of appropriation

- (1) If, before the end of a financial year, no Act other than this Act has been passed appropriating public money to meet the requirements of the next financial year, the Treasurer may pay the amounts necessary to meet those requirements subject to the following provisions:
- (a) the authority of the Treasurer under this section ceases on the commencement of the first Appropriation Act for the next financial year;
 - (b) on that commencement all payments made under this section for the next financial year are taken for all purposes to have been paid out of money appropriated by that Act;
 - (c) the payments made under this section for any purpose must not exceed, in total, $\frac{1}{2}$ of the amount appropriated by Appropriation Acts for the immediately previous financial year for that purpose.

- (2) In this section:

purpose means a purpose that could reasonably be considered to be within the usual responsibilities and ordinary business of an entity.

7A Temporary advance for new purpose or new entity

- (1) This section applies if—
- (a) an amount is proposed to be appropriated by a bill for the first Appropriation Act for a financial year for a new purpose or a new entity; and
 - (b) the bill has not yet been passed by the Legislative Assembly.
- (2) The Treasurer may, in writing, authorise an amount (a ***temporary advance***) for expenditure for the new purpose or new entity if the Treasurer is satisfied that there is an immediate requirement for the expenditure.
- (3) A temporary advance must be authorised from the amount paid by the Treasurer under section 7 for section 18 (Treasurer's advance).
- (4) The total amount of temporary advances authorised must not exceed 50% of the amount paid by the Treasurer under section 7 for section 18.
- (5) On the commencement of the first Appropriation Act for the financial year—
- (a) the temporary advance ceases; and
 - (b) the temporary advance is taken to have been paid out of money appropriated by that Act; and
 - (c) the amount appropriated for section 18 for the financial year is taken to be restored by the amount of the temporary advance; and

- (d) if the amount proposed to be appropriated under subsection (1) (a) is not passed in that Act—the temporary advance is taken to have been authorised from the appropriation for section 18 for the financial year.
- (6) If the Treasurer authorises a temporary advance, the Treasurer must attach the authorisation to the next financial statement presented to the Legislative Assembly.

Note For the presentation of financial statements, see s 26.

- (7) In this section:

new entity means an entity that has a purpose not previously included, or not reasonably considered to be, within the usual responsibilities and ordinary business of another entity.

new purpose means a purpose other than a purpose that could reasonably be considered to be within the usual responsibilities and ordinary business of an entity.

8 Form of appropriations

- (1) An Appropriation Act may make separate appropriations in relation to each directorate for—
 - (a) any controlled recurrent payments to be provided to the directorate; and
 - (b) any capital injection to be provided to the directorate; and
 - (c) any payments to be made by the directorate on behalf of the Territory.
- (2) An Appropriation Act may make separate appropriations in relation to a territory authority or territory-owned corporation for—
 - (a) any controlled recurrent payments to be provided to the authority or corporation; and

- (b) any capital injection to be provided to the authority or corporation.
- (3) There must be a separate Appropriation Act for an appropriation for the Office of the Legislative Assembly.
- (4) Any appropriation for an officer of the Assembly must be contained in an Appropriation Act for an appropriation for the Office of the Legislative Assembly.

9 Net controlled recurrent payments

- (1) An appropriation for controlled recurrent payments may be expressed to be made for net controlled recurrent payments.
- (2) Despite section 6 (Necessity for appropriation), if an appropriation for a directorate is stated to be made for net controlled recurrent payments, the directorate may apply the following in paying the expenses and liabilities of the directorate:
 - (a) the payments it is entitled to receive for providing goods and services, other than controlled recurrent payments under an Appropriation Act;
 - (b) the value of the input tax credits to which it is entitled for taxable supplies in relation to controlled recurrent payments.
- (3) If the appropriations made by an Appropriation Act for a directorate do not state an amount, or state a '0' appropriation, for controlled recurrent payments, the appropriations have effect as if they included an appropriation for controlled recurrent payments for the directorate at no net cost to the Territory.

9A Net appropriations for capital injections

- (1) An appropriation for a capital injection may be stated to be made for, or partly for, the net cost of purchasing or developing assets.
- (2) Despite section 6, if an appropriation is stated to be made for, or partly for, the net cost of purchasing or developing assets, the value of the input tax credits to which the relevant entity is entitled for taxable supplies in relation to purchasing or developing the assets may be applied by the entity in paying the expenses and liabilities of the entity in purchasing or developing the assets.
- (3) In this section:

relevant entity, in relation to an appropriation for a capital injection, means the territory entity that is to undertake the purchasing or developing of assets for which the appropriation is made.

9B Appropriations for payments on behalf of Territory to be net appropriations

Despite section 6 (Necessity for appropriation), if an appropriation for a directorate is made for payments to be made on behalf of the Territory, the directorate may apply input tax credits to which the Territory is entitled for taxable supplies for which the payments are made towards the payments under the appropriation.

- (5) The proposed budget must be prepared taking into account—

- (6) The proposed budget may depart from the principles of responsible fiscal management, but if it does depart—
 - (a) any departure must be temporary; and
 - (b) the Treasurer must present to the Legislative Assembly, when the first Appropriation Bill for the financial year is presented to the Legislative Assembly, a statement setting out—
 - (i) the reasons for the departure; and
 - (ii) the approach intended to be taken to return to the principles; and
 - (iii) when the principles are expected to be returned to.
- (7) In this section:

ecologically sustainable development means the effective integration of economic and environmental considerations in decision-making processes achievable through implementation of the following principles:

 - (a) the precautionary principle;

precautionary principle means that, if there is a threat of serious or irreversible environmental damage, a lack of full scientific certainty should not be used as a reason for postponing measures to prevent environmental degradation.

principles of responsible fiscal management means the following principles:

- (a) ensuring that the total liabilities of the Territory are at prudent levels to provide a buffer against factors that may impact adversely on the level of total Territory liabilities in the future, and ensuring that, until prudent levels have been achieved, the total operating expenses of the Territory in each financial year are less than its operating income levels in the same financial year;

- (b) when prudent levels of total Territory liabilities have been achieved, maintaining the levels by ensuring that, on average, over a reasonable period of time, the total operating expenses of the Territory do not exceed its operating income levels;
- (c) achieving and maintaining levels of Territory net worth to provide a buffer against factors that may impact adversely on levels of Territory net worth in the future;
- (d) managing prudently the fiscal risks of the Territory;
- (e) pursuing spending and taxing policies that are consistent with a reasonable degree of stability and predictability in the level of the tax burden;
- (f) giving full, accurate and timely disclosure of financial information about the activities of the government and its agencies.

- (c) regularly advising the board about the operation and financial performance of the authority;
- (d) immediately advising the board about significant events.

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see [Legislation Act](#), s 126 and s 132).

- (2) In this section:

significant event, for a territory authority, means an event that the authority is required to tell the responsible Minister about under section 101.

85 Honesty, care and diligence of governing board members

In exercising the functions of a governing board member, a member must exercise the degree of honesty, care and diligence required to be exercised by a director of a corporation in relation to the affairs of the corporation.

86 Conflicts of interest by governing board members

A governing board member must take all reasonable steps to avoid being placed in a position where a conflict of interest arises during the exercise of the member's functions.

87 Agenda to require disclosure of interest item

The agenda for each meeting of a territory authority governing board must include an item requiring any material interest in an issue to be considered at the meeting to be disclosed to the meeting.

88 Disclosure of interests by governing board members

- (1) If a governing board member has a material interest in an issue being considered, or about to be considered, by the governing board, the member must disclose the nature of the interest at a board meeting as soon as practicable after the relevant facts come to the member's knowledge.

Note **Material interest** is defined in s (4). The definition of **indirect interest** in s (4) applies to the definition of **material interest**.

- (2) The disclosure must be recorded in the governing board's minutes and, unless the board otherwise decides, the member must not—
- (a) be present when the board considers the issue; or
 - (b) take part in a decision of the board on the issue.

Example

Albert, Boris and Chloe are members of a governing board. They have an interest in an issue being considered at a governing board meeting and they disclose the interest as soon as they become aware of it. Albert's and Boris's interests are minor but Chloe has a direct financial interest in the issue.

The governing board considers the disclosures and decides that because of the nature of the interests:

- Albert may be present when the board considers the issue but not take part in the decision
- Boris may be present for the consideration and take part in the decision.

The board does not make a decision allowing Chloe to be present or take part in the board's decision. Accordingly, since Chloe has a material interest she cannot be present for the consideration of the issue or take part in the decision.

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see [Legislation Act](#), s 126 and s 132).
