A2004-12

Republication No 1

Effective: 1 September 2004 – 1 September 2004

Republication date: 1 September 2004

Act not amended

Authorised by the ACT Parliamentary Counsel

About this republication

The republished law

This is a republication of the *Construction Occupations (Licensing) Act 2004* (including any amendment made under the *Legislation Act 2001*, part 11.3 (Editorial changes)) as in force on 1 September 2004. It also includes any amendment, repeal or expiry affecting the republished law.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at www.legislation.act.gov.au):

- authorised republications to which the *Legislation Act 2001* applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

Editorial changes

The *Legislation Act 2001*, part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see *Legislation Act 2001*, s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication includes amendments made under part 11.3 (see endnote 1).

Uncommenced provisions and amendments

If a provision of the republished law has not commenced or is affected by an uncommenced amendment, the symbol **U** appears immediately before the provision heading. The text of the uncommenced provision or amendment appears only in the last endnote.

Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see *Legislation Act 2001*, section 95.

Penalties

The value of a penalty unit for an offence against this republished law at the republication date is—

- (a) if the person charged is an individual—\$100; or
- (b) if the person charged is a corporation—\$500.

Construction Occupations (Licensing) Act 2004

An Act to regulate construction occupations, and for other purposes

Part 1 Preliminary

1 Name of Act

This Act is the *Construction Occupations (Licensing) Act 2004*.

3 Dictionary

The dictionary at the end of this Act is part of this Act.

Note 1 The dictionary at the end of this Act defines certain terms used in this Act, and includes references (*signpost definitions*) to other terms defined elsewhere.

For example, the signpost definition ‘*building work*—see the *Building Act 2004*, section 6.’ means that the term ‘building work’ is defined in that section and the definition applies to this Act.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see Legislation Act, s 155 and s 156 (1)).

4 Notes

A note included in this Act is explanatory and is not part of this Act.

Note See Legislation Act, s 127 (1), (4) and (5) for the legal status of notes.

5 Offences against Act—application of Criminal Code etc

Other legislation applies in relation to offences against this Act.

Note 1 *Criminal Code*

The Criminal Code, ch 2 applies to all offences against this Act (see Code, pt 2.1).

The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences),

and defines terms used for offences to which the Code applies (eg *conduct*, *intention*, *recklessness* and *strict liability*).

Note 2 *Penalty units*

The Legislation Act, s 133 deals with the meaning of offence penalties that are expressed in penalty units.

Part 3 Construction practitioners licences

Note about application of the Mutual Recognition Act 1992 (Cwlth) and the Trans-Tasman Mutual Recognition Act 1997 (Cwlth)

These Commonwealth Acts allow people licensed in certain occupations in a local jurisdiction to carry on the occupations in another local jurisdiction and provide an alternate way of applying for licences in the ACT or another local jurisdiction. Because of the Self-Government Act, s 28, the requirements for licences under this Act cannot validly require anything of people being licensed under the Commonwealth Acts that would be inconsistent with those Acts. Accordingly, provisions of this Act, such as the requirements for applications, do not apply to the licensing of people under the Commonwealth Acts. Also, the Commonwealth Acts set out when conditions may be placed on people licensed under those Acts. For more information, see the Commonwealth Acts.

Division 3.1 General

17 Licence applications

- (1) An individual, corporation or partnership may apply to the registrar to be licensed in a construction occupation or, for a construction occupation that is divided into classes, in an occupation class.

Note 1 If a form is approved under s 128 for an application, the form must be used.

Note 2 A fee may be determined under s 127 for this section.

Note 3 A person's entitlement to apply for a licence may be affected by a disqualification (see s 98 (3)).

- (2) However, a corporation or partnership may apply under subsection (1) in relation to a construction occupation or occupation class only if the regulations allow a corporation or partnership to be licensed in the occupation or class.
- (3) The regulations may prescribe the requirements for applications.

- (4) If this Act or the regulations prescribe requirements for applications, the registrar need not consider an application that does not comply with the requirements.

18 Eligibility for licence

- (1) The regulations may prescribe when an entity is eligible, or not eligible, to be licensed in a construction occupation or occupation class, including the qualifications the entity must have to be eligible to be licensed in the occupation or class.
- (2) The regulations may prescribe how an applicant may, or must, demonstrate that the applicant satisfies a requirement in relation to an application.

Examples

- 1 by requiring the applicant to hold a qualification
- 2 by requiring the applicant to pass a practical or written test

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

19 Decision on licence application

- (1) If an entity applies for a licence for a construction occupation or occupation class, the registrar must issue, or refuse to issue, the licence.
- (2) However, the registrar may issue a licence other than the licence applied for if—
- (a) the applicant is not eligible for the licence applied for; and
 - (b) the applicant is eligible for the other licence; and
 - (c) the licence issued is in the same construction occupation as, but a different occupation class from, the licence applied for; and
 - (d) the applicant agrees to the issue of the licence.

- (3) The registrar must refuse to issue a licence for a construction occupation or occupation class to an applicant if—
 - (a) the registrar is not satisfied that the applicant is eligible to be licensed in the occupation or class; or
 - (b) the applicant is disqualified from holding a licence under section 98 (Licence disqualification).
- (4) If disciplinary action against an applicant or a nominee of an applicant is being taken under this Act, the registrar need not decide whether to licence the applicant until the disciplinary action, and any appeal or review arising from the disciplinary action, is finished.

20 Multiple occupations, classes and authorisation

- (1) A licence may authorise the licensee to provide construction services in 1 or more construction occupations and 1 or more occupation classes.
- (2) A licence authorises the licensee to provide construction services in each construction occupation or occupation class to which it relates, subject to any condition, and in accordance with any endorsement, on the licence.

21 Licence conditions

- (1) The regulations may prescribe—
 - (a) conditions on licences; and
 - (b) when conditions on licences (whether imposed under the regulations or by the registrar) take effect.
- (2) The registrar may amend a licence by putting a condition on the licence, or by amending or cancelling a condition the registrar has put on the licence, at any time by written notice given to the licensee, unless the regulations provide otherwise.

- (3) The registrar may amend a licence by putting a condition on the licence, or amending the licence, only if satisfied that it is necessary or desirable to protect the public.

22 Endorsements on licences

- (1) The registrar may, in accordance with the regulations, endorse a licence.
- (2) An endorsement authorises the licensee to provide a stated kind of construction service that the licensee would not otherwise be allowed to provide under the licence.

23 Form of licence

- (1) A licence must be signed by the registrar and contain the following details in relation to the licensee:
- (a) the licensee's full name;
 - (b) each construction occupation, and occupation class (if any), in which the licensee is licensed;
 - (c) a unique identifying number (the *licence number*) for each construction occupation and occupation class in which the licensee is licensed.

Note A licence may be endorsed under s 22.

- (2) The regulations may require or allow other information to be included on a licence.

24 Term of licence

The regulations may prescribe the maximum period for which a licence is issued or renewed.

25 Licence renewal

- (1) A licensee may apply to the registrar for renewal of the licence before the licence term ends.
- (2) The registrar must renew a licence on application if satisfied that the applicant would be eligible to be licensed if the application were for a new licence of the same kind.
- (3) The renewal of a licence begins on the day after the licence being renewed ends.
- (4) A suspended licence may be renewed, but the renewed licence is suspended until the suspension ends.

26 Voluntary licence cancellation

The registrar must cancel a licensee's licence if—

- (a) the licensee asks, in writing, for the cancellation; and
- (b) the licensee gives the licence to the registrar or satisfies the registrar that the licence has been lost, stolen or destroyed; and
- (c) the registrar is satisfied that—
 - (i) the licensee cannot exercise his or her functions because of mental or physical incapacity; or
 - (ii) another licensee is to take over the licensee's functions in relation to construction services that have not been completely provided; or
 - (iii) it is otherwise appropriate to approve the cancellation.

Division 3.2 Nominees

27 **Meaning of *mandatory requirement* for div 3.2**

In this division:

mandatory requirement of the nominee means a written requirement by the nominee that the corporation or partnership do something, or not do something, in compliance with, or to achieve compliance with, this Act or an operational Act.

28 **Nominees of corporations and partnerships**

- (1) A corporation or partnership is eligible to be licensed only if it complies with subsection (2) or (3).
- (2) The corporation or partnership complies with this subsection if—
 - (a) it has a single nominee appointed by it; and
 - (b) the nominee is responsible for the supervision of the construction services provided by it.
- (3) The corporation or partnership complies with this subsection if—
 - (a) it has 2 or more nominees appointed by it; and
 - (b) each nominee is responsible for the supervision of different construction services (whether in a different construction occupation or occupation class or otherwise) provided by it; and
 - (c) between them, the nominees are responsible for the adequate supervision of all the construction services to be provided by the corporation or partnership.
- (4) A corporation or partnership may, in writing, appoint an eligible individual to be a nominee.

- (5) If the nominee is to be responsible for the adequate supervision of only some of the construction services to be provided by the corporation or partnership, the appointment must state the services for which the nominee is responsible.
- (6) For subsection (4), an individual is an *eligible individual* if the individual—
 - (a) is eligible under the regulations to be appointed as a nominee; and
 - (b) is licensed in the construction occupation and occupation class (if any) appropriate for each of the construction services for which the individual is to be responsible; and
 - (c) agrees in writing to the appointment.
- (7) A nominee of a corporation or partnership automatically stops being a nominee if the nominee—
 - (a) ceases to be eligible under the regulations to be appointed as a nominee; or
 - (b) ceases to be licensed in a construction or occupation class (if any) appropriate for any of the construction services for which the nominee is responsible.

29 Resignation of nominee

- (1) A nominee of a corporation or partnership may resign his or her appointment only with the registrar's approval.
- (2) The registrar may approve the resignation of the nominee only if satisfied that—
 - (a) the corporation or partnership has refused to comply with a mandatory requirement of the nominee; or
 - (b) the nominee cannot exercise his or her functions because of mental or physical incapacity; or

- (c) the nominee, or entity that appointed the nominee, has arranged for another nominee to take over the nominee's functions; or
- (d) it is otherwise appropriate to approve the resignation.

30 Revocation of nominee's appointment

- (1) A corporation or partnership may revoke a nominee's appointment only with the registrar's approval.
- (2) The registrar may approve the revocation of the nominee's appointment only if satisfied that—
 - (a) the nominee cannot exercise his or her functions because of mental or physical incapacity; or
 - (b) the nominee, or entity that appointed the nominee, has arranged for another nominee to take over the nominee's functions; or
 - (c) it is otherwise appropriate to approve the resignation.

31 Role of nominees

- (1) A nominee of a licensed corporation or partnership has the following functions:
 - (a) to supervise the construction services of the corporation or partnership for which the nominee is responsible (the *relevant construction service*);
 - (b) to ensure that the relevant construction services comply with this Act and the operational Acts.
- (2) The nominee commits an offence if the nominee fails to—
 - (a) adequately supervise the relevant construction services; or

- (b) ensure that the relevant construction services comply with this Act and the operational Acts.

Maximum penalty: 50 penalty units.

- (3) Subsection (2) does not apply to a failure of a nominee of a corporation or partnership (the *nominee's firm*) if—
 - (a) the nominee had given the nominee's firm a mandatory requirement in relation to the matter that made up the failure; and
 - (b) the nominee had given the registrar a copy of the mandatory requirement; and
 - (c) the failure would not have happened if the mandatory requirement had been complied with.
- (4) The licensed corporation or partnership commits an offence if the nominee fails to—
 - (a) adequately supervise the relevant construction services; or
 - (b) ensure that the relevant construction services comply with this Act and the operational Acts.

Maximum penalty: 50 penalty units.

- (5) An offence against this section is a strict liability offence.

32 Legislation Act and nominee appointments

The Legislation Act, part 19.3 (Appointments) does not apply to the appointment of a nominee of a corporation or partnership.

Part 4 Rectification orders and other obligations on licensees

33 **Meaning of *authorised action* and *authorised licensee* in pt 4**

In this part:

authorised action, for an authorised licensee, means what the licensee is authorised to do under section 41 (Failure to comply with order) or section 42 (Action on emergency rectification order).

authorised licensee means a licensee authorised under section 41 or section 42.

34 **Intention to make rectification order**

- (1) This section applies if the registrar believes on reasonable grounds that—
- (a) a licensee or former licensee (the *entity*) has provided a construction service otherwise than in accordance with this Act or an operational Act; and
 - (b) it may be appropriate to make a rectification order.

Examples of licensee or former licensee

- 1 a licensed builder does building work
- 2 a drainer who was licensed, does sanitary drainage work while unlicensed

3 a licensed gasfitter does gasfitting work and then becomes unlicensed

Note 1 If deciding under this section whether it may be appropriate to make a rectification order, the registrar must consider the considerations mentioned in s 36.

Note 2 An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (2) The registrar may give the entity, and the land owner in relation to whose land the construction service was provided, a written notice that—
- (a) gives details of the rectification order that may be made; and
 - (b) explains why the registrar intends to make the order; and
 - (c) invites submissions about the making of the order within the time stated in the notice that is not less than 5 working days after the day the entity or land owner receives the notice.

35 When rectification order may be made

- (1) This section applies if—
- (a) the registrar has given an entity (other than the land owner) notice under section 34; and
 - (b) after considering any submissions made within the time mentioned in the notice, the registrar is satisfied—
 - (i) the entity is contravening, or has contravened, this Act or an operational Act; and

- (ii) it is appropriate to make a rectification order in relation to the entity.

Note 1 If deciding under this section whether it is appropriate to make a rectification order, the registrar must consider the considerations mentioned in s 36.

Note 2 See s 149 for the extended meaning in this section of a **contravention** of this Act.

- (2) The registrar may make an order under section 38 (Rectification orders) in relation to the entity.
- (3) However, the registrar may not make an order under section 38 in relation to the entity if a submission is made that satisfies the registrar that the act that caused the contravention happened, or ended, more than 10 years before the day the registrar proposes to make the order.

Example of contravention

A builder built a house without a building approval. The registrar is satisfied that the building of the house started 12 years ago and finished 9 years ago. The registrar may make a rectification order in relation to the construction service of building the house.

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

36 Considerations for deciding under s 34 and s 35

- (1) In deciding whether it is, or may be, appropriate to make a rectification order in relation to an entity that is contravening, or has or may have contravened, this Act, the registrar must consider the following:
- (a) any injury, loss or damage caused, or that could have been caused, by the contravention;

- (b) if a rectification order is proposed—how the proposed order may affect people affected by the contravention.

Examples of effect of contravention, including injury, loss and damage

- 1 reduction in safety, reliability, durability, soundness, functionality, accessibility, serviceability, service life, usability, usefulness, amenity, aesthetic quality, value or efficiency of thing affected by contravention
- 2 adverse affect on health of user of thing affected by contravention

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (2) The registrar may consider anything else that is relevant.

37 Rectification order inappropriate

- (1) This section applies if the registrar—
- (a) has given an entity (other than the land owner) notice under section 34 (Intention to make rectification order); and
 - (b) after considering any submissions made within the time mentioned in the notice, is satisfied that the entity is contravening or has contravened this Act or an operational Act; and
 - (c) is not satisfied that—
 - (i) it is appropriate to make a rectification order in relation to the entity, because of the relationship between the entity and the land owner; and
 - (ii) the act that caused the contravention happened, or ended, more than 10 years before the day the Territory proposes to authorise someone under this section.

Note See s 149 for the extended meaning in this section of a **contravention** of this Act.

- (2) The Territory may, in writing, authorise a licensee to enter the land where the work to which the notice under section 34 related was to be done and—
 - (a) take the action stated in the notice; or
 - (b) start or finish the work stated in the notice.
- (3) The authorised licensee must—
 - (a) give the owner of the land written notice that the licensee intends to enter the land at least 24 hours before the licensee enters the land; and
 - (b) give a copy of the notice to the entity before entering the land.
- (4) However, the Territory must not authorise someone until—
 - (a) if the entity applied for review of the decision to authorise a licensee under this section within the period for review (the *review period*) of the decision allowed under the *Administrative Appeals Tribunal Act 1989*—the review is finally disposed of; or
 - (b) the review period has ended.
- (5) The entity is liable for the reasonable cost incurred in doing anything under subsection (2) and the cost is taken to be a debt owing to the Territory.

38 Rectification orders

- (1) The registrar may make an order (a *rectification order*) in relation to an entity requiring the entity—
 - (a) to take stated action to rectify work done as part of a construction service; or
 - (b) to demolish a building or part of a building where a construction service has been provided and provide the

construction service under this Act or an operational Act;
or

(c) to start or finish stated work in relation to which a construction service has been, is being or was proposed to be provided.

- (2) If the entity is not licensed to do something required to be done under the order, the entity must arrange, and pay for, the thing to be done.
- (3) The rectification order must state a period within which what is required to be done must be done.
- (4) The stated period for a rectification order other than an emergency rectification order must not be less than 1 month after the day the rectification order is given to the entity.

Note Details of the rectification order must be included in the register (see s 108).

- (5) A copy of the rectification order must be given to the land owner.

39 Emergency rectification order

- (1) The registrar may make a rectification order (an *emergency rectification order*) under section 38 in relation to a licensee or former licensee (the *entity*), without giving the entity notice under section 34, if the registrar is satisfied that—
 - (a) the entity has provided a construction service other than in accordance with this Act or an operational Act; and
 - (b) it is appropriate to make a rectification order; and
 - (c) it is not appropriate to give notice under section 34 of the registrar's intention to make a rectification order because the need to act promptly to protect the health or safety of people, public or private property or the environment,

outweighs the importance of giving the notice before making an order.

- (2) A rectification order that is an emergency rectification order must also include the following:
- (a) a statement explaining that the order is an emergency rectification order;
 - (b) a statement explaining that, if the thing ordered to be done is not done within the period (the *completion period*) stated in the order—
 - (i) the Territory may authorise a licensee to enter the land where the thing is to be done to do the thing ordered; and
 - (ii) neither the Territory nor the authorised licensee need give the land owner or entity against whom the order is made further notice of the authorised licensee doing the thing on the land; and
 - (iii) the entity against which the order has been made will be liable for the reasonable cost incurred in doing the thing ordered.
- (3) The completion period must not be less than 24 hours.

40 Rectification order offence

- (1) A person commits an offence if the person intentionally fails to comply with a rectification order given to the person.
- Maximum penalty: 200 penalty units.
- (2) Each partner commits an offence if—
- (a) the partnership is given a rectification order; and

- (b) the partners, or some of them, intentionally fail to comply with the rectification order.

Maximum penalty: 200 penalty units.

- (3) It is a defence to a prosecution for an offence against subsection (2) if the partner proves—
 - (a) that—
 - (i) the partner did not know about the failure to comply; and
 - (ii) reasonable precautions were taken and appropriate diligence was exercised to avoid the contravention; or
 - (b) that the partner was not in a position to influence the other partners in relation to the failure to comply.

41 Failure to comply with order

- (1) This section applies if an entity (the *ordered entity*) in relation to whom a rectification order is made contravenes the rectification order.
- (2) The Territory may, in writing, authorise a licensee to enter the land where the work to which the rectification order relates is to be done and—
 - (a) take the action stated in the rectification order; or
 - (b) start or finish the work stated in the rectification order.
- (3) The authorised licensee must—
 - (a) give the owner of the land written notice that the licensee intends to enter the land at least 24 hours before the licensee enters the land; and

- (b) give a copy of the notice to the ordered entity before entering the land.
- (4) However, the Territory must not authorise someone until—
 - (a) if the ordered entity applied for review of the decision within the period for review (the *review period*) of the decision to make the rectification order allowed under the *Administrative Appeals Tribunal Act 1989*—the review is finally disposed of; or
 - (b) the review period has ended.
- (5) The ordered entity is liable for the reasonable cost incurred in doing anything under subsection (2) and the cost is taken to be a debt owing to the Territory.

42 Action on emergency rectification order

- (1) This section applies if—
 - (a) the registrar has made an emergency rectification order; and
 - (b) the emergency rectification order includes the information mentioned in section 39 (2); and
 - (c) the ordered entity has contravened the order.
- (2) The Territory may, in writing, authorise a licensee to enter the land where the work to which the rectification order is to be done and—
 - (a) take the action stated in the rectification order; or
 - (b) start or finish the work stated in the rectification order.
- (3) The ordered entity is liable for the reasonable cost incurred in doing anything under subsection (2) and the cost is taken to be a debt owing to the Territory.

43 Hindering or obstructing authorised licensee

- (1) An entity commits an offence if—
 - (a) the entity knows someone is an authorised licensee; and
 - (b) the entity hinders or obstructs the authorised licensee in the exercise of an authorised action.

Maximum penalty: 50 penalty units.

- (2) Strict liability applies to subsection (1) (b).

44 Damage etc by authorised licensee to be minimised

- (1) In the exercise of an authorised action, an authorised licensee must take reasonable steps to ensure that the licensee, and anyone helping the licensee, causes as little inconvenience, detriment and damage as is practicable.
- (2) If an authorised licensee, or a person assisting an authorised licensee, damages anything in the exercise or purported exercise of a function under this part, the authorised licensee must give written notice of the particulars of the damage to the person whom the authorised licensee believes on reasonable grounds is the owner of the thing.
- (3) If the damage occurs on premises entered under this part in the absence of the occupier, the notice may be given by securing it in a conspicuous place on the premises.

45 Compensation

- (1) A person may claim reasonable compensation from the Territory if the person suffers loss or expense because of the exercise, or purported exercise, of a function under this part by an authorised licensee or person assisting an authorised licensee.
- (2) Compensation may be claimed and ordered in a proceeding for—

- (a) compensation brought in a court of competent jurisdiction;
or
 - (b) an offence against this Act brought against the person making the claim for compensation.
- (3) A court may order the payment of reasonable compensation for the loss or expense only if it is satisfied it is just to make the order in the circumstances of the particular case.
- (4) The regulations may prescribe matters that may, must or must not be taken into account by the court in considering whether it is just to make the order.

46 Protection of authorised licensees from liability

- (1) An authorised licensee does not incur civil liability for an authorised action done honestly for this Act.
- (2) A civil liability that would, apart from this section, attach to the authorised licensee attaches instead to the Territory.
- (3) This section does not prevent disciplinary action being taken against an authorised licensee in relation to an authorised action done by the licensee.

47 Licensee to give evidence of insurance

- (1) Before providing a construction service to a person (the *client*), a licensee must give the client evidence of what insurance the licensee holds in relation to the service the licensee is to provide.
- (2) The licensee may ask the client to sign an acknowledgment that the client has been told about the licensee's insurance.
- (3) The acknowledgment must state the time and date it was given.

Note If a form is approved under s 128 for an acknowledgment, the form must be used.

- (4) If the client signs the acknowledgment, the licensee must immediately give the client a copy of it.
- (5) The registrar may assume that the client was not told about the insurance the licensee holds if—
- (a) a question arises whether the client was told about the licensee's insurance; and
 - (b) an acknowledgment under this section is not produced; and
 - (c) it is not proved that the licensee told the client about the insurance.
- (6) The licensee is taken to have given evidence of what insurance the licensee holds before providing a construction service to a person if the licensee advertised the insurance held at the time of providing the services in a way likely to come to the attention of the client.

Example of advertising insurance held

- 1 Including details of insurance in the telephone directory, if the details are correct at the time the service is provided.
- 2 Having details of insurance on the vehicle used to provide the service or transport to the location to provide the service, if the details are correct at the time the service is provided.

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (7) In this section:

evidence of insurance includes a fidelity certificate.

fidelity certificate—see the *Building Act 2004*, section 84.

Part 5 **Automatic licence suspension and disciplinary action**

Division 5.1 **Automatic licence suspension**

48 **Automatic suspension of individual licence**

- (1) This section applies to an individual who is licensed.
- (2) The individual's licence is automatically suspended if the individual—
 - (a) provides, or proposes to provide, a construction service for a fee; and
 - (b) becomes bankrupt or applies to take the benefit of any law for the relief of insolvent debtors.
- (3) However, if the individual is a nominee or employee of a licensed entity the licence is not suspended.

Note The regulations impose a condition on the individual's licence.

49 **Automatic suspension of corporate licence**

- (1) This section applies to a corporation that is licensed.
- (2) The corporation's licence is automatically suspended if the licensee—
 - (a) enters into a winding-up; or
 - (b) is found guilty, whether in the ACT or anywhere else, of an offence that—
 - (i) involves fraud, dishonesty or violence; and
 - (ii) is punishable by imprisonment for at least 1 year.

50 Automatic suspension of partnership licence

- (1) This section applies to a partnership that is licensed in a construction occupation or occupation class.
- (2) The partnership's licence in the construction occupation or occupation class is automatically suspended if—
 - (a) a partner's licence in the same occupation or class is suspended or cancelled; or
 - (b) a partner who is not a licensee is found guilty, whether in the ACT or anywhere else, of an offence that—
 - (i) involves fraud, dishonesty or violence; and
 - (ii) is punishable by imprisonment for at least 1 year.

51 Automatic suspension of building surveyors licence

- (1) This section applies if a person who is a licensed building surveyor stops being eligible to be a building surveyor because the person is not insured in accordance with the regulations.
- (2) The person's building surveyors licence is automatically suspended when the insurance cover stops.

52 Automatic suspension of plumbing plan certifiers licence

- (1) This section applies if a person who is a licensed plumbing plan certifier stops being eligible to be a plumbing plan certifier because the person is not insured in accordance with the regulations.
- (2) The person's plumbing plan certifiers licence is automatically suspended when the insurance cover stops.

53 End of automatic licence suspension

- (1) This section applies if the licence of a construction practitioner has been automatically suspended under 1 or more of the following sections:
 - section 48 (Automatic suspension of individual licence);
 - section 49 (Automatic suspension of corporate licence);
 - section 50 (Automatic suspension of partnership licence);
 - section 51 (Automatic suspension of building surveyors licence);
 - section 52 (Automatic suspension of plumbing plan certifiers licence).
- (2) The registrar must revoke the suspension if satisfied that the cause of the suspension no longer exists.
- (3) The registrar may revoke the suspension if satisfied that the circumstance that caused the suspension will not put consumers of the construction practitioner's construction services at a greater risk from using the services than if the thing had not happened.
- (4) A revocation must be in writing given to the licensee.
- (5) The suspension ends 3 months after the day it begins, unless otherwise revoked.

Note The suspension on a licence may be held over to a new licence if the suspended licence expires without being renewed (see s 65).

Division 5.2 Disciplinary action by registrar

54 Disciplinary grounds

- (1) Each of the following is a *disciplinary ground* in relation to a licensee:
 - (a) the licensee, or a nominee or employee of the licensee, contravened, or is contravening, this Act or an operational

Act (including a direction given to the licensee under an operational Act);

- (b) the licensee, knowingly or recklessly, gave someone information in relation to a construction service provided, or to be provided, by the licensee that was false or misleading in a material particular;
- (c) the licensee or a director, partner or nominee of the licensee, has been found guilty, whether in the Territory or anywhere else, of an offence that—
 - (i) involves fraud, dishonesty or violence; and
 - (ii) is punishable by imprisonment for at least 1 year;
- (d) if the licensee is an individual—the licensee has compounded with creditors or made an assignment of remuneration for their benefit;
- (e) if the licensee is a corporation—
 - (i) the licensee enters into a scheme of arrangement; or
 - (ii) a receiver, manager, receiver and manager or administrator is appointed over the licensee or any of its assets;
- (f) if the licensee is a corporation or partnership—the licensee has, or had, no nominee;
- (g) the licensee's licence has been automatically suspended under division 5.1 (Automatic licence suspension) and the cause of the suspension still exists.

Note See s 149 for the extended meaning in this section of a **contravention** of this Act.

- (2) In subsection (1) (a), a reference to a contravention of this Act or an operational Act includes a reference to the following:
- (a) a contravention of the Criminal Code, part 2.4 (Extensions of criminal responsibility) in relation to an offence against this Act or an operational Act or otherwise in relation to this Act or an operational Act;
 - (b) a contravention of the Criminal Code in relation to a document given, or required to be given, under this Act or an operational Act;
 - (c) a contravention of the Criminal Code in relation to anything done, or not done, under this Act or an operational Act.
- (3) A disciplinary ground applies to a former licensee if the disciplinary ground applied to the former licensee while licensed.

55 When disciplinary notice may be given

If the registrar is satisfied that a disciplinary ground exists, or may exist, in relation to a licensee or former licensee, the registrar may give the licensee or former licensee a disciplinary notice.

56 Disciplinary notices

- (1) A notice (a *disciplinary notice*) given to a licensee or former licensee must—
- (a) state each disciplinary ground which caused the notice to be given; and
 - (b) if the disciplinary ground is that the licensee, or a nominee or employee of the licensee, contravened, or is contravening, this Act or an operational Act (including a direction given to the licensee under an operational Act)—

describe the contravention or, if a short description is prescribed under the regulations for the contravention, give the short description; and

- (c) if the disciplinary ground is not the ground mentioned in paragraph (b)—state details of each ground that the registrar is satisfied would allow a reasonable person to identify the circumstances that give rise to the ground; and
 - (d) tell the licensee or former licensee that he or she may, within 12 business days after the day the licensee is given the notice, give a written response to the registrar about the matters in the notice.
- (2) If a notice mentions a ground based on a construction service provided or not provided, or alleged to have been provided or not provided, the registrar may, and must if asked, give a copy of the notice to—
- (a) the owner of any premises to which the service relates; and
 - (b) to any certifier appointed under the *Building Act 2004*, section 19 (Appointment of certifiers) in relation to the service.

57 Interim licence suspension

- (1) This section applies if the registrar has given, or proposes to give, a disciplinary notice to a licensee.
- (2) The registrar may suspend (an *interim suspension*) the licensee's licence by written notice given to the licensee.

Note For how documents may be served, see Legislation Act, pt 19.5. Under that part, a person's business address is the last address shown in the administering authority's records for the person (see Legislation Act, s 246, def *business address*).

- (3) However, the registrar may only suspend the licence under subsection (2) if—

- (a) the registrar has taken into account the circumstances leading to the decision to send the disciplinary notice and the grounds stated, or to be stated, in the notice; and
 - (b) the registrar believes, on reasonable grounds, that it is in the public interest to suspend the licence before making a decision under section 60.
- (4) An interim suspension may be for a period of 2 weeks or shorter, but may be extended once for 1 week if the registrar is satisfied that it is in the public interest to extend the suspension.

Note An interim suspension must be recorded on the register (see s 110).

58 Effect of interim suspension

- (1) This section applies if the registrar suspends a licence under section 57.
- (2) The licence is suspended as soon as the licensee receives the notice.
- (3) The suspension ends when the earlier of the following happens:
 - (a) the licensee receives a notice of revocation under section 59;
 - (b) the registrar makes a decision under section 60 in relation to the licensee.

59 Revocation of interim suspension

- (1) This section applies if the registrar suspends a licence under section 57 (Interim licence suspension).
- (2) The registrar may, at any time before making a decision under section 60, revoke the suspension by written notice given to the licensee.

- (3) If the registrar revokes the suspension of a licensee licensed as a builder, the registrar must notify in writing each person notified of the suspension under section 63.

60 Decision about disciplinary action

- (1) This section applies if the registrar has given a licensee or former licensee a disciplinary notice.
- (2) The registrar may take disciplinary action in relation to the licensee or former licensee if satisfied on reasonable grounds that a disciplinary ground is established in relation to the licensee or former licensee.

Note The registrar may also take action under s 95 (2) (c).

- (3) In making a decision about whether to take disciplinary action in relation to the licensee or former licensee, the registrar—
- (a) must take into account—
- (i) any response given to the registrar in accordance with the disciplinary notice; and
 - (ii) the considerations under section 62.
- (b) may hold an inquiry under division 5.3 (Disciplinary inquiries).
- (4) If the registrar takes disciplinary action against a licensee or former licensee—
- (a) the registrar must notify the licensee or former licensee in writing about the registrar's decision; and
 - (b) the action takes effect when the notice is given to the licensee or former licensee or on the later date stated in the notice.

61 Disciplinary action

- (1) If the registrar may take disciplinary action in relation to a licensee or former licensee, the registrar may do 1 or more of the following:
- (a) reprimand the licensee or former licensee;
 - (b) require the licensee, or, if the licensee is a corporation or partnership, a nominee of the licensee, to complete a stated course of training to the satisfaction of the registrar or another stated person;
 - (c) impose a condition on the licence, or amend an existing condition;
 - (d) order the licensee to pay to the Territory a financial penalty of not more than \$1 000;
 - (e) suspend the licence for a stated period (whether longer than the remaining period of the licence or otherwise) or until a stated thing happens;
 - (f) cancel the licence;
 - (g) cancel the licence and disqualify the licensee from applying for a licence for a stated period or until a stated thing happens;
 - (h) disqualify the former licensee from applying for a licence for a stated period, until the former licensee completes a stated course to the satisfaction of the registrar or another stated person or until a stated thing happens.

Note If deciding what disciplinary action to take under this section, the registrar must consider the considerations mentioned in s 62.

- (2) If the registrar orders a licensee to pay a financial penalty under subsection (1) (d), the licensee owes the amount of the financial penalty to the Territory.

Note Legislation Act, s 177 provides for recovery of amounts owing under laws.

62 Considerations for deciding what disciplinary action to take

- (1) In deciding what disciplinary action to take in relation to the person under section 61, the registrar must consider the following:
- (a) the degree of responsibility of the person for the act or omission that made up the disciplinary ground;
 - (b) any injury, loss or damage caused, or that could have been caused, by the act or omission that made up the disciplinary ground;
 - (c) the number of people detrimentally affected by the doing of something, or not doing something, that made up the disciplinary ground;
 - (d) how any proposed disciplinary action will affect people detrimentally affected by something that made up the disciplinary ground;
 - (e) the extent to which it is necessary to discourage the person and others from doing something, or not doing something, that made up the disciplinary ground;
 - (f) whether, and the extent to which, it is necessary to protect the public from the person;
 - (g) the desirability of making the person responsible for the consequences of the person's actions or omissions;
 - (h) the desirability of maintaining public confidence in the regulatory system set up by this Act;

- (i) the person's regard, or disregard, for public safety and protection of the environment when doing something, or not doing something, that made up the disciplinary ground.
- (2) The registrar may consider anything else that is relevant.

63 Builders licence affected by disciplinary or other action

- (1) This section applies if a licensee has a builders licence and—
 - (a) the registrar becomes aware that the licence has been automatically suspended under division 5.1; or
 - (b) the registrar suspends the licence under section 57 (Interim licence suspension); or
 - (c) disciplinary action is taken against the licensee under section 61 (1) (c), (e), (f) or (g) in relation to the licence.
- (2) The registrar must notify each building certifier, in writing, about the disciplinary action or other action taken in relation to the licence as soon as practicable.
- (3) The registrar must notify each building certifier, in writing, if—
 - (a) the registrar notified the building certifiers about the taking of disciplinary action or other action; and
 - (b) the decision to take the action is reversed or the action is reversed, stayed, varied or set aside.

64 Public notice of decision

- (1) If the registrar decides to take disciplinary action against a licensee or former licensee, the registrar may notify the public of the matters prescribed under the regulations by publishing details of those matters in relation to the decision in a daily ACT newspaper and in any other way the registrar considers appropriate.

- (2) However, the decision may be publicly notified only if—
 - (a) the time for any review of the decision has ended and no application for appeal or review has been made; or
 - (b) an application for review has been made, the decision has been confirmed on review and the time for further appeal has ended.
- (3) If the decision has been reversed or vacated, the decision must not be publicly notified.
- (4) If the decision has been changed (for example, by substitution), this section applies in relation to the decision as changed.

65 Effect of non-renewal on suspended licence

- (1) This section applies if—
 - (a) a licence (the *original licence*) for a construction occupation or occupation class has been suspended for a period; and
 - (b) the original licence expires before the end of the suspension period without being renewed; and
 - (c) the entity that was the licensee is issued with a licence (the *new licence*) in the same construction occupation or occupation class within 3 years after the day the original licence expired.
- (2) The new licence is suspended for the remainder of the suspension period.

Division 5.3 Disciplinary inquiries

66 Notice of inquiry

- (1) If the registrar decides to hold an inquiry in relation to a licensee or former licensee under section 60 (3), the registrar

must give the licensee or former licensee at least 2 weeks written notice of the inquiry.

- (2) A notice under subsection (1) must—
- (a) be accompanied by a copy of the disciplinary notice given to the licensee or former licensee; and
 - (b) state whether the registrar considers that any disciplinary ground no longer applies, or has changed, because of any written response made by the licensee or former licensee and, if a ground has changed, how the ground has changed; and
 - (c) explain that the inquiry may result in the taking of disciplinary action against the licensee or former licensee; and
 - (d) tell the licensee or former licensee where and when the inquiry will be held.

Note If a form is approved under s 128 for a notice, the form must be used.

67 Inquiry procedure

- (1) The registrar may decide any procedure for an inquiry that is not prescribed under this Act.
- (2) The registrar may adjourn an inquiry.

68 Evidence at inquiry

69 Legal representation at inquiry

- (1) A licensee or former licensee may be represented at an inquiry by a lawyer who may examine witnesses and address the registrar on behalf of the licensee or former licensee.
- (2) The registrar may appoint a lawyer to examine witnesses in an inquiry and advise the registrar on any matter relating to the inquiry.

70 Advisory board assistance at inquiry

- (1) This section applies if the registrar is satisfied that a matter to be considered at an inquiry in relation to a licensee or former licensee is complex or technical.
- (2) The registrar may require the advisory board responsible for the construction occupation in which the licensee is, or former licensee was, licensed to advise the registrar in relation to the complex or technical issues.

71 Registrar may require appearance, information or documents

- (1) For an inquiry, the registrar may require, in writing, a person to appear before the inquiry on a stated date—
 - (a) to give evidence; or
 - (b) to give evidence and produce any document or thing in the possession, custody or control of the person; or
 - (c) to produce any document or thing in the possession, custody or control of the person.

Note The Legislation Act, s 170 and s 171 deal with the application of the privilege against selfincrimination and client legal privilege.

- (2) The registrar may give a party to the inquiry leave, subject to any stated condition, to—

- (a) inspect a document or thing produced under this section;
and
 - (b) make copies of a produced document for the inquiry.

- (6) An offence against this section is a strict liability offence.

72 Witness expenses

- (a) an undertaking to appear to be signed by the person and returned to the registrar by the stated date; and
 - (b) a form to be completed by the person to claim the reasonable costs and expenses of attendance at the inquiry.
- (2) A person is not entitled to refuse to comply with the requirement because the requirement was not accompanied by the form.

Division 5.4 Miscellaneous

73 Multiple occupation or class licences

If a licensee is licensed in more than 1 construction occupation or more than 1 occupation class, the licence may be suspended or cancelled, or a condition varied or imposed, under this part in

relation to a single occupation or occupation class, or each occupation or class, as the registrar considers appropriate.

Note A licence may authorise the licensee to work in 1 or more construction occupations and 1 or more occupation classes (see s 20).

74 Requirement to return surrendered licence

- (1) This section applies if an entity surrendered the entity's licence because the licence was suspended.
- (2) The registrar must return the licence to the licensee no later than the last day of the suspension.
- (3) If the licence is varied during the suspension, the licence as varied must be returned.
- (4) However, the registrar need not return the licence if the licence expires, or is cancelled, during the suspension.
