## About this republication

### The republished law

This is a republication of the *Litter Act 2004* (including any amendment made under the [Legislation Act 2001](#), part 11.3 (Editorial changes)) as in force on 14 July 2023. It also includes any commencement, amendment, repeal or expiry affecting this republished law to 14 July 2023.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

### Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at [www.legislation.act.gov.au](http://www.legislation.act.gov.au)):

- authorised republications to which the [Legislation Act 2001](#) applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

### Editorial changes

The [Legislation Act 2001](#), part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see [Legislation Act 2001](#), s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication does not include amendments made under part 11.3 (see endnote 1).

### Uncommenced provisions and amendments

If a provision of the republished law has not commenced, the symbol **U** appears immediately before the provision heading. Any uncommenced amendments that affect this republished law are accessible on the ACT legislation register ([www.legislation.act.gov.au](http://www.legislation.act.gov.au)). For more information, see the home page for this law on the register.

### Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see the [Legislation Act 2001](#), section 95.

### Penalties

At the republication date, the value of a penalty unit for an offence against this law is \$160 for an individual and \$810 for a corporation (see [Legislation Act 2001](#), s 133).

# Litter Act 2004

---

An Act relating to litter, and for other purposes

---

## Part 1 Preliminary

### 1 Name of Act

This Act is the *Litter Act 2004*.

### 3 Dictionary

The dictionary at the end of this Act is part of this Act.

*Note 1* The dictionary at the end of this Act defines certain terms used in this Act, and includes references (*signpost definitions*) to other terms defined elsewhere.

For example, the signpost definition ‘*road related area*—see the [Road Transport \(General\) Act 1999](#), dictionary.’ means that the term ‘road related area’ is defined in that dictionary and the definition applies to this Act.

*Note 2* A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see [Legislation Act](#), s 155 and s 156 (1)).

### 4 Notes

A note included in this Act is explanatory and is not part of this Act.

*Note* See [Legislation Act](#), s 127 (1), (4) and (5) for the legal status of notes.

## 5 Offences against Act—application of Criminal Code etc

Other legislation applies in relation to offences against this Act.

*Note 1 Criminal Code*

The [Criminal Code](#), ch 2 applies to all offences against this Act (see Code, pt 2.1).

The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences), and defines terms used for offences to which the Code applies (eg *conduct*, *intention*, *recklessness* and *strict liability*).

*Note 2 Penalty units*

The [Legislation Act](#), s 133 deals with the meaning of offence penalties that are expressed in penalty units.

## Part 2 Objects and key concepts

### 6 Objects of Act

- (1) The objects of this Act are—
  - (a) to protect and enhance the natural and built environment and amenity of the ACT, including the wellbeing of its people; and

  - (a) reducing and preventing littering and illegal dumping; and
  - (b) regulating the depositing of litter, or other material that may become litter; and

large pile of soil or rocks left on side of road or in school playground for no purpose

### **7A Reference to *level* of litter**

For this Act, a reference to litter at a *level* mentioned in an item in table 7A, column 2, is a reference to the volume of litter mentioned in the item, column 3.

**Table 7A**

<b>column 1 item</b>	<b>column 2 level</b>	<b>column 3 volume of litter (L)</b>

## Subdivision 4.3.2 Dealing with litter—removal etc by Territory

### 24A Removal etc of litter—by Territory

- (1) This section applies if an authorised person or police officer believes on reasonable grounds that—
- (a) litter in a public place has been deposited by anyone (the *litterer*) in contravention of this Act; and
  - (b) either or both of the following applies:
    - (i) prompt removal or disposal of the litter is necessary because it could cause injury to a person or animal or damage to property;
    - (ii) the size, shape, nature or volume of the litter means that prompt removal or disposal is in the public interest.

#### Examples

- 1 A large volume of litter is dumped next to a main road. Prompt removal is in the public interest because the litter smells and is unsightly.
- 2 Access to a walking trail in a nature reserve is blocked by an old spa bath that has been dumped in the reserve. Prompt removal is in the public interest to restore access to the trail.

- 3 A large public building is being extensively renovated. The Territory gives permission for the builder to establish a temporary depot on adjacent public land for rubbish from the building site to be deposited. The depot is fenced. When the renovations are finished, the rubbish is removed and the fence taken down. However, someone dumps rubbish at the site, and soon others also dump rubbish there. Prompt removal is in the public interest because it discourages the dumping of rubbish at the site.
- (2) The director-general may arrange for a person to do either or both of the following:
- (a) remove or dispose of the litter from the public place;
  - (b) restore the public place affected by the litter to a state as close as practicable to the state it was in immediately before the litter was deposited.
- (3) To remove any doubt, if this section applies, notice need not be given to the litterer under section 21 (Notice to remove etc litter).

## **24B Recovery of costs associated with removal etc of litter**

- (1) If the director-general arranges for a person to do a thing mentioned in section 24A (2), the litterer must pay to the Territory the reasonable cost of doing the thing.

*Note* An amount owing under a law may be recovered as a debt in a court of competent jurisdiction or the ACAT (see [Legislation Act](#), s 177).

- (2) In this section:

*litterer*—see section 24A (1).

### **Subdivision 4.3.3 Dealing with litter affecting amenity etc**

#### **24BA Meaning of *amenity impact***

- (1) For this Act, a person causes an *amenity impact* if—
  - (a) the person deposits litter at an open private place; and
  - (b) the depositing of the litter has, or is likely to have, a significant adverse impact on the amenity, use or enjoyment of an entity's adjoining land.

##### **Example**

A person's yard contains numerous vehicles in a deteriorated state that have been left undisturbed for a significant period. There is no indication that the person is carrying out repair or other work on the vehicles and the surrounding area is overgrown and neglected. The yard is unsightly and significantly affects the neighbours' enjoyment of their land.

- (2) For subsection (1), in deciding whether an amenity impact is significant, regard must be had to the nature, quantity and volume of the litter and the length of time of the impact.

#### **24BB Complaints about amenity impacts**

- (1) A person may give a written complaint to an authorised person about an amenity impact.
- (2) An authorised person must investigate the complaint having regard to any code of practice approved under section 24ZA.

## **24BC Notification about proposed abatement notice**

- (1) If an authorised person proposes to give a person an abatement notice, the authorised person must give the person a written notice (a *show cause notice*) stating—

  - (c) that the person may, not later than 14 days after the day the person is given the notice, give a written submission to the authorised person about the proposed abatement notice.
- (2) The authorised person must consider any submission received by the authorised person in response to the show cause notice when making a decision to give or not give an abatement notice to the person.

## **24BD Abatement notices**

- (1) This section applies if an authorised person—
  - (a) has considered a submission mentioned in section 24BC (2); and
  - (b) is satisfied on reasonable grounds that it is appropriate in all the circumstances, to give the person a notice to abate the amenity impact (an *abatement notice*).
- (2) If the authorised person has reasonable grounds for believing that an amenity impact exists, the authorised person may give an abatement notice to—
  - (a) the person who deposited litter and caused the impact; or
  - (b) if the person cannot be identified—the person who occupies the place from which the impact originates.

*Note* For how documents may be given, see the [Legislation Act](#), pt 19.5.

- (3) In determining whether to give an abatement notice in relation to an amenity impact, the authorised person—
- (a) must have regard to the number of people affected, or potentially affected, by the impact; and
  - (b) must have regard to any disability that a person causing the impact may have; and
  - (c) must have regard to the physical, mental or financial capacity of the person causing the impact to reasonably comply with the proposed abatement notice; and
  - (d) may have regard to any reasonable steps that a person causing the impact has or has not taken to avoid or minimise the impact; and
- Example**

- (e) may have regard to any reasonable steps that a person adversely impacted, or potentially adversely impacted has or has not taken to avoid or minimise the impact, or potential impact on the person.
- (4) An abatement notice—
- (a) must state the amenity impact which is required to be abated; and
  - (b) must state the period within which the amenity impact is to be abated; and
  - (c) may state steps to be taken to prevent the amenity impact from happening again and the period or periods within which they are to be undertaken.
- (5) An abatement notice continues in force until revoked in accordance with section 24BG.

**24BE Not giving abatement notice**

- (1) This section applies if, after considering a submission under section 24BC (2) received from a person, the authorised person is satisfied on reasonable grounds that an abatement notice—
  - (a) may not be given to the person; or
  - (b) may be given, but that in all the circumstances it is not appropriate to be given.
- (2) The authorised person must give the person written notice telling the person that an abatement notice will not be given to the person in relation to the matters raised in the show cause notice.

**24BF Abatement notice—extension of compliance period**

- (1) Before the end of a compliance period stated in an abatement notice under section 24BD (4) (b) or (c), an authorised person may extend the period.

- (1) A person given an abatement notice in relation to an amenity impact may apply for revocation of the notice.
- (2) An application must—
  - (a) be in writing; and

  - (d) nominate a date on or after which an inspection may be made.

*Note* A fee may be determined under s 25 for this provision.

- (3) The authorised person must, on application or on the authorised person's initiative, revoke the abatement notice if satisfied, after carrying out an inspection—
  - (a) that the notice has been complied with; and
  - (b) that adequate measures have been taken to prevent the amenity impact from happening again.
- (4) The revocation must be in writing given to the person given the abatement notice.
- (5) If an authorised person refuses an application for revocation, the authorised person must give written notice to the applicant of the refusal stating the reasons for the refusal.

*Note* If the notice is given to a person who may apply to the ACAT for review of the decision to which it relates, the notice must be a reviewable decision notice (see s 24X).

- (f) for that [Act](#), section 26 (2) (a) and (b) and section 30 (1) (a) and (b), the reasonable costs incurred by the director-general are taken to be any fee determined under this Act for the removal, storage and disposal of the trolley; and

*Note* A fee for removing, storing and disposing of the trolley may be determined under s 25 for this provision.

- (g) that Act, section 27 does not apply.
