Surveyors Act 2007

A2007-33

Republication No 5

Effective: 1 July 2011 – 6 July 2011

Republication date: 1 July 2011

Last amendment made by A2011-22

Authorised by the ACT Parliamentary Counsel

About this republication

The republished law

This is a republication of the *Surveyors Act 2007* (including any amendment made under the *Legislation Act 2001*, part 11.3 (Editorial changes)) as in force on 1 July 2011. It also includes any commencement, amendment, repeal or expiry affecting this republished law to 1 July 2011.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at www.legislation.act.gov.au):

- authorised republications to which the *Legislation Act 2001* applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

Editorial changes

The *Legislation Act 2001*, part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see *Legislation Act 2001*, s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication includes amendments made under part 11.3 (see endnote 1).

Uncommenced provisions and amendments

If a provision of the republished law has not commenced, the symbol **U** appears immediately before the provision heading. Any uncommenced amendments that affect this republished law are accessible on the ACT legislation register (www.legislation.act.gov.au). For more information, see the home page for this law on the register.

Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see the *Legislation Act 2001*, section 95.

Penalties

At the republication date, the value of a penalty unit for an offence against this law is \$110 for an individual and \$550 for a corporation (see *Legislation Act 2001*, s 133).

Surveyors Act 2007

An Act to regulate the practice of land surveying, and for other purposes

Part 1 Preliminary

1 Name of Act

This Act is the *Surveyors Act 2007*.

3 Dictionary

The dictionary at the end of this Act is part of this Act.

Note 1 The dictionary at the end of this Act defines certain terms used in this Act, and includes references (*signpost definitions*) to other terms defined elsewhere in this Act.

For example, the signpost definition '*advisory committee member*—see section 64.' means that the term 'advisory committee member' is defined in that section.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see Legislation Act, s 155 and s 156 (1)).

4 Notes

A note included in this Act is explanatory and is not part of this Act.

Note See the Legislation Act, s 127 (1), (4) and (5) for the legal status of notes.

5 Offences against Act—application of Criminal Code etc

Other legislation applies in relation to offences against this Act.

Note 1 Criminal Code

The Criminal Code, ch 2 applies to all offences against this Act (see Code, pt 2.1).

The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences), and defines terms used for offences to which the Code applies (eg *conduct*, *intention*, *recklessness* and *strict liability*).

Note 2 Penalty units

The Legislation Act, s 133 deals with the meaning of offence penalties that are expressed in penalty units.

Part 2 Registration of surveyors

Division 2.1 Registration

Note about application of the Mutual Recognition Act 1992 (Cwlth) and the Trans-Tasman Mutual Recognition Act 1997 (Cwlth) (the Commonwealth Acts)

The Commonwealth Acts allow people registered in certain occupations in a State, the ACT, Northern Territory or New Zealand (a *local jurisdiction*) to carry on the occupations in another local jurisdiction and provide another way of applying for registration in the ACT or another local jurisdiction. Because of the Self-Government Act, s 28, the requirements for registration under this Act cannot validly require anything of people being registered in accordance with the Commonwealth Acts that would be inconsistent with those Acts. Accordingly, provisions of this part, such as the requirements for applications, do not apply to the registration of people in accordance with the Commonwealth Acts. Also, the Commonwealth Acts set out when conditions may be placed on people registered in accordance with those Acts. For more information, see the Commonwealth Acts.

6 Application for registration

- (1) A person may apply to the surveyor-general for registration as a surveyor.

Note 1 If a form is approved under s 81 for the application, the form must be used.

Note 2 A fee may be determined under s 80 for this provision.

- (2) The surveyor-general may, in writing, require the applicant to give the surveyor-general additional information in writing or documents that the surveyor-general reasonably needs to decide the application.
- (3) If the applicant does not comply with a requirement under subsection (2), the surveyor-general may refuse to consider the application further.

7 Eligibility for registration

- (1) A person is eligible to be registered as a surveyor if—
- (a) the person has previously been registered in the ACT; and
 - (b) the surveyor-general is satisfied that the person has a working knowledge of current surveying practices and any practice directions; and
 - (c) the person's registration was not cancelled other than in accordance with a request by the surveyor.

Note Under the *Mutual Recognition Act 1992* (Cwlth) and the *Trans-Tasman Mutual Recognition Act 1997* (Cwlth) the surveyor-general will also register as surveyors people who are registered, licensed or otherwise authorised to carry out surveys in a State, the Northern Territory or New Zealand, if the surveys authorised to be carried out are substantially the same.

- (2) However, a person who would be eligible under subsection (1) but for the cancellation of the person's registration, is eligible to be registered as a surveyor if the surveyor-general is satisfied, after considering the reason for the cancellation and anything relevant that the person has done since the cancellation, that the person should be registered.

Examples

- 1 the cancellation was because of a failure to pay a registration fee and the fee is paid
- 2 the cancellation was because the surveyor carried out a survey that was inaccurate because the surveyor lacked knowledge of current surveying practices, but since cancellation, the surveyor has acquired sufficient knowledge of current surveying practices

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

8 Decision on registration application

- (1) On application by a person for registration as a surveyor, the surveyor-general must—
 - (a) if the person is eligible for registration—register the person; or
 - (b) if the person is not eligible for registration—refuse to register the person.
- (2) If the surveyor-general registers the person, the surveyor-general must—
 - (a) give the person a unique identifying number (a *registration number*); and
 - (b) give the person a certificate (a *registration certificate*), signed by the surveyor-general, that states—
 - (i) the person's name; and
 - (ii) the date of registration; and
 - (iii) the person's registration number.

9 Registration condition

- (1) It is a condition of a surveyor's registration that the surveyor undertakes continuing professional development in accordance with any directions under subsection (2).
- (2) The surveyor-general may give directions about continuing professional development for surveyors.
- (3) However, the surveyor-general must consult the advisory committee about a proposed direction before making the direction.
- (4) A direction is a notifiable instrument.

Note A notifiable instrument must be notified under the Legislation Act.

10 When does registration end?

A person's registration ends—

- (a) if the registration is cancelled under section 22 (Cancellation after s 20 suspension)—when the cancellation takes effect under section 22 (2); or
- (b) if the registration is cancelled under section 23 (Cancellation of registration for incapacity)—when the cancellation takes effect under section 23 (4); or
- (c) if the registration is cancelled by the ACAT—when the cancellation takes effect; or
- (d) if the registration is cancelled under section 41 (Voluntary cancellation of registration)—when the surveyor-general cancels the registration; or
- (e) if the person dies.

Note If a person's registration is suspended or cancelled in another State, the person's registration in the ACT may be affected in the same way (see *Mutual Recognition Act 1992* (Cwlth), s 33).

Division 2.2 Surveyors register

11 Keeping surveyors register

- (1) The surveyor-general must ensure a surveyors register is kept in accordance with this Act.
- (2) The surveyors register—
 - (a) may be kept in any form, including electronically; and
 - (b) must be made available to the public.
- (3) However, subsection (2) (b) does not apply to details in the surveyors register about—
 - (a) a surveyor's date of birth; and

- (b) if a surveyor's registration has been suspended—the grounds for suspension; and
 - (c) anything else prescribed by regulation.
- (4) Any mistake, error or omission in the surveyors register may be corrected.

12 Details to be entered in surveyors register

- (1) The following details must be entered in the surveyors register in relation to a surveyor:
- (a) the surveyor's name;
 - (b) the address of each place (a *registered business address*) where the surveyor carries on the practice of surveying or, if the surveyor does not have a registered business address, the surveyor's home address;
 - (c) the surveyor's date of birth;
 - (d) the surveyor's registration number;
 - (e) the date of registration;
 - (f) if the surveyor's registration has been suspended—
 - (i) the grounds for suspension; and
 - (ii) the period of suspension;
 - (g) any other details prescribed by regulation.
- (2) The surveyors register may contain other details.

13 Register information may be shared

Information in the register, including information that is not available to the public, may be given to a local registering authority to assist in the regulation of surveyors in the local jurisdiction.

14 Changes to surveyors register

- (1) If a person's registration ends, details of the person's registration must be removed from the surveyors register.

Note For when a person's registration ends, see s 10.

- (2) If a surveyor tells the surveyor-general about a change of address under section 15, the change must be entered in the surveyors register.
- (3) To remove any doubt, nothing in this section prevents the keeping of a record of—
- (a) registration details removed from the register under subsection (1); or
 - (b) a previous address under subsection (2).

15 Surveyors to notify change of address

- (1) A surveyor commits an offence if—
- (a) the surveyor has a registered business address; and
 - (b) any of the following changes happen:
 - (i) the address changes;
 - (ii) the address stops being a business address of the surveyor; and
 - (c) the surveyor fails to tell the surveyor-general, in writing, about the change as soon as practicable but not later than 21 days after the day the change happens.

Maximum penalty: 5 penalty units.

- (2) A surveyor commits an offence if—
- (a) the surveyor does not have a registered business address; and
 - (b) either of the following changes happen:
 - (i) the surveyor's home address changes;
 - (ii) the surveyor gets a business address; and
 - (c) the surveyor fails to tell the surveyor-general, in writing, about the change as soon as practicable but not later than 21 days after the day the change happens.

Maximum penalty: 5 penalty units.

- (3) An offence against this section is a strict liability offence.

Part 3 **Regulatory action**

Division 3.1 **Continuing registration**

16 **Meaning of *continuation notice*—div 3.1**

In this division:

continuation notice—see section 19.

17 **Continuation notice fee**

- (1) This section applies if a fee is determined under section 80 for giving a continuation notice.
- (2) To remove any doubt, a continuation notice is taken not to have been given unless the fee is paid.

18 **Continuation notice reminders**

- (1) Before the beginning of a financial year, the surveyor-general may send a notice (a *continuation notice reminder*) to a surveyor.
- (2) A continuation notice reminder must—
 - (a) be addressed to the surveyor; and
 - (b) include information to the following effect:
 - (i) that the surveyor must give the surveyor-general a continuation notice before 1 September in the financial year if the surveyor intends to continue to be registered in the financial year;
 - (ii) that the surveyor's registration will be automatically suspended on 1 November in the financial year if the surveyor does not give the surveyor-general a continuation notice for the financial year before 1 November in the financial year;

- (iii) that the surveyor's registration will be automatically cancelled on the day after the end of the financial year if the surveyor does not give the surveyor-general a continuation notice for the financial year before the end of the financial year; and
 - (c) set out any fee determined for giving a continuation notice, including any higher fee for late payment.
- (3) If the surveyor-general fails to send a continuation notice reminder for a surveyor's registration, or the notice is not received by the surveyor, the failure or nonreceipt does not affect—
- (a) any suspension or cancellation of the registration; or
 - (b) the obligation of the surveyor to give a continuation notice for a financial year if the surveyor intends to continue to be registered in the financial year.

19 Annual continuation notice for registration

Before 1 September in a financial year, a surveyor must give the surveyor-general written notice (a *continuation notice*) that the surveyor intends to continue to be registered in the financial year.

Note 1 If a form is approved under s 81 for this provision, the form must be used.

Note 2 A fee may be determined under s 80 for this provision.

Note 3 For how documents may be served, see the Legislation Act, pt 19.5.

20 No continuation notice before 1 November

- (1) This section applies if a surveyor has not given the surveyor-general a continuation notice for a financial year before 1 November in the financial year.
- (2) The surveyor's registration is automatically suspended on 1 November in the financial year.

21 Lifting s 20 suspension

- (1) This section applies if a surveyor's registration is suspended under section 20 in a financial year.
- (2) If, before the financial year ends, the surveyor gives the surveyor-general a continuation notice for the financial year, the suspension ends.
- (3) The suspension ends when the surveyor gives the surveyor-general the notice and the registration is taken to have continued in force as if it had not been suspended under section 20.

Note 1 If a form is approved under s 81 for this provision, the form must be used.

Note 2 A fee may be determined under s 80 for this provision.

Note 3 For when documents are taken to be served, see the Legislation Act, s 250.

22 Cancellation after s 20 suspension

- (1) This section applies if a surveyor does not give the surveyor-general a continuation notice for a financial year before the end of the financial year.
- (2) The surveyor's registration is automatically cancelled on the day after the end of the financial year.

Division 3.2 Cancellation of registration for incapacity

23 Cancellation of registration for incapacity

- (1) This section applies if the surveyor-general believes on reasonable grounds that—
 - (a) a surveyor has become mentally or physically incapacitated; and

- (b) the incapacity substantially affects the surveyor's ability to practise surveying.
- (2) The surveyor-general may cancel the surveyor's registration.
- (3) However, the surveyor-general must not cancel the surveyor's registration unless—
 - (a) the surveyor-general—
 - (i) gives the surveyor written notice under section 24 of the surveyor-general's intention to cancel the registration; and
 - (ii) takes into consideration any response received from the surveyor in accordance with the notice; and
 - (b) the surveyor-general is satisfied that—
 - (i) the surveyor is mentally or physically incapacitated; and
 - (ii) the incapacity substantially affects the surveyor's ability to practise surveying; and
 - (c) at least 15 business days have passed since the day the notice was given under section 24.
- (4) Cancellation of a person's registration under this section takes effect—
 - (a) when written notice of the cancellation is given to the person; or
 - (b) if the written notice of the cancellation states a later date—on the stated date.

24 Notice of intention to cancel registration for incapacity

A notice under this section given to a surveyor must—

- (a) state that the surveyor-general intends to cancel the surveyor's registration; and

- (b) explain why the surveyor-general intends to cancel the registration; and
- (c) state that the surveyor may, within 12 business days after the day the surveyor is given the notice, give a written response to the surveyor-general about the matters in the notice.

Note For how documents may be served, see the Legislation Act, pt 19.5.

Division 3.3 Occupational discipline—surveyors

25 Meaning of *surveyor*—div 3.3

In this division:

surveyor—

- (a) in relation to an act or omission, means—
 - (i) a registered person; or
 - (ii) a person who was registered at the time of the act or omission; and
- (b) in any other case—includes a person whose registration has been cancelled.

26 Grounds for occupational discipline

- (1) Each of the following is a *ground for occupational discipline* in relation to a surveyor:
 - (a) the surveyor gave information in relation to the application for registration that was false or misleading in a material particular;
 - (b) the surveyor has certified to the accuracy of a survey or a measurement survey knowing it to be inaccurate;
 - (c) the surveyor has, deliberately or through carelessness or incompetence, carried out a survey or a measurement survey that is so inaccurate or defective as to be unreliable;

- (d) a survey has been carried out, or a plan prepared, by or under the supervision of the surveyor, that contravenes section 58 (Surveys and plans to comply with practice directions);
- (e) the surveyor has contravened, or is contravening, this Act, whether or not the surveyor has been convicted of an offence for the contravention;

Note A reference to an Act includes a reference to the statutory instruments made or in force under the Act, including regulations (see Legislation Act, s 104).

- (f) both of the following apply:
 - (i) the surveyor has been convicted or found guilty in Australia of an offence involving fraud, dishonesty or violence that is punishable by imprisonment for 1 year or longer;
 - (ii) the surveyor-general is satisfied that committing the offence affects the surveyor's suitability to practise surveying;
- (g) both of the following apply:
 - (i) the surveyor has been convicted or found guilty outside Australia of an offence involving fraud, dishonesty or violence that, if it had been committed in the ACT, would be punishable by imprisonment for 1 year or longer;
 - (ii) the surveyor-general is satisfied that committing the offence affects the surveyor's suitability to practise surveying.

- (2) A ground for occupational discipline applies to a surveyor who is no longer registered if the ground applied to the surveyor while registered.

(3) In this section:

measurement survey means an activity that includes any of the following:

- (a) taking measurements of distance, height, depth, level or direction in relation to land, including the air space above land and the subsurface below land and land covered by water;

- (d) collating any measurements and locations recorded under subparagraph (c);
- (e) preparing plans or other documents to illustrate the results of any measurements taken, or the location of any survey marks inserted, under this paragraph.

27 Surveyor-general may apply to ACAT for occupational discipline

If the surveyor-general believes on reasonable grounds that a ground for occupational discipline exists in relation to a surveyor, the surveyor-general may apply to the ACAT for an occupational discipline order in relation to the surveyor.

Note The *ACT Civil and Administrative Tribunal Act 2008*, s 66 sets out occupational discipline orders the ACAT may make.

28 Giving local registering authorities information about cancelling or suspending registration

- (1) This section applies if the ACAT cancels or suspends a surveyor's registration or disqualifies a surveyor from applying for registration.

- (2) The surveyor-general must give each local registering authority the following information about the surveyor:
 - (a) the name and any other identifying details of the surveyor;
 - (b) a short description of the ground for occupational discipline on which the occupational discipline order was based;
 - (c) whether the registration has been cancelled or suspended or the surveyor disqualified;
 - (d) if the registration has been suspended—the period of suspension;
 - (e) if the surveyor has been disqualified—the period of disqualification.
- (3) This section does not limit any other requirement or power, under this Act or another law in force in the ACT, to give information to a local registering authority.

Division 3.4 Other regulatory action

41 Voluntary cancellation of registration

The surveyor-general must cancel a surveyor's registration if—

- (a) the surveyor asks, in writing, for the cancellation; and
- (b) the surveyor gives the surveyor's registration certificate to the surveyor-general or satisfies the surveyor-general that the certificate has been lost, stolen or destroyed; and
- (c) the surveyor-general has no ground for believing that the surveyor has contravened, or is contravening, this Act.

42 Inquiries about registered addresses

- (1) The surveyor-general may, by written notice, ask a surveyor—
 - (a) if the surveyor's address in the surveyors register is correct; and
 - (b) for a surveyor without a registered business address—if the surveyor has a business address.
- (2) A notice under subsection (1) must state the consequences under subsection (3) of failing to respond to the notice.
- (3) If the surveyor-general does not receive an answer to a notice sent to a surveyor under subsection (1) by the end of the period of 2 months after the day the notice is sent to the surveyor, the surveyor-general may cancel the surveyor's registration.

43 Return of registration certificate on cancellation and suspension

- (1) This section applies to a person whose registration is suspended or cancelled.
- (2) The surveyor-general may, by written notice, require the person to return to the surveyor-general, as soon as practicable but not later than 14 days after the day the person receives the notice, the person's registration certificate.
- (3) A person must comply with a requirement made of the person under subsection (2).

Maximum penalty: 5 penalty units.

- (4) An offence against this section is a strict liability offence.

Part 4 The practice of surveying

Division 4.1 Interpretation—pt 4

44 Definitions—pt 4

In this part:

surveyor does not include a person whose registration is suspended.

Division 4.2 Power of entry and damage

45 Power of entry generally

- (1) For the purpose of carrying out a survey, a surveyor or someone assisting a surveyor (an *assistant*) may at any reasonable time, in accordance with this section—
- (a) enter land, including land that is not to be surveyed; and
 - (b) open a door, gate or fence; and
 - (c) place a survey mark on the ground of land entered; and
 - (d) make a hole in the ground to uncover or expose a survey mark;
and
 - (e) enter a building; and
 - (f) trim a tree or bush obstructing a survey.

- (2) A surveyor or assistant may enter land that is not owned by the person for whom the survey is being carried out only if, before entering the land, the surveyor gives the owner of the land reasonable notice, whether oral or written, of the surveyor's or assistant's intention to enter the land.
- (3) A surveyor or assistant may enter a building or part of a building that is not occupied by the person for whom the survey is being carried out only—
- (a) if the occupier has consented, in writing, to the entry; or
 - (b) in accordance with an order of the Magistrates Court.
- (4) To remove any doubt, an assistant may only exercise a function under this section in relation to land or a building—
- (a) if the assistant is with the surveyor; or
 - (b) if the assistant is not with the surveyor—if the owner or occupier has consented, in writing, to the exercise of the function.
- (5) In this section:
- occupier**, of a building, includes—
- (a) a person believed on reasonable grounds to be an occupier of the building; and
 - (b) a person apparently in charge of the building.
- owner**, of land, includes the lessee or occupier of the land.

46 Application for order to enter building etc

- (1) A surveyor or person for whom a survey is being, or is to be, carried out, may apply to the Magistrates Court for an order under section 45 (3) (b) allowing entry to a building or part of a building.
- (2) The Magistrates Court must make the order if satisfied that the survey can not reasonably be carried out unless the surveyor, or person assisting the surveyor, enters the building or part of the building.
- (3) An order under this section may be subject to a condition.

47 Damage by surveyors and assistants—generally

- (1) This section applies if someone exercises or purports to exercise a function under section 45.
- (2) The person must take reasonable steps to ensure that the person causes as little inconvenience, detriment and damage as is practicable when exercising or purporting to exercise the function.
- (3) If the person damages anything when exercising or purporting to exercise the function, the person must immediately give written notice of the details of the damage to someone the person believes on reasonable grounds is the owner of the thing.
- (4) However, if it is not practicable to comply with subsection (3), the person must leave the notice, in a reasonably secure way and in a conspicuous position, at the place where the damage happened.
- (5) The person is liable to pay compensation for the damage to the owner of the thing.

48 Damage by surveyors and assistants—compensation

- (1) Compensation mentioned in section 47 (5) may be claimed and ordered in a proceeding for compensation brought in a court of competent jurisdiction.
- (2) A court may order the payment of reasonable compensation for the damage only if satisfied it is just to make the order in the circumstances of the particular case.
- (3) A regulation may prescribe matters that may, must or must not be taken into account by the court in considering whether it is just to make the order.
- (4) The amount of compensation that a person is ordered to pay that is reasonably and necessarily caused in carrying out the survey is an amount owing to the person by the person for whom the survey is being, or was, carried out.

Note An amount owing under a law may be recovered as a debt in a court of competent jurisdiction (see Legislation Act, s 177).
