CIT FEE SCHEDULE:

The current standard fee schedule for public access courses and programs is as follows:

- ❑ A Registration Fee of \$6.00 per registered 'billing point'

Billing points are calculated as follows:

- ❑ The 'billing hours' value currently associated with each course in the CATALOG module is divided by five (5).
- ❑ The result of this division is rounded-up to the next whole number to determine the billing points for that program.
- ❑ For very short courses a minimum billing point value of two (2) will be applied.

The following examples show how billing points and fees are calculated for some typical CIT courses:

<u>Example 1: A course with 54 billing hours:</u>	
Divide billing hours by five	= $54/5$
	= 10.8
Billing Points	= 11
Multiplied by \$6 per billing point	= \$66
<u>Example 2: A course with 6 billing hours:</u>	
Apply the minimum value to billing hours	= 10
Divide adjusted billing hours by five	= $10/5$
Billing Points	= 2.0
Multiplied by \$6 per billing point	= 2
	= \$12
