

Utilities (NERL retailers – Application of Industry Codes) Determination 2021

Disallowable instrument DI2021–228

made under the

Utilities Act 2000, s 56A (NERL retailers – determination of application of code) and s 63 (Public access)

1 Name of instrument

This instrument is the *Utilities (NERL retailers – Application of Industry Codes) Determination 2021*.

2 Commencement

This instrument commences on 1 October 2021.

3 Determination of application of code

The Commission determines that the *Utilities (ACT Retail Electricity (Transparency and Comparability) Code) Determination 2021* applies to NERL retailers authorised to sell electricity under the National Energy Retail Law (ACT).

The Commission determines that the ‘better offer notification on bills’ requirement detailed at Part 3 of the *Utilities (ACT Retail Electricity (Transparency and Comparability) Code) Determination 2021* does not apply to customers of embedded networks.

4 Public access to documents

Copies of this determination and the applicable codes are available on the Independent Competition and Regulatory Commission’s website. These documents are also available for inspection by members of the public between 9:00 am and 5:00 pm, Monday to Friday, at the Commission’s offices. Hard copies can be made available on request.
