1 Name of instrument

This instrument is the *Public Health (Fees) Determination 2024 (No 1)*.

2 Commencement

This instrument commences on 1 January 2025.

3 Determination of fees

I determine the fees for the Public Health Act specified in Schedules 1 to 5. The fee payable in respect of each matter listed in column 2 of a schedule is the amount listed for that item in column 4.

4 Payment of fees

A fee listed in a schedule is payable to the Territory by the person identified in column 3 of the schedule.

The fees are exempt from Goods and Services Tax under Division 81 of A *New Tax System (Goods and Services Tax) Act 1999 (Cwlth)*.

5 Refunding of fees

Column 5 of the schedules specifies what amount, if any, of a fee identified in column 4 is non-refundable.

A non-refundable amount is included to cover the costs associated with the processing and administration of an application.

6 Licence and registration terms

The amounts listed in column 4 are based on a one-year licence or registration.

Subject to some limitations, licences and registrations can also be issued for longer terms, up to a maximum duration of three years. Where a longer term is granted, the applicable fee in column 4 is multiplied to correspond with the term of the licence or registration.

For example, the fee payable for a two-year licence is twice the fee specified in column 4.

The fees determined are based on a one-year licence or registration. Subject to some limitations, licences and registrations can also be issued for longer terms, up to a maximum duration of three years. Where a longer term is granted, the determined fee is multiplied to correspond with the term of the licence or registration. For example, the fee payable for a two-year licence is twice the fee specified in column 4. For a three-year registration, the fee in column 4 is multiplied by three.

For every licence or registration for which a fee is payable, there is a non-refundable amount that has been included to cover the costs associated with the processing and administration of the application. Such costs are incurred by the regulator irrespective of whether a licence or registration is granted or refused. The non-refundable portion of the fee is not affected by the term of the licence or registration. Accordingly, the fee to be paid for a three-year licence will have the same non-refundable amount as a one-year licence.
