OZONE PROTECTION BILL 1991

Clause 29 and 33 of the Ozone Protection Bill 1991 provide for the inspection of premises. These two clauses are amended to substitute the word "believes" for "suspects". These amendments will make the inspection powers in clauses 29 and 33 consistent with other Territory legislation containing similar powers.

Clause 33 of the Ozone Protection Bill 1991 is also amended to change an incorrect reference to subsection 29(1) to subsection 29(2).
