# Road Transport (General) (Driver Licence and Related Fees) Determination 2007 (No 1)

Disallowable instrument DI2007–176

made under the

*Road Transport (General) Act 1999*, section 96 (Determination of fees, charges and other amounts)

## EXPLANATORY STATEMENT

---

Section 96 of the *Road Transport (General) Act 1999* authorises the Minister to determine fees, charges and other amounts payable under the ACT road transport legislation.

This instrument has the effect of determining fees, payable in advance, for driver licence and related transactions under the road transport legislation.

The fee for a full five-year licence is aligned with the corresponding fee charged in NSW and has increased by 3.8%. The fee for an ACT three-year provisional driver licence is three fifths of the fee for a five-year licence. The ACT learner licence is issued under different arrangements and for a different period than the NSW learner licence and the fee is therefore not aligned with NSW.

All other fees have increased by 3.8%, rounded down to the nearest dollar for amounts over \$100 and the nearest multiple of 10c for amounts below \$100.

This determination is a disallowable instrument and must be presented to the Legislative Assembly within 6 sitting days after its notification pursuant to section 64 of the *Legislation Act 2001*.
