

AUSTRALIAN CAPITAL TERRITORY

CANBERRA BUILDING REGULATIONS

EXPLANATORY MEMORANDUM

No. 11 of 1967

A new Ordinance, the Surveyors Ordinance 1967, is to be made to provide for a system of registration and control of surveyors in the Australian Capital Territory. This has necessitated a mechanical amendment to the Canberra Building Regulations to remove the reference, now incorrect, to surveyors licensed under the Real Property Ordinance 1925-1963.
