Unlawful Gambling (Charitable Gaming Fees) Determination 2014 (No 1)

Disallowable Instrument DI2014–99

made under the

Unlawful Gambling Act, section 48 (Determination of Fees)

EXPLANATORY STATEMENT

The *Unlawful Gambling Act 2009* (the Act) prohibits gambling activity unless it is expressly authorised through gaming laws.

This instrument revokes the determination of fees made by Disallowable Instrument DI2010-31 notified on the Legislation Register on 10 March 2010.

Section 48 of the Act provides that the Minister may determine fees for the Act. This instrument sets out the fee for an approval issued under the Act to a charitable organisation to conduct charitable gaming.

This instrument increases the fee in accordance with Government policy which is based on the Wage Price Index estimates for 2014-15 of 3% plus an additional 1%. Rounding to the nearest dollar occurs where necessary in relation to the increase. A comparative table indicating the previous and revised fee is included as an attachment to this Explanatory Statement.

The activity requiring the payment of a fee outlined in this instrument is identical to the activity identified in Disallowable Instrument DI2010-31.

The fee amount is less than the likely cost of processing the application because the purpose of allowing charitable gaming is to provide an additional means of fundraising for charitable organisations.

A determination under section 48 is a disallowable instrument and must be tabled in the Legislative Assembly.
