SURVEYORS ACT 2001

SURVEYORS PRACTICE DIRECTIONS DETERMINATION 2003 (No 1)

Disallowable Instrument DI 2003- 118

EXPLANATORY STATEMENT

Section 38 of the *Surveyors Act 2001* provides for the issuing of Survey Practice Directions. The Survey Practice Directions set out the regulations governing the practice of surveying in the Territory, and represent the rules by which the acceptable placement of survey marks, accuracy of surveys, placement of survey reference marks and preparation of survey plans are measured. The directions further stipulate an acceptable code of conduct for surveyors in supervising surveys in the field.
