# Road Transport (General) Fees for Publications Determination 2016 (No 1)

Disallowable instrument DI2016–46

made under the

*Road Transport (General) Act 1999*, section 96 (Determination of fees, charges and other amounts)

## EXPLANATORY STATEMENT

---

Section 96 of the *Road Transport (General) Act 1999* allows the Minister to determine fees, charges and other amounts. Section 96 (2) (b) provides that a fee, charge or other amount may be determined in relation to any other service or facility provided for road users or particular road users, including, for example, a service or facility for, or to improve, road safety or transport efficiency.

This disallowable instrument has the effect of determining the fees for various kinds of road transport publications. These publications are made available by the road transport authority on request.

The fees for ACT publications for the 2016-2017 financial year have been increased by the Wages Price Index (WPI) of 1.6%, rounded down to the nearest ten cents.

Column 1 of schedule 1 lists the item number. Column 2 of schedule 1 describes the service or other matter in relation to the fee payable. Column 3 of schedule 1 lists the fee payable on or before 30 June 2016. Column 4 of schedule 1 lists the fee payable on or after 1 July 2016.

Commonwealth, State and Territory Transport Ministers agreed in November 2015 to increase the price for the national driver work diary from \$20 to \$25.

This determination is a disallowable instrument and must be presented to the Legislative Assembly within 6 sitting days after its notification pursuant to section 64 of the *Legislation Act 2001*.
