Utilities (Energy industry levy – other) Determination 2021 (No 2)

Notifiable Instrument NI2021-603

made under the

Utilities Act 2000, section 54H (Further energy sector determinations)

EXPLANATORY STATEMENT

Section 54H of the *Utilities Act 2000* requires the Levy Administrator, appointed under section 54N, to determine:

- for the 2021–22 levy year, the number of energy utilities that provided an energy utility service in each energy utility sector at any time before 30 August 2021;
- for the 2020–21 levy year, the number of energy utilities that provided an energy utility service in each energy utility sector at any time during the year; and
- for the 2020–21 levy year, the number of megawatt hours of electricity or megajoules of gas distributed or sold in the ACT by all energy utilities in each energy sector in the year.

The *Utilities (Energy industry levy – other) Determination 2021* sets out these determinations.

On 27 September 2021, the Levy Administrator determined the levy under section 54H of the *Utilities Act*. The instrument (NI2021-577) was then notified on 30 September 2021 and commenced on 1 October 2021.

After the instrument commenced, the Levy Administrator corrected the figures on 11 October 2021 after receiving additional information. The previous determination (NI2021-577) was then revoked by the current determination.
