

Australian Capital Territory

Public Health (Fees) Determination 2022 (No 1)

Disallowable instrument DI2022-35

made under the

Public Health Act 1997, s 137 (Determination of fees)

EXPLANATORY STATEMENT

The *Public Health Act 1997* provides for the licensing and registration of public health risk activities.

This instrument sets fees for the application, renewal and transfer of all licensable or registrable public health risk activities.

This instrument revokes and replaces DI2021-262, notified on 22 November 2021.

This instrument comes into effect on 27 March 2022. It incorporates new licence fee descriptions to coincide with the commencement of the Public Health (Health Care Facility) Code of Practice 2021 (DI2021-240).

The new licence fee descriptions in Schedule 2 are:

- a 'hospital licence that has less than 200 beds'
- a 'hospital licence that has 200 or more beds'
- a 'day procedure licence'
- a 'day procedure licence for a dental facility'.

A dental facility is defined in the instrument as 'a premises where the predominant business activity is dentistry provided by a dentist'.

This instrument does not result in any fee increases to existing health care facility licence holders.
