

Security Industry (Fees) Determination 2022 (No 2)

Disallowable instrument DI2022–202

made under the

Security Industry Act 2003, section 50 (Determination of fees)

EXPLANATORY STATEMENT

The Minister has power to determine fees for the purposes of this Act.

Update to the instrument

This instrument provides an update to the *Security Industry (Fees) Determination* that will apply beginning on 1 September 2022. It does not seek to apply updates retrospectively. The instrument applies a 0.29% increase rounded down to the nearest dollar. The fee increases are in accordance with the 2022-23 budget initiative *Better Digital Services – increasing Access Canberra Staff*. This instrument repeals the *Security Industry (Fees) Determination 2022* DI2022-144. Explanatory notes in the determination list the fees previously determined to enable comparison.

Item 238.1 has been incorporated into existing item 237 to provide one fee covering replacement licences and sub-licences that are issued as a result of a variation. This change is aimed at simplifying the fee framework.
