# Road Transport (Safety and Traffic Management) Parking Authority Declaration 2023 (No 3)

Disallowable instrument DI2023–297

made under the

*Road Transport (Safety and Traffic Management) Regulation 2017, section 33 (Parking Authorities)*

## EXPLANATORY STATEMENT

---

A person may apply to the road transport authority to be a parking authority under section 33 (1) of the *Road Transport (Safety and Traffic Management) Regulation 2017* (the regulation). The road transport authority may declare a person to be a parking authority. Section 33 (3) of the regulation provides that such a declaration is a disallowable instrument.

A parking authority may establish and operate a ticket parking scheme for any length of road or area under its control in accordance with the *Road Transport (Safety and Traffic Management) Guidelines 2020*.

Capital Property Corporation Pty Ltd has applied to the road transport authority to be a parking authority for the following location:

- Block 40 of Section 100 in the City division.

The declaration allows the ticket parking scheme run by Capital Property Corporation Pty Ltd to be enforced under the ACT road transport legislation.

Declaring a person to be a parking authority does not impose appreciable costs on the community or part of the community and therefore does not require a regulatory impact statement. While the operation of a ticket parking scheme can involve fixing fees for parking vehicles in an area, this is a fee being charged by a private operator as part of a commercial arrangement.

No rights contained in the *Human Rights Act 2004* are impacted by this instrument.

## **Climate change implications**

There are not considered to be any climate change implications arising from the instrument.
