

Liquor (Fees) Determination 2025 (No 2)

Disallowable instrument DI2025-285

made under the

Liquor Act 2010, section 227 (Determination of fees)

EXPLANATORY STATEMENT

The *Liquor Act 2010* (the Act) regulates the supply of liquor in the ACT. Section 227 of the Act provides that the Minister may determine fees for the Act.

Priority print and mailing fee for Proof of Identity cards

The purpose of this instrument is to add a priority print and mailing fee as an optional express service for applications for proof of identity cards issued under section 210 of the Act.

Section 210 of the Act provides that an individual who is an adult may apply, in writing, to the road transport authority for a proof of identity card. The road transport authority may issue the applicant with a proof of identity card if satisfied of the applicant's identity and that the applicant is an adult.

From February 2025, ACT driver licences and some other licence ID cards including proof of identity cards adopted new security features available through offsite printing, rather than printing at an Access Canberra Service Centre, with cards subsequently mailed to an individual. Offsite printing and mailing of a card may take up to 21 days for delivery to the applicant. Access Canberra consequently offers an optional express service that allows cards to be printed and delivered to a customer more quickly than is available from regular processing. The priority print and mailing fee covers the extra cost arising from printing a proof of identity card urgently and sending it to an individual via express postage. An equivalent fee applies to other cards printed through the offsite arrangement where an individual requests the optional express service.

The optional priority print and mailing fee for a proof of identity card, commencing on the day after the instrument is notified, is listed at item 515(b) of the schedule to the instrument. The fee for an application for a proof of identity card which is *not* an express application, at item 515(a), remains unchanged. A person taking up the optional express service must pay both fees as listed in items 515(a) & (b).

Determination of fees

The only material change to the *Liquor (Fees) Determination 2025* (DI2025-120) made by this instrument is to add the optional priority print and mailing fee for proof of identity cards. There are no changes to the remaining fees, however, some editorial changes have been made to correct typographical and formatting errors. Additionally, to assist readers, the background provided by the explanatory statement to the *Liquor (Fees) Determination 2025* (DI2025-120) is reproduced in substance in this explanatory statement.

Fees in the 2025-2026 financial year have generally been increased from fees in the previous financial year by the Wages Price Index (WPI) of 3.25% plus an additional 0.35%, rounded down to the nearest dollar. Some smaller value fees may be rounded up to the nearest dollar. This approach aligns with the *Fees and Charges Policy and Guidelines 2025-2026*.

The schedule to the instrument includes at column 1 the item number for each matter in respect of which a fee is payable. Column 2 details the matter in respect of which the fee stated in column 3 is payable. Included as a schedule to this explanatory statement is a corresponding schedule that presents an additional column to enable comparison between the fees determined by the instrument and those previously determined.

Annual licence fees

Item 501 refers to annual fees for licences under section 32A of the Act. Consistent with section 32A of the Act, the fee determination provides that the fees for a matter at item 501 (annual fees) of the schedule to the fees determination are payable to the commissioner for fair trading. The fees for all other matters are payable to the Territory. All fees are payable by the person requesting the matter.

Reductions in annual licence fees under section 32B of the Act

On 10 April 2024, the *Liquor (Night-Time Economy) Amendment Bill 2024* (the Bill) was passed in the Legislative Assembly. The purpose of the Bill was to amend the Act to facilitate reforms to remove regulatory barriers and assist licensed businesses to increase their participation in Canberra's night-time economy, as well as increase support for local artists.

The Bill inserted section 32B into the Act. Section 32B (1) of the Act provides that a licensee who regularly holds eligible events may apply to the commissioner for fair trading for a reduction in the annual fee payable for the licence. This provision was introduced to incentivise the support of local and interstate artists by providing eligible licensees holding eligible events an 80 per cent discount on annual liquor licence fees for venues with an occupancy limit of less than or equal to 150 people. The 80 per cent discount applies to the fees reflected in items 501(1)(a)-(b); 501(2)(a)-(b); 501(3)(a)-(f); and 501(4)(a)-(b) of the Schedule to the determination.

Subsequently, the government committed to extend support for the night-time economy by expanding this incentive. Accordingly, the *Liquor (Fees) Determination 2025* (DI2025-120) was made to provide for the extended incentives, which apply a 50 per cent discount on annual liquor fees for venues with an occupancy limit of over 150 people but less than or equal to 350 people. This 50 per cent discount applies to the fees in the Schedule at items 501(1)(c); 501(2)(c); 501(3)(g); and 501(4)(c). This instrument continues these arrangements.

‘Eligible licensee’ and ‘eligible event’ are defined in section 32B (1) and section 32B (7) of the Act, respectively. The fee reductions are not applicable to annual catering licences.

Section 32B (4) provides that the Minister may make guidelines in relation to reducing the annual fee payable for a licence. The *Liquor (Reduction in Annual Licence Fee for Eligible Events) Guidelines 2025 (No 1)* (DI2025-130) commenced on 1 July 2025.

Reduction in annual licence fees for restaurant, café and general licensees

In December 2023, the government amended liquor licence fees as part of a broader reform package to support and enhance Canberra’s night-time economy (see the *Liquor (Fees) Determination 2023 (No 2)* (DI2023-305). This package included a 50 per cent reduction in annual liquor fees from 1 January 2024 for restaurant and café licences where total occupancy loading for the premises was less than or equal to 80 people.

The fees determined by the *Liquor (Fees) Determination 2025* (DI2025-120), as continued by this instrument, extended the reductions, which apply a 50 per cent discount on annual liquor fees for restaurant and café licences, as well as general licences, with an occupancy limit of less than or equal to 150 people. Note, for general licences, these extended reductions do not apply to those with an occupancy limit of 20 people or less. The 50 per cent discount applies to the fees in the Schedule at items 501(2)(b); and, for general licences only, 501(3)(d) and (e). Where applicable, amounts have been rounded down to the nearest dollar to align with the *Fees and Charges Policy and Guidelines 2025-2026*.

Other matters

A regulatory impact statement (RIS) is not required for this fee determination due to section 36(1)(k) of the *Legislation Act 2001*, which states that a RIS need not be prepared for a disallowable instrument to the extent that it provides for an amendment of a fee consistent with announced government policy. The fee increases made by this instrument are consistent with announced government policy as reflected in the *2025-26 Budget Outlook*.

There are no human rights or climate change implications arising from this instrument.

This instrument repeals the *Liquor (Fees) Determination 2025* (DI2025-120).
