## AUSTRALIAN CAPITAL TERRITORY GAZETTE

### INDEX

This index covers ACT Gazette issues 1-31 and Special issues S1-48. Regular issues are paged continuously throughout the year and are indexed to the page number. Special issues are separately paged and, except for no. S14, are indexed to the issue number only.

The index allows access to the Gazette contents by subject and directly by names of individuals and organisations. However, appointments to the Australian Capital Territory Teaching Service are not indexed.

The index is arranged alphabetically word by word. Each letter in an abbreviation that is spelt out when spoken has been treated as a single word: 'ACT', for example, precedes 'Able'. Contractions are filed as if spelt in full: 'St' as 'Saint', for example. Numbers are filed as spelt: '3' as 'three'.
