AUSTRALIAN CAPITAL TERRITORY GAZETTE

Index 1990

This index covers ACT Gazette issues 1-50 and Special issues S 1-105. Regular issues are paged continuously throughout the year and are indexed to the page number. Special issues are separately paged and are generally indexed to the issue number only. An exception is made for longer Special issues dealing with a variety of subjects.

Gazettes nos 1 and 2 of the year were mistakenly numbered 32 and 33, and continued the page numbering (543-96) from 1989. In order to avoid confusion with the same pages occurring in issues 21-3, pages in the January issues are filed before any others and are followed by (J).

The index allows access to the Gazette contents by subject and directly by names of individuals and organisations. Vacancies to the Australian Capital Territory Teaching Service are not indexed.

The index is arranged alphabetically word by word. Contractions are filed as if spelt in full: 'St' as 'Saint', for example. Numbers are filed as spelt '3' as 'three'.
