REGISTRATION OF EXPRESSIONS OF INTEREST

The ACT Government intends to commission a study of future public transport options for Canberra. The coordination of the study will be the joint responsibility of Roads and Transport Branch, Department of Urban Services and the Territory Planning Authority, Department of Environment, Land and Planning.

Expressions of interest are sought from consultants who have the expertise and experience to undertake a study which will examine alternative forms of public transport (including light rail) which could be introduced in Canberra in the future, the costs required to implement and operate such systems, possible financing arrangements for the systems and their integrated with other transport services.

It is intended that the study will be undertaken in three stages, with public consultation being undertaken between each stage of the study.

- The first stage will broadly examine technology and financing options, and identify those suitable for further study.
- The second stage will provide detailed information for each suggested option, examine viability issues and recommend the most suitable technology for implementation.
- The third stage will address in detail implementation of the recommended technology.

The project will be reviewed at the end of each stage - the project will not be continued if there are indications that alternative systems are not practical for technological, financial, or operational reasons.

Expressions of interest should be no more than 6 pages, and indicate:

- the consultant's understanding of issues which need to be addressed.
- Suggested methodology and appropriate outcomes.
- Consultancy skills proposed, including the personnel and qualifications offered.
- Preliminary costs of proposed tasks.

Replies should be provided by 2.00pm on Friday 25 October 1991 and marked "TENDER BOX" Expression of Interest. Replies may also be faxed on (06) 246 8889.
