AUSTRALIAN CAPITAL TERRITORY GAZETTE

Index 1991

This index covers ACT Gazettes issues 1-50 and Special issues S 1-163. Regular issues are paged continuously throughout the year and are indexed to the page number. Special issues are separately paged and are generally indexed to the issue number only. An exception is made for longer Special issues dealing with a variety of subjects.

The index allows access to the Gazette contents by subject and directly by names of individuals and organisations. Vacancies to the ACT Teaching Service are not indexed.

The index is arranged alphabetically word by word. Contractions are filed as if spelt in full: 'St' as 'Saint', for example. Numbers are filed as spelt: '3' as 'three'. Government authorities whose names begin with 'ACT' or 'Australian Capital Territory' are all filed at 'ACT'.
