THE CANBERRA HOSPITAL

Expressions of Interest

CONSULTANCY SERVICES – FEASIBILITY STUDIES

The Canberra Hospital is a major trauma and tertiary care facility providing acute and long-term speciality care to the ACT and the surrounding South Eastern Region of NSW. It is also a teaching hospital of the University of Sydney (Canberra Clinical School).

As part of the hospital's strategic asset management approach, Expressions of Interest are invited from suitably qualified and experienced consultants to complete feasibility studies into:

- the development of a medi-hotel/alternate patient accommodation facility; and
- major refurbishment of the food services facilities.

In the two studies the hospital is seeking innovative approaches to examine the most cost effective application of its capital and recurrent resources.

It is anticipated that the studies will lead to submission for capital works funding. Consultants may wish to provide submissions for either or both projects.

The successful consultant(s) will have:

- a record of achievement in complex health economics consultancies with major clients;
- an understanding of factors and trends affecting hospital treatment of patients;
- an understanding of factors and trends affecting meals production and associated food services particularly in a hospital environment (for food services study);
- access to appropriate national and international 'best practice' benchmarks for bed management and patient accommodation for food services (as appropriate to each study); and
- a cooperative approach in working with key stakeholders.

Contacts: Requests for documentation and enquiries should be directed to the respective Project Managers:

Medi-hotel/alternate patient accommodation:
Ms Irene McKinnon, telephone (02) 6244 2689, fax (02) 6285 3020;
