## CHIEF MINISTER'S DEPARTMENT

Expressions of Interest

### QUALITY STANDARDS IN THE PROVISION OF SOCIAL AND COMMUNITY SERVICES

As part of the implementation of service purchasing arrangements the Chief Minister's Department proposes to engage a consultant to develop agreed generic quality standards for the provision of social and community services. This will involve consideration of a range of issues including improvements in service quality, minimum and best practice standards, and accountability in terms of both quality and financial management.

Expressions of interest in undertaking the consultancy described above are invited from interested organisations and individuals.

To be considered, Expressions of Interest must be received by 5pm on Friday 13 February 1998. It is proposed that a small number of invitations to tender will be made on the basis of an assessment of the expressions of interest received.

For application details or further information, please contact Christine Freudenstein Phone: (02) 6205 0215

## ATTORNEY-GENERAL'S DEPARTMENT

ACT CORRECTIVE SERVICES

PROPOSED TENDER DOCUMENT

### Offender Intervention Programs

ACT Corrective Services

ACT Corrective Services seeks expressions of interest from suitably qualified individuals and organisations to deliver community based programs that effectively address the criminogenic needs of offenders on community corrections orders using intervention strategies that aim to

- Prevent violent behaviours – for about 30 people per year
- Prevent further sex offending – for about 20 people per year
- Achieve pro-social cognitive change – for about 50 offenders per year (ie problem solving, self control skills, changing attitudes towards offending etc)

Those on the program will be non-voluntary and will face possible court action if they fail to comply.

Programs may combine individual based interventions or rely on group work techniques (or a combination of the two approaches). All proposals must be accompanied by evidence that proposed strategies have been previously shown to reduce offending and must include an evaluation framework which conforms with basic scientific design principles.

Proposals from students studying towards post graduate degrees will be considered if they are supervised by the academic institutions at which they are studying.

Further information is available from Mr Ian Fitzgerald on (02) 6207 0854.
