ADMINISTRATIVELY CHARGED FEES**ACT WASTE****EXPLANATORY STATEMENT**

The administrative charges proposed in the following schedule are based upon recovery of the costs of the work performed in accordance with the instructions of the Office of Financial Management in their Memo 1998/57. These charges are not levied pursuant to requirements of any legislation and therefore do not require formal determination by the Minister, but are included for information and approval. These charges are advertised in the ACT Government Gazette.

The provision of additional kerbside and garbage recycling services for larger or multiple households located on single residential blocks was approved by the then Minister for Urban Services in September 1994.

Currently additional kerbside recycling services are provided to 120 households while kerbside garbage collection services are provided to 232 households. The fees have remained unchanged since the introduction of the wheeled bin service in December 1994.

The Public Weighbridge fees have been revised to remain consistent with the Public Weighbridge Owners Association of Australia. The Association is a national body which recommends Public Weighbridge fees to members to provide consistent industry pricing.

PUBLICATIONS

The administrative charges proposed in the following schedule are based upon the recovery of costs of the work performed in accordance with Government policy (Office of Financial Management Memo 1998/57 refers). Most fees have been increased by the consumer price index (CPI) of 2.5% and rounded for administrative convenience.

The fee for the after hours call out for the hire of community rooms has increased by 10% to reflect the recovery of costs for the officer attending the call out. The cost of word processing equipment hire has reduced from \$5.00 to \$3.00 (40%) due to the non-inclusion of printing for 1999-2000. The \$5.00 fee included 20 pages of printing whereas printing is now to be paid for at cost based on the number of pages required. The cost of providing the *Commercial and Retail Leases Code of Practice* (per item) has increased from \$17.50 to \$20.00 (14%) as a result of the cumulative effect of previous CPI increases.

These fees are not levied pursuant to requirements of any legislation and therefore do not require formal determination by the Minister, but are included for information and approval. All charges are advertised in the ACT Government Gazette.

The following schedule compares the 1998-99 fees to those proposed for 1999-2000.
