**AUSTRALIAN CAPITAL TERRITORY****ACT WASTE****EXPLANATORY STATEMENT**

The administrative charges proposed in the following schedule are based upon the recovery of costs of the work performed in accordance with Government policy (Office of Financial Management Memo 1998/57 refers). Most fees have been increased by the consumer price index (CPI) of 2.5% and rounded for administrative convenience.

The provision of additional kerbside and garbage recycling services for larger or multiple households located on single residential blocks were approved by the then Minister for Urban Services in September 1994.

Currently additional kerbside recycling services are provided to 120 households while kerbside garbage collection services are provided to 232 households. The fees listed under the heading 1999/2000 have remained unchanged since the introduction of the wheeled bin service in December 1994.

The proposed changes to the schedule of fees for 2000/2001 reflects the estimated cost of providing this service based on current cost information.

The weighbridge charges for 2000-2001 are based on the recommended fees from the Public Weighbridge Owner Association of Australia Inc at in February 1999.

These fees are not levied pursuant to requirements of any legislation and therefore do not require formal determination by the Minister, but are included for information and approval. All charges are advertised in the ACT Government Gazette.

The following schedule compares the 1999-00 fees to those proposed for 2000-01.

**ADMINISTRATIVELY CHARGED FEES**

**INFORMATION MANAGEMENT AND LIBRARIES**

**EXPLANATORY STATEMENT**

The administrative charges proposed in the following schedule are based upon the recovery of costs of the work performed in accordance with Government policy (Office of Financial Management Memo 1998/57 refers). Most fees have been increased by the consumer price index (CPI) of 2.5% and rounded for administrative convenience.

The GST has been applied to all fees however in many cases, due to rounding or cash collection issues, fees have not risen by the full 10% and some cases have not increased at all. Publication subscription fees have increased as a result of increased production and distribution costs.

These fees are not levied pursuant to requirements of any legislation and therefore do not require formal determination by the Minister, but are included for information and approval. All charges are advertised in the ACT Government Gazette.

The following schedule compares the 1999-00 fees to those proposed for 2000-01.

Most fees have been increased by the consumer price index of 2.5% and rounded for administrative convenience.

These fees are not levied pursuant to requirements of any legislation and therefore do not require formal determination by the Minister, but are included for information and approval. All charges are advertised in the ACT Government Gazette.
