

*Environment Protection Act 1997*

Notification of Hazardous materials  
ENVIRONMENT PROTECTION POLICY

Section 26(1) of the Act requires notification of an Environment Protection Policy.

The Hazardous Materials Environment Protection Policy (EPP) was developed to minimise the risk of adverse impacts on the environment from the manufacture, use, supply, storage, transport and disposal of hazardous materials in the ACT. The EPP ensures that the ACT meets national and international obligations relating to hazardous materials.

Copies of the EPP are available from the Environment ACT Information Centre in Macarthur House, 12 Wattle Street, Lyneham or by telephoning the Helpline on 6207-9777. It may be viewed electronically under "contents" at <http://www.act.gov.au/environ/>

Dated the 30 day of **August 2001**
