# Construction Occupations (Licensing) (Mandatory Qualifications) Declaration (No 1)\*

**Notifiable Instrument NI2004—329**

made under the

*Construction Occupations (Licensing) Regulations 2004, Regulation 13*

---

Under Regulation 13 of the *Constructions Occupations (Licensing) Regulations 2004* I declare those qualifications as specified in column 3 of the schedule to this instrument to be necessary for an individual to be eligible to be licensed in the construction occupation and occupation class specified in columns 1 and 2 respectively.

Richard Johnston  
Registrar  
Australian Capital Territory Construction Occupations

30 August 2004

\*Name amended under Legislation Act, s 60

**Construction Occupations (Licensing) Regulations  
2004  
Mandatory Qualifications  
Schedule**

*This is page 2 of the schedule to the declaration made by the Registrar under the Construction Occupations (Licensing) Regulations 2004*

Construction occupation (1)	Class (2)	Qualifications – Individual (3)
--------------------------------	--------------	------------------------------------

Builder		
	Class A	<ol style="list-style-type: none"> <li>1. The applicant has:               <ol style="list-style-type: none"> <li>(a) a tertiary qualification in architecture, civil engineering, structural engineering or building that the Australian Qualifications Framework Advisory Board has determined is a bachelor degree, graduate certificate, graduate diploma, masters degree or doctoral degree in the Australian Qualifications Framework system; and</li> <li>(b) after obtaining the qualification referred to in 1 a), not less than 3 years <i>full time</i> building work experience, carried out independently by the applicant as a class B licensed builder, other than:                   <ol style="list-style-type: none"> <li>(i) building work of the kind that an <i>unconditional</i> builder’s licence class C authorises;</li> <li>(ii) specialist building work; and</li> <li>(iii) basic building work; or</li> </ol> </li> </ol> </li> <li>2. the applicant has:               <ol style="list-style-type: none"> <li>(a) an overseas tertiary qualification in architecture, civil engineering, structural engineering or building where the standard required for attaining that qualification is equivalent to or higher than, that required for attaining a corresponding qualification referred to in 1 a); and</li> <li>(b) after obtaining the qualification referred to in 2 a), building work experience of the kind referred to in 1 b) for the period referred to in 1 b); or</li> </ol> </li> <li>3. the applicant has:               <ol style="list-style-type: none"> <li>(a) satisfactorily completed the competency examination recognised by the registrar; and</li> <li>(b) building work experience of the kind referred to in 1 b) for the period referred to in 1 b); or</li> </ol> </li> </ol>
