Emergencies (Response Arrangements for Fires in the Bushfire Abatement Zone) Authority Guidelines 2004

Notifiable Instrument NI2004–499

made under the

Emergencies Act 2004, s 12 (Authority may make guidelines)

1. Name of Instrument

This instrument is the *Emergencies (Response Arrangements for Fires in the Bushfire Abatement Zone) Authority Guidelines 2004*.

2. Commencement

This instrument commences on 1 January 2005

3. Authority Guidelines

The ACT Emergency Services Authority hereby makes the *Response Arrangements for Fires in the Bushfire Abatement Zone* in Schedule 1 to this instrument.

ACT Emergency Services Authority
22 December 2004

EMERGENCY SERVICES AUTHORITY

AUTHORITY GUIDELINES

relating to

Response Arrangements for Fires in the Bushfire Abatement Zone.

Response Arrangements for Fires in the Bushfire Abatement Zone.

Definitions:

Built-up Area

All areas in the ACT declared, in writing, to be the *Built-up Area*

Bushfire Abatement Zone (BAZ)

An area declared, in writing, to be the *Bushfire Abatement Zone*

City Area

The *Built-up Area* and *Bushfire Abatement Zone*

Rural Area

Any area that is not a *Built-up Area*

The ACT Fire Brigade is responsible for fire response in the Built-up Area and has sole responsibility for “command” of ACT Fire Brigade resources.

The ACT Rural Fire Service is responsible for fire response in the Rural Area and has sole responsibility for “command” of Rural Fire Service resources.

1. All responses to bush/grass fires within the BAZ will be by the nearest available appropriate resource (ACT Rural Fire Service or ACT Fire Brigade).
2. Both the ACT Rural Fire Service Duty Coordinator and ACT Fire Brigade District Officer are to be notified of all calls to bush/grass fires within the BAZ.
3. If the ACT Rural Fire Service is the only service responded, or in attendance, then the on-scene Captain (Incident Controller) must notify the ACT Fire Brigade.
4. Where the ACT Fire Brigade and the ACT Rural Fire Service are in attendance at a bush and grass fire in the BAZ, and the fire does not pose a risk to life or property in the Built-up Area, the senior officers on scene from each agency will liaise and jointly determine priorities and strategies for the management of the fire, including incident control.
5. If, in the opinion of the Fire Brigade, the fire poses a risk to life or property in the Built-up Area, then the Fire Brigade will assume incident control.
