City Precinct Map

- PD_n** Additional prohibited development applies see Table 1
- MT_n** Additional merit track development applies see Table 2
- RC_n** Additional rules and criteria apply see City Precinct Code

Assessment tracks

The following tables identify the additional prohibited development and additional merit track development for blocks and parcels shown in the City Precinct Map (identified as PDn or MTn). Development that is exempt from requiring development approval, other prohibited development and the minimum assessment track applicable to each development proposal is set out in the relevant zone development table.

The following tables constitute part of the relevant zone development table.

Table 1 – Additional prohibited development

Additional prohibited development		
Suburb precinct map label	Zone	Development
PD1	CZ1	<i>light industry</i> at ground floor level
PD2	CZ1	<i>light industry</i> at 2 nd floor or above <i>service station</i>
PD3	CZ6	<i>SHOP (except for personal services or shops ancillary to other permitted uses)</i>
PD4	CZ1	<i>service station</i>
PD5	CZ1	<i>light industry</i> at 2 nd floor or above

Table 2 – Additional merit track development

Additional merit track development that may be approved subject to assessment		
Suburb precinct map label	Zone	Development
MT1	CZ1	<i>vehicle sales</i>
MT2	CZ1	<i>municipal depot</i> <i>store</i> <i>vehicle sales</i>

Additional merit track development that may be approved subject to assessment		
Suburb precinct map label	Zone	Development
MT3	CZ1	<i>scientific research establishment</i> <i>vehicle sales</i>
MT4	CZ6	<i>business agency</i> RESIDENTIAL USE
MT5	CZ5	<i>club</i> <i>indoor entertainment facility</i> <i>place of assembly</i>
MT6	CZ1	<i>municipal depot</i> <i>scientific research establishment</i> <i>store</i> <i>vehicle sales</i>

Introduction

Name

The name of this code is **City Precinct Code**.

Application

The code applies to the Division of City.

Purpose

This code provides additional planning, design and environmental controls for specific areas or blocks and may also contain references to provisions in other codes.

In conjunction with other relevant codes it will be used by the *Authority* to assess development applications and offer guidance to intending applicants in designing development proposals and preparing development applications.

Structure

This code contains additional rules and/or criteria for particular blocks or parcels identified as areas RCn on the precinct map, to be read in conjunction with the relevant development code. It may also contain sub-parts.

Each element has one or more rules and, unless the respective rule is mandatory, each rule has an associated criterion. Rules provide quantitative, or definitive, controls. By contrast, criteria are chiefly qualitative in nature.

In some instances rules are mandatory. Such rules are accompanied by the words “This is a mandatory requirement. There is no applicable criterion.” Non-compliance with a mandatory rule will result in the refusal of the development application. Conversely, the words “There is no applicable rule” is found where a criterion only is applicable.

Code hierarchy

Under the *Planning and Development Act 2007*, where more than one type of code applies to a development, the order of precedence if there is inconsistency of provisions between codes is: precinct code, development code and general code.

If more than one precinct code applies to the site, the most recent precinct code takes precedence to the extent of any inconsistency.

Definitions

Defined terms, references to legislation and other documents are italicised.

Definitions of terms used in this code are listed in part 13 of the Territory Plan or, for terms applicable only to this code, associated with the respective rule.

Acronyms

ACTPLA	Planning and Land Authority within the ACT Environment and Sustainable Development Directorate
EPA	ACT Environment Protection Authority
ESA	ACT Emergency Services Agency
ESDD	ACT Environment and Sustainable Development Directorate
NCA	National Capital Authority
P&D Act	Planning and Development Act 2007
TAMS	ACT Territory and Municipal Services Directorate

Additional rules and criteria

This part applies to blocks and parcels identified in the City Precinct Map (RCn). It should be read in conjunction with the relevant zone development code and related codes.

RC1 – City Centre (part)

This part applies to blocks and parcels identified in area RC1 shown on the City Precinct Map. RC1 is part of the City Centre. For the other parts, see the Braddon and Turner precinct codes.

Element 1: Use

Rules	Criteria
1.1 Ground floor uses fronting main pedestrian areas	
<p>R1</p> <p>This rule applies to frontages to main pedestrian areas and routes shown in figure 1.</p> <p>Only the following uses are allowed at ground floor level:</p> <ul style="list-style-type: none">a) <i>business agency</i>b) <i>club</i>c) <i>community activity centre</i>d) <i>drink establishment</i>e) <i>financial establishment</i>f) <i>hotel</i>g) <i>indoor entertainment facility</i>h) <i>indoor recreation facility</i>i) <i>public agency</i>j) <i>restaurant</i>k) <i>SHOP.</i>	<p>C1</p> <p>Buildings fronting main pedestrian areas and routes incorporate uses on the ground floor that generate activity in the public space.</p>

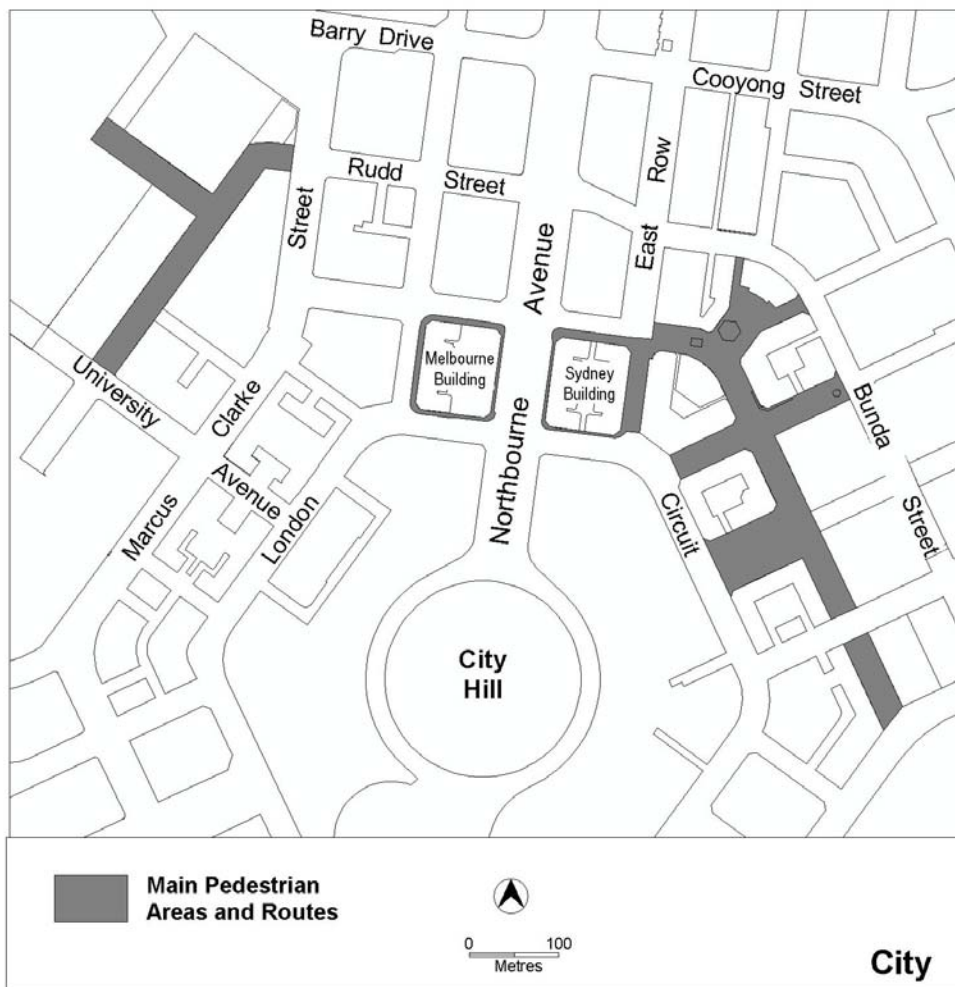

Figure 1 Main Pedestrian Areas and Routes

Element 2: Buildings

2.1 Shadows	
There is no applicable rule.	<p>C2</p> <p>Buildings on sites that are adjacent to main pedestrian areas and routes (figure 1) are limited in height to ensure these areas remain substantially sunlit, particularly between 12 noon and 2 pm on the winter solstice (21 June).</p>
2.2 Building design	
<p>R3</p> <p>Buildings incorporate display windows and shop fronts with direct pedestrian access at ground floor level on frontages to main pedestrian areas and routes (figure 1).</p>	<p>C3</p> <p>Buildings fronting main pedestrian areas and routes are designed to incorporate active frontages with direct pedestrian access.</p>

There is no applicable rule.	C4 Extensive lengths of blank walls unrelieved by shopfront, window displays or other openings are not acceptable at street level.
There is no applicable rule.	C5 The form and scale of development is consistent with existing adjacent development.
2.3 Building height	
There is no applicable rule.	C6 Building heights comply with all of the following: <ul style="list-style-type: none"> i) are compatible with existing, or desired future character of, adjacent development ii) are appropriate to the scale and function of the use iii) do not cause detrimental impacts, including overshadowing and excessive scale.
R7 Buildings do not exceed RL617m.	This is a mandatory requirement. There is no applicable criterion.
There is no applicable rule.	C8 Unless otherwise stated below, roof top plant that is set back and screened from the street is not included in the maximum building height provided it does not exceed RL617m.
2.4 Front boundary setbacks	
There is no applicable rule.	C9 Buildings abut the front property boundary unless alternative setbacks are established by existing adjacent development, in which case setbacks are consistent with the intended design themes of the area.
2.5 Pedestrian shelters	
R10 Buildings provide continuous awnings or colonnaded walkways at ground floor level within the site abutting the street frontage. Continuous shelters, in the form of awnings or colonnades, have a minimum clear width of 2.5m and minimum ceiling height of 3.6m.	C10 Sheltered and convenient pedestrian access is provided in the main retail and commercial areas at street level by incorporating colonnades or awnings, in a form that is consistent with the established/intended design themes for the area.

Element 3: Footpaths

3.1 Paving design	
R11 Footpaths are constructed in accordance with the <i>Canberra Central Paving Design Palette and Policy</i> .	C11 Footpaths are designed and constructed to reinforce a consistent design policy and paving palette.

Element 4: City area 1

This element applies to City area 1 as shown on figure 3.

Rules	Criteria
4.1 City section 21 – Childers, Hutton and Kingsley Streets	
There is no applicable rule.	C12 For buildings fronting Childers, Hutton and Kingsley Streets maximum building heights up to 7 storeys may be considered where development meets all of the following: <ul style="list-style-type: none">a) building elements higher than 4 storeys are set back from the front boundaryb) floor to floor height of the ground floor level of buildings facing Childers Street is 4.8 metresc) awnings along Childers Street provide shelter and establish a pedestrian scale at street level.

Rules	Criteria
4.2 Marcus Clarke Street between Barry Drive and University Avenue	
There is no applicable rule.	<p>C13</p> <p>For buildings fronting Marcus Clarke Street (between Barry Drive and University Avenue) maximum building heights up to RL617M (approximately 12 storeys) may be considered where development meets all of the following:</p> <ul style="list-style-type: none"> a) the built form is configured to establish a defined parapet at the 9th storey level b) building elements higher than 9 storeys are visually recessed c) floor to floor height of the ground floor level of buildings facing Marcus Clarke Street is 4.8 metres d) building elevations along Marcus Clarke Street are articulated with awnings or similar to provide shelter for pedestrians.
There is no applicable rule.	<p>C14</p> <p>For buildings fronting Marcus Clarke Street (between Barry Drive and University Avenue) maximum building heights up to RL617m (approximately 12 storeys) may be considered where development meets all of the following:</p> <ul style="list-style-type: none"> a) the built form is configured to establish a defined parapet at the 9th storey level b) building elements higher than 9 storeys are visually recessed c) floor to floor height of the ground floor level of buildings facing Marcus Clarke Street is 4.8 metres d) building elevations along Marcus Clarke Street are articulated with awnings or similar to provide shelter for pedestrians.

Rules	Criteria
4.3 Corner of Marcus Clarke Street and Barry Drive	
There is no applicable rule.	<p>C15</p> <p>For buildings fronting Barry Drive maximum building heights up to RL617m (approximately 12 storeys) at the corner of Marcus Clarke Street may be considered where development meets all of the following:</p> <ul style="list-style-type: none"> a) buildings step up from 7 storeys adjacent to Kingsley Street to RL617m at the corner of Marcus Clarke Street b) overshadowing of open space and existing residential buildings is prevented. c) the built form is configured to establish a defined parapet at the ninth storey level d) building elements higher than 9 storeys are visually recessed.

Element 5: City area 2

This element applies to City area 2 as shown on figure 3.

5.1 City section 20	
There is no applicable rule.	<p>C16</p> <p>For buildings fronting corner of Ellery Crescent and Marcus Clarke Street maximum building heights up to RL617m (approximately 12 storeys) may be considered provided there is an integrated approach to building heights across Marcus Clarke Street.</p>
There is no applicable rule.	<p>C17</p> <p>For the remainder of City section 20 maximum building heights must be sensitive to the height and scale of surrounding heritage listed buildings including Screen Sound, Shine Dome, Ian Potter House and the ANU Schools of Art and Music.</p>
There is no applicable rule.	<p>C18</p> <p>Accessible pedestrian space is provided at the intersection of Ellery Crescent and Marcus Clarke Street that links form adjacent development on sections 61, 90, 91 and 92 to development on section 20 and the ANU School of Arts via the proposed bridge over Ellery Crescent.</p>

Element 6: City area 3

This element applies to City area 3 as shown on figure 3.

Rules	Criteria
6.1 East of Marcus Clarke Street and West of London Circuit and Northbourne Avenue	
There is no applicable rule.	C19 Maximum building heights are 9 storeys except that one or more taller buildings per section up to RL617m (approximately 12 storeys) may be considered where forming part of a comprehensive design for the whole section identified in a Planning Report under section 97 of the <i>Planning and Development Act 2007</i> .
6.2 Development adjacent to City section 1	
There is no applicable rule.	C20 Development in areas adjacent to section 1 is compatible with the built form and historic character of the Melbourne building.

Element 7: City area 4

This element applies to City area 4 as shown on figure 3

Rules	Criteria
7.1 East of Northbourne Avenue and London Circuit	
There is no applicable rule	C21 For frontages of 30 metres or less maximum building height is 7 storeys.
There is no applicable rule	C22 Maximum building height is 9 storeys except that one or more taller buildings per section up to RL617m (approximately 12 storeys) may be considered where forming part of a comprehensive design for the whole section identified in a Planning Report under section 97 of the <i>Planning and Development Act 2007</i> .
There is no applicable rule.	C23 For frontages greater than 30 metres, maximum building height is 9 storeys except that one or more taller building per section up to RL617m (approximately 12 storeys) may be considered where forming part of a comprehensive design for the whole section identified in a Planning Report under section 97 of the <i>Planning and Development Act 2007</i> .

Rules	Criteria
7.2 Development adjacent to City section 48	
There is no applicable rule.	<p>C24</p> <p>Development in areas adjacent to section 48 is compatible with the built form and historic character of the Sydney building.</p>

Element 8: City area 5

This element applies to City area 5 as shown on figure 3.

Rules	Criteria
8.1 East of Northbourne Avenue and London Circuit	
There is no applicable rule.	<p>C25</p> <p>Building height is no higher than the heights of existing approved buildings except that:</p> <ol style="list-style-type: none"> Minor variations of building heights may be permitted in special circumstances such as to allow for special architectural features to enhance building facades. One or more taller building per section up to RL617m (approximately 12 storeys) may be considered where forming part of a comprehensive design for the whole section identified in a Planning Report under section 97 of the <i>Planning and Development Act 2007</i>.
<p>R26</p> <ol style="list-style-type: none"> No part of any building is above a plane extending from the centre line (figure 2) of an adjacent main pedestrian area (except Garema Place) through the main parapet line (figure 2). For blocks fronting a street other than a main pedestrian area no part of any building is above a plane drawn at 45° up from the main parapet line (figure 2). Above the main parapet line the whole building is set back at least 5 metres. 	<p>C26</p> <p>Minor variations of building heights and setbacks may be permitted in special circumstances such as to allow for special architectural features to enhance building facades.</p>

Figure 2 City CZ1 Zone— building height areas 5 and 6 - height plane diagrams

Element 9: City area 6

This element applies to City area 6 as shown on figure 3.

Rules	Criteria
9.1 East of Northbourne Avenue and London Circuit	
<p>R27</p> <p>a) The height of a building to its main parapet line (i.e. the top part of the building at its block frontage) does not exceed the relevant maximum building height shown on figure 4.</p> <p>b) No part of any building at the ground surface at the centre of its block frontage is more than:</p> <ul style="list-style-type: none"> i) 28 metres and up to 8 storeys including roof top plant, or ii) 23 metres for City section 15 blocks 1, 2, 5 and 12. 	<p>C27</p> <p>a) Minor variations of building heights and setbacks may be permitted in special circumstances such as to allow for special architectural features to enhance building facades.</p> <p>b) One or more taller buildings per section up to RL617m (approximately 12 storeys) may be considered where forming part of a comprehensive design for the whole section identified in a Planning Report under section 97 of the <i>Planning and Development Act 2007</i>.</p> <p>c) Rebuilding up to the existing approved height limit is permitted.</p>
<p>R28</p> <p>a) No part of any building is above a plane extending from the centre line (figure 2) of an adjacent main pedestrian area (except Garema Place) through the main parapet line (figure 2).</p> <p>b) For blocks fronting a street other than a main pedestrian area no part of any building is above a plane drawn at 45° up from the main parapet line (figure 2).</p> <p>c) Above the main parapet line the whole building is set back at least 5 metres.</p>	<p>C28</p> <p>Minor variations of building heights and setbacks may be permitted in special circumstances such as to allow for special architectural features to enhance building facades.</p>
9.2 Development adjacent to City section 48	
<p>There is no applicable rule.</p>	<p>C29</p> <p>Development in areas adjacent section 48 is compatible with the built form and historic character of the Sydney building.</p>

Element 10: City area 7

This element applies to City area 7 as shown on figure 3

Rules	Criteria
10.1 Uses associated with a car parking structure	
<p>R30</p> <p>This rule applies to sections 53, 56, 68, 84, 96, and 97.</p> <p>One or more of the following uses are permitted only where associated with a car parking structure:</p> <p>a) <i>service station</i></p> <p>b) <i>store</i>.</p>	<p>This is a mandatory requirement. There is no applicable criterion.</p>
10.2 East of Genge Street and Bunda Street	
<p>R31</p> <p>Buildings are no higher than the heights of existing approved buildings.</p>	<p>C31</p> <p>One or more buildings per section up to RL617m (approximately 12 storeys) may be considered where forming part of a comprehensive design for the whole section identified in a Planning Report under section 97 of the <i>Planning and Development Act 2007</i>.</p>
10.3 section 84 City Master Plan	
<p>There is no applicable rule.</p>	<p>C32</p> <p>Development is not inconsistent with the <i>section 84 City Master Plan</i>, December 2004.</p>
10.4 Ainslie Avenue	
<p>R33</p> <p>Ainslie Avenue between Cooyong Street and Bunda Street remains permanently opened to the public for pedestrian access at ground floor level. The Territory retains the right, through relevant provisions in any lease for the land, to utilise this section of Ainslie Avenue as a public transport corridor.</p>	<p>This is a mandatory requirement. There is no applicable criterion.</p>

Figure 3 City Areas

Element 11: City area 8

This element applies to City area 8 as shown on figure 3.

Rules	Criteria
11.1 City	
<p>R34</p> <p>This rule applies to City section 6 block 2.</p> <p>The maximum building height is 7 storeys.</p>	<p>C34</p> <p>a) Building heights comply with all of the following:</p> <ul style="list-style-type: none"> i) are compatible with existing, or future desired character of, adjacent development ii) are appropriate to the scale and function of the use iii) minimise detrimental impacts including overshadowing and excessive scale <p>b) Part of the building may extend beyond 7 storeys to a maximum of RL 617m.</p>
There is no applicable rule.	<p>C35</p> <p>Development on City section 6 block 2 addresses Edinburgh Avenue and London Circuit.</p>
There is no applicable rule.	<p>C36</p> <p>Buildings in the City section 6 block 2 about the front property boundary on London Circuit.</p>

Element 12: Redevelopment

Rules	Criteria
12.1 Garema Place	
There is no applicable rule.	<p>C37</p> <p>Redevelopment within Garema Place (figure 4) is consistent with a comprehensive design for the whole area identified in a Planning Report under section 97 of the <i>Planning and Development Act 2007</i>.</p>
12.2 City sections 2, 3, 5, 11, 12, 22, 23, 26, 32, 38, 51, 53 and 56	
There is no applicable rule.	<p>C38</p> <p>Where comprehensive redevelopment is proposed to an intensive inner city scale, each new building is to be consistent with a comprehensive design for the whole <i>section</i> identified in a Planning Report under section 97 of the <i>Planning and Development Act 2007</i>. Existing low rise buildings or building elements that are integral to the comprehensive design may be required to retain their existing heights.</p>

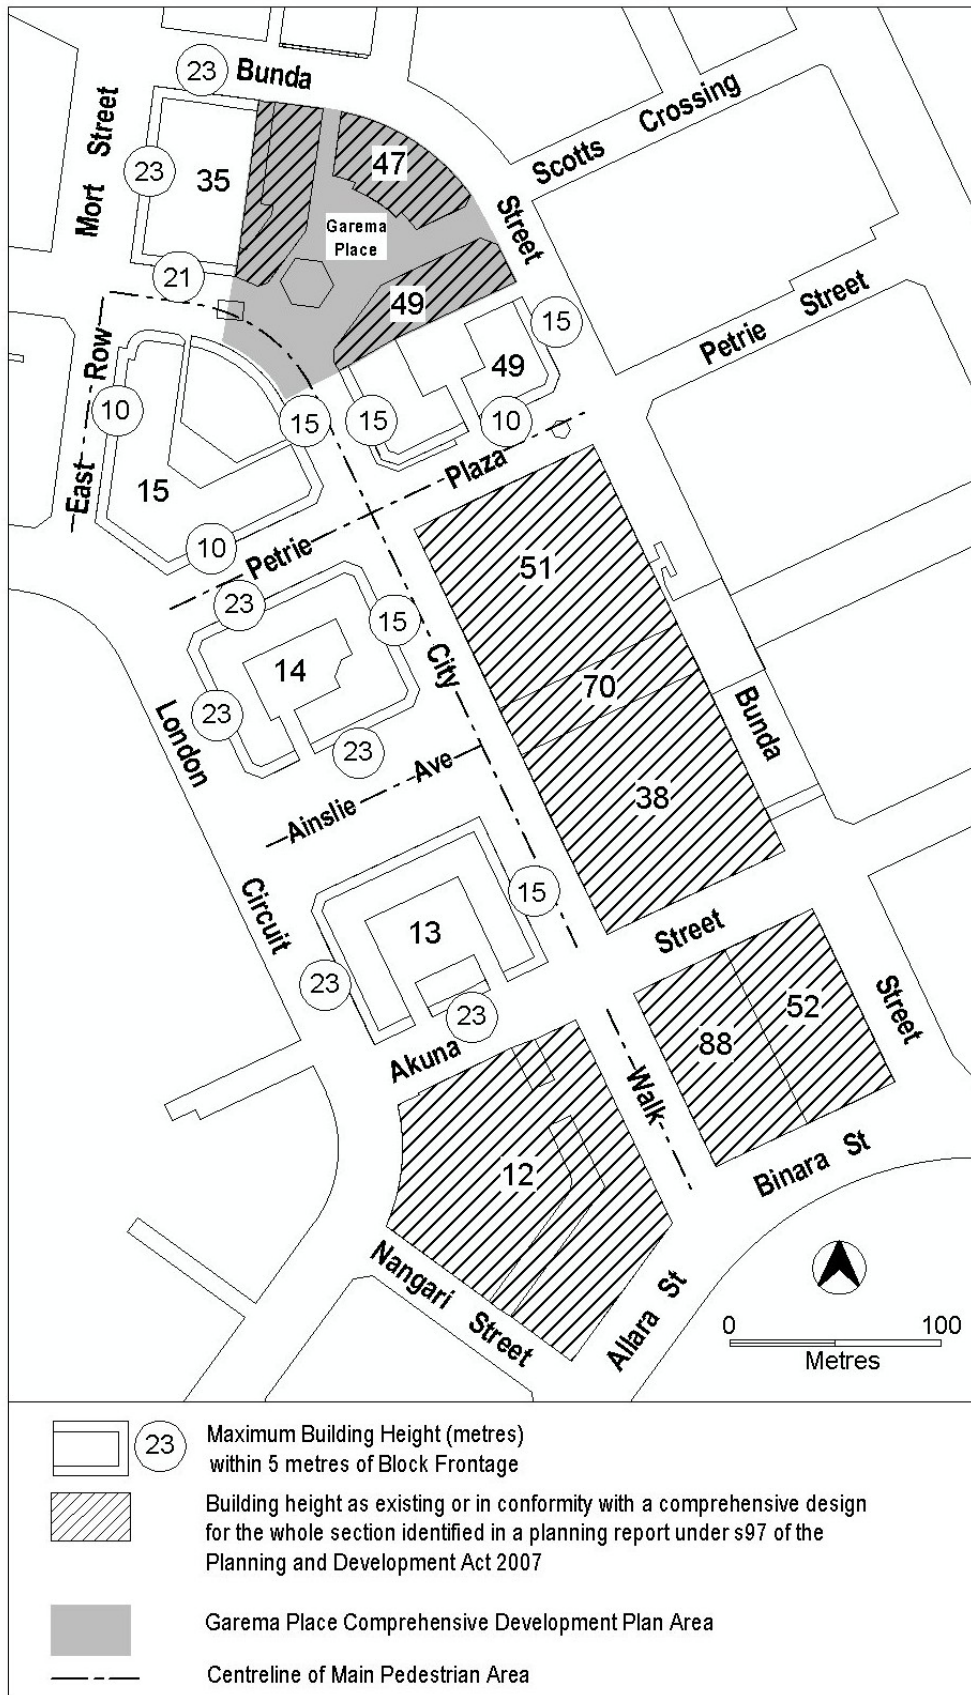

Figure 4 City Building Height – Areas 5 and 6

Element 13: Development on nominated car parking areas

Rules	Criteria
13.1 Nominated car parking areas	
<p>R39</p> <p>Development on existing car parks (figure 5) complies with all of the following:</p> <ul style="list-style-type: none"> a) retains the existing level of car parking b) accommodates onsite any additional demand for car parking that is generated by the development c) ensures that car parking remains available for public access d) complies with the Parking and Vehicular Access General Code. 	<p>C39</p> <p>Development on existing car parks (figure 5) may be considered where it meets all of the following:</p> <ul style="list-style-type: none"> a) in accordance with the Parking and Vehicular Access General Code, there is enough car parking for the needs of the centre as a whole b) the development does not adversely affect the overall function of the centre in terms of economic, social, traffic and parking and urban design impacts.

Figure 5 Nominated Car Parking Areas
