RZ3 - Urban residential zone

Zone objectives

- a) Provide for the establishment and maintenance of residential areas where the housing is low rise and predominantly medium density in character and particularly in areas that have good access to facilities and services and/ or frequent public transport services
- b) Provide opportunities for redevelopment by enabling changes to the original pattern of subdivision and the density of dwellings
- c) Provide for a wide range of affordable and sustainable housing choices that meet changing household and community needs
- d) Ensure development and redevelopment is carefully managed so that it achieves a high standard of residential amenity, makes a positive contribution to the neighbourhood and landscape character of the area and does not have unreasonable negative impacts on neighbouring properties
- e) Provide opportunities for home based employment consistent with residential amenity
- Provide for a limited range of small-scale facilities to meet local needs consistent with residential amenity
- g) Promote good solar access
- h) Promote energy efficiency and conservation
- i) Promote sustainable water use

RZ3 - Urban residential zone development table

RELEVANT CODE

Development proposals in residential zones must comply with the Residential Zones Development Code.

NOTE ABOUT ANCILLARY AND MINOR USE

Some development that would otherwise be prohibited may be assessed under the merit track if they can be defined as *ancillary* or *minor use*. For example, a *car park* alone is prohibited, but could be considered if it is ancillary to a *child care centre* which is an assessable development under the merit track.
