IZ2 - Industrial Mixed Use Zone

Zone Objectives

- a) Support the diversification and expansion of the ACT's industrial base and employment growth
- b) Facilitate investment in a wide range of industrial and related activities, with efficient land utilisation and provision of infrastructure
- c) Provide convenient access for ACT and regional residents to industrial goods, services and employment opportunities
- d) Ensure that industrial development achieves high environmental standards of cleaner production, waste disposal, noise and air quality
- e) Encourage the design and construction of industrial and commercial buildings that are energy efficient, functional and flexible
- f) Ensure that development along major approach routes and major roads meets appropriate standards of urban design
- g) Accommodate industry-associated retailing, services and other commercial uses without jeopardising an adequate supply of industrial land
- Provide for a range of commercial and service activities at a scale that will protect the planned hierarchy of commercial centres and the Territory's preferred locations for office development
- i) Meet the need for a mix of lower rent bulky goods retailing, specialised industrial, commercial and service activities alongside general industry
- j) Preserve and promote viable industries that can coexist with more commercially oriented uses
- k) Make provision for small-scale services that support surrounding industrial activities, or which meet the needs of the local workforce
- I) The following Zone Objectives apply specifically to West Fyshwick:
 - i) Encourage Canberra's regional role for food processing, wholesaling, distribution and marketing
 - ii) Cluster uses which are compatible with and complementary to existing facilities, particularly with regard to food processing and warehousing and the markets, including some small scale food retailing
 - iii) Protect the safety and amenity of food related enterprises
 - iv) Promote buildings along Canberra Avenue that maintain and enhance a character appropriate for a major approach road to the Central National Area
