

## **IZ1 - General Industrial Zone**

### **Zone Objectives**

- a) Support the diversification and expansion of the ACT's industrial base and employment growth
- b) Facilitate investment in a wide range of industrial and related activities, with efficient land utilisation and provision of infrastructure
- c) Provide convenient access for ACT and regional residents to industrial goods, services and employment opportunities
- d) Make provision for transport-related businesses in locations accessible to major road, rail and air links
- e) Encourage the clustering of industrial activities according to the principles of industrial ecology
- f) Ensure that industrial development achieves high environmental standards of cleaner production, waste disposal, noise and air quality
- g) Encourage the design and construction of industrial and commercial buildings that are energy efficient, functional and flexible
- h) Ensure that development along major approach routes and major roads meets appropriate standards of urban design
- i) Make provision for manufacturing, warehouse and transport land uses requiring large land areas accessible to main interstate road and rail connections
- j) Ensure that the use of the land for predominantly industrial purposes is not jeopardised by the uncontrolled development of higher rent commercial uses such as retailing and offices
- k) Provide small-scale services to meet the needs of the local workforce

### RELEVANT CODE

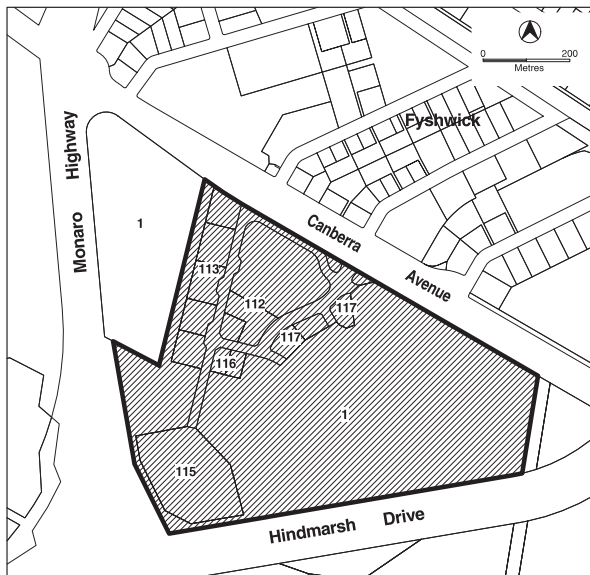

Development proposals must comply with the Industrial Zones Development Code.

### NOTE ABOUT ANCILLARY, MINOR AND TEMPORARY USE

Some development that would otherwise be prohibited may be assessed under the merit track if they can be defined as *ancillary, minor or temporary use*. For example, a *dwelling house* alone is prohibited, but could be considered if it is ancillary to a *general industry* (i.e. as caretaker's residence) which is an assessable development under the merit track.
