	NSW CPTS 2.2; TITO Technical Standard 4.18
Controller Firmware	Version 02.00.03.08
Interface Card Firmware	Version 1.21

Specific Approval Conditions

- 1. Use of the Xtra Credit facility is subject to the requirements of the *Gaming Machine Act 2004* and *Gambling and Racing Control (Code of Practice) Regulation 2002*.
- 2. The Xtra Credit functionality is limited to single venue use only.

Operational Conditions

- 1. The system interface card must be housed in a sealed enclosure, which requires access to the secure area of the gaming machine.
- 2. The "IGT Systems Max" is approved for use in a local area network (LAN) configuration only.
- 3. The system must be provided and operated with a dedicated uninterrupted power supply (UPS). The UPS must have sufficient capacity to allow the system, and any associated critical elements, to be shut down gracefully in the event of a power interruption. Desirably the system should be equipped with a "Smart" UPS capable of automatically shutting the system down in the case of a power failure.
- 4. The system must be configured in such a way that only authorised personnel have access to critical functions and sensitive information contained in the system.
