Effect of the draft variation

Section 72 of the *Planning and Development Act 2007* applies to the draft variation, which is effectively part of the Territory Plan for a period of up to one year from the date of this notice unless the draft variation commences, is withdrawn or rejected by the Legislative Assembly.

A development application assessed during this period can only be approved if it is not inconsistent with the Territory Plan (as it is currently) and the Territory Plan if it were varied in accordance with the draft variation. In this way, both existing and proposed future policy are considered at the time of development assessment during the period of effect.
