

# Planning and Development (Conditional Environmental Significance Opinion – Numerous Blocks, Jerrabomberra and Tuggeranong – Installation of ADSS Cable to Existing 11kV Power Lines) Notice 2019 (No 2)

Notifiable instrument NI2019–683

made under the

Planning and Development Act 2007, s 138AD (Requirements in relation to environmental significance opinions)

---

## 1 Name of instrument

This instrument is the *Planning and Development (Conditional Environmental Significance Opinion – Numerous Blocks, Jerrabomberra and Tuggeranong – Installation of ADSS Cable to Existing 11kV Power Lines) Notice 2019 (No 2)*.

## 2 Conditional Environmental Significance Opinion

- (1) On 8 October 2019, the ACT Heritage Council, pursuant to section 138AB(4) of the *Planning and Development Act 2007* (the Act), gave the Applicant a conditional environmental significance opinion in relation to the installation of ADSS cable to existing 11kV power lines on numerous blocks, Jerrabomberra and Tuggeranong.

- (2) In this section:

*Conditional environmental significance opinion* means the opinion in the schedule.

*Note* Under section 138AD(6) of the Act, the conditional environmental significance opinion and this notice expire 18 months after the day the notice is notified.

Brett Phillips  
Delegate of the planning and land authority

Rural Blocks:	District:	Heritage Place:
2114, 2115, 2116, 1695, 1676, 1520 and 1521	Tuggeranong	Block-D PAD 2

Status of Place: Recorded Heritage Place  
Description of Works: Installation of 1 power pole, adding cabling to all poles  
Report Details: Evoenergy ADSS Installation. Application for an Environmental Significance Opinion. Mugga Lane and Long Gully Road (Purdon Planning, August 2019)  
Council Advice provided by: Manager (Approvals and Advice)

---

Pursuant to Section 138AB of the *Planning and Development Act 2007* and Section 60 of the *Heritage Act 2004*, the ACT Heritage Council advises that:

- The proposal is unlikely to have a significant adverse environmental impact, subject to compliance with the conditions described below.
- 

### Background:

On 27 August 2019, an application for an Environmental Significance Opinion (ESO201900039) was referred to the ACT Heritage Council (the Council), for proposed works within an existing transmission line between Mugga Lane and Long Gully Road.

Proposed works include the installation of one new power pole, and the installation of All-Dielectric Self-Supporting (ADSS) cable to the existing transmission line. The only ground disturbing activity of the proposal is associated with the new pole '20A' located at, approximately, MGA 693941 6081562. All works are to be undertaken using existing tracks within the easement.

The ESO application sets out that the easement contains only one Aboriginal place, being a potential archaeological deposit (PAD) recorded as 'Block-D PAD 2', which is well removed from the new 20A pole. Further, the application contains provisions for excluding vehicle movement on the PAD, and refers to an Unanticipated Discovery Protocol (UDP) being included in the Construction Environment Management Plan (CEMP) for the project.

### **Decision and Conditions:**

The Council advises that proposal is unlikely to have a significant adverse environmental impact, subject to compliance with the following conditions:

1. No works are to be undertaken beyond the development area identified in the ESO application without prior advice from the Council; and
2. The project CEMP and UDP is to be provided to and endorsed by the Council prior to works commencing.
