Public Health Emergency Direction

Public Health Act 1997

*Made under the Public Health Act 1997,
section 120 (Emergency actions and directions)*

I, Dr Kerryn Coleman, Chief Health Officer, consider it necessary or desirable to alleviate the emergency declared under the *Public Health (Emergency) Declaration 2020 (No 1)* [NI2020-153] (the **declared emergency**) on 16 March 2020, to give the directions as set out below.

The purpose of these directions is to require people who are diagnosed with **COVID-19** to self-isolate, and people identified as a **close contact** to undertake a period of quarantine the length of which is dependent on whether or not the person has been fully vaccinated, in order to limit the spread of coronavirus disease 2019 (**COVID-19**), caused by the novel coronavirus SARS-CoV-2.

In making this Direction I have had regard to relevant human rights and I am satisfied that the limitations imposed as a result of this Direction are both demonstrably justifiable in a free and democratic society and necessary to protect the ACT community from the serious public health risk posed by COVID-19.
