# 1. District Map

This policy applies to land within the area identified as the Weston Creek District in the map below.

Maps detailing specific assessment outcomes and requirements are included at the end of this policy.

## 2. Land Use Table

The following table specifies additional types of development and land uses that are assessable in this district. These are additional to the development types and land uses specified as assessable within the applicable zone policy.

The uses listed require development approval unless they meet the 'exempt development' definition of the *Planning Act 2023*. Development and land use types listed are defined in the Territory Plan Dictionary.

The table also specifies additional types of development and land uses that are prohibited in this district. These are prohibited, notwithstanding whether they are listed as assessable under the applicable land use policy. Development of prohibited uses may be considered under certain limited circumstances as outlined under Part 7.3 of the *Planning Act 2023*.

Locality	Zone	Additional assessable development	Additional prohibited development	Relevant parcel or Figure
Chapman	CFZ	Nil	retirement village; supportive housing	Blocks 3-4 Section 12
Duffy	NUZ3	overnight camping area, plantation forestry, tourist facility	Nil	Blocks 2, 4 Section 55 Part Block 3 Section 56 Block 2 Section 57 Block 2 Section 58
Duffy	NUZ3	emergency services facility	Nil	Block 2 Section 58
Duffy	CFZ	Nil	retirement village; supportive housing	Block 2 Section 23
Fisher	RZ2	Community use	Nil	Block 6 Section 13
Holder	NUZ3	overnight camping area, plantation forestry, tourist facility	Nil	Block 3 Section 48
Holder	CFZ	Nil	retirement village; supportive housing	Blocks 24-25 Section 45
Holder	PRZ2	Municipal Depot	Nil	Blocks 17 and 18, Section 45
Rivett	CFZ	Nil	retirement village; supportive housing	Block 22-24 Section 28
Stirling	CFZ	Nil	retirement village; supportive housing	Block 2 Section 24
Waramanga	CFZ	Nil	retirement village; supportive housing	Block 1 Section 39

Locality	Zone	Additional assessable development	Additional prohibited development	Relevant parcel or Figure
				Block 1 Section 45
Weston	CZ1	industrial trades, municipal depot, storage facility	Nil	Sections 64, 84, 88 Figure 1
Weston	CFZ	Nil	retirement village; supportive housing	Block 2 Section 75
Weston	RZ1	multi-unit housing		Block 2 Section 50
Weston Creek District	NUZ4	group or organised camp, overnight camping area, tourist facility	Nil	Rural Blocks 1194, 1216, 1219

### 3. Policy Outcomes

Development proposals in Weston Creek District will be assessed having regard to the key characteristics of the district and the policy outcomes to be achieved for the district. The policy outcomes to be achieved for Weston Creek District are derived from the Weston Creek District Strategy, that sets the vision and directions for the district.

#### The desired policy outcomes to be achieved for Weston Creek District include:

1. Protect and enhance grassland, woodland and aquatic–riparian along the Molonglo River Corridor north and confluence of Yarralumla Creek.
2. Protect and enhance riparian corridors and associated catchments along the Molonglo River Corridor, Weston Creek and Yarralumla Creek and promote the application of water sensitive urban design.
3. Grow small business enterprise and employment opportunities in Weston group centre to enhance and diversify its key economic role for the district.
4. Enhance public transport priority connections to the City Centre and to Woden and Molonglo Valley in future.
5. Develop more diverse housing in and around the Weston group centre, integrated with rapid public transit corridors.
6. Consider the role and function of existing group and local centres which may include, in particular, Fisher local centre. Depending on the results of this consideration and whether further action is required, investigate planning and non-planning initiatives to support the centre’s viability and role as a meeting place.
7. Strengthen the cross-district network of community facilities with consideration of demand and existing provision across Weston Creek, Woden and Molonglo Valley districts.

## 4. Assessment Outcomes

---

Consistent with the district policy outcomes, development proposals in the Weston Creek District must demonstrate that they are consistent with any area specific assessment outcomes that may apply, as well as the relevant zone assessment outcomes.

In demonstrating compliance with the assessment outcomes, consideration is to be given to the relevant design guides and may be given to planning technical specifications which may serve as a benchmark. While all assessment outcomes are to be met, not all outcomes are covered by design guidance and/or planning technical specifications.

Where a proposed development complies with relevant provisions in the design guide and/or planning technical specification and the development comprehensively addresses the assessment outcome, further assessment regarding that assessment outcome will not be required.

Where a design guide applies to a development, the proposal must demonstrate that it is consistent with the relevant guidance. More information is available in the design guide. Given the nature of the design guides, different design responses are possible to meet the same assessment outcomes.

The Territory Planning Authority may consider advice or written support from a referral entity to demonstrate compliance with a relevant assessment outcome. Where endorsement from an entity is noted as a planning technical specification, entity referral will be required.

### Specific assessment outcomes

The assessment outcomes for proposed development in specific locations are listed below. Localities that are not listed do not have any area specific assessment outcomes to consider.

Locality	Assessment outcome	Reference
<b>Weston</b>	<ol style="list-style-type: none"><li>1. Development in North Weston is to accommodate a mix of residential, community facilities and small scale/commercial uses.</li><li>2. Residential densities and heights in North Weston are to increase generally near public transport routes, centre and areas of high amenity.</li></ol>	

---

## 5. Assessment Requirements

---

Assessment requirements set the mandatory development controls for specific areas, and sites within the Weston Creek District. These provisions are in addition to and, where inconsistencies occur, prevail over any assessment requirements that are provided in the relevant zones policy.

Development proposals in the Weston Creek District must meet the following requirements. Localities that are not listed do not have assessment requirements.

Locality	Assessment requirement	Reference
<b>Duffy – Stromlo Settlement</b>	<ol style="list-style-type: none"> <li>1. Blocks within the Stromlo settlement are not subdivided or consolidated.</li> <li>2. For dwellings in the Stromlo Settlement (Sections 56, 63, 64, 65): <ol style="list-style-type: none"> <li>a) Maximum of 40 dwellings permitted</li> <li>b) Only 1 detached dwelling permitted per block</li> <li>c) Maximum plot ratio of all development on a block is determined by the formula: <math>P = (140 / B + 0.15) 100</math>, where P is the maximum permissible plot ratio expressed as a percentage and B is the block area in square metres</li> <li>d) Maximum height of buildings is 1 storey</li> <li>e) Minimum side setback is 3m</li> <li>f) Garages are sited behind the building line</li> <li>g) Front fences are low and transparent (e.g., wire) consistent with a rural character</li> <li>h) Planting is limited to 20% of block area with remainder maintained as mown lawn or a similar low fire hazard element.</li> </ol> </li> <li>3. The design of buildings: <ol style="list-style-type: none"> <li>a) reflect a rural character with light coloured walls and roofs to compliment the open space landscape character of the area, have elements such as verandahs, roofs are pitched metal and large building forms are avoided. Driveways are to be gravel.</li> <li>b) Any structures, plant and equipment situated on or visible above the roofline does not significantly impact on the amenity of the streetscape.</li> </ol> </li> <li>4. Within 5km of Mount Stromlo, development or installations which may adversely affect the operation of the Mount Stromlo Observatory or the associated seismological vault at Mount Stromlo, through night-time illumination or significant vibration, shall be referred to the Australian National University for comment, unless a Statement of Compliance is provided.</li> </ol>	Sections 56, 63, 64, 65
<b>Duffy – Emergency Services Facility</b>	<ol style="list-style-type: none"> <li>5. Maximum of 50% of the site to be used for the development of an emergency services facility.</li> <li>6. Remnant trees are retained on the block where possible.</li> <li>7. Remainder of the site that is not developed as an emergency services facility must be retained as open space to provide a green (vegetated and landscaped) buffer between the facility and the suburbs of Duffy, Holder and Wright.</li> <li>8. The maximum height of building, including rooftop plant and equipment, is 10.5m.</li> <li>9. The setback to the Cotter Road is a minimum of 20m (though may be adjusted following future road works investigations) from the road edge to allow future duplication and enable adequate sightlines for pedestrians, bicycles and vehicles at intersections and vehicular access points to the site, especially where there are crossing points with the Centenary Trail and near corners.</li> <li>10. The Centenary Trail continues to provide continuous path access through and or around the site which is suitable for pedestrians and bicycles and is of a similar material, standard and size to the existing path.</li> </ol>	Block 2 Section 58
<b>Duffy –Non-urban area</b>	<ol style="list-style-type: none"> <li>11. Where the uses are permitted: <ol style="list-style-type: none"> <li>a) Agriculture is limited to livestock grazing.</li> <li>b) Tourist facility buildings are low rise and integrated with the landscape.</li> </ol> </li> </ol>	

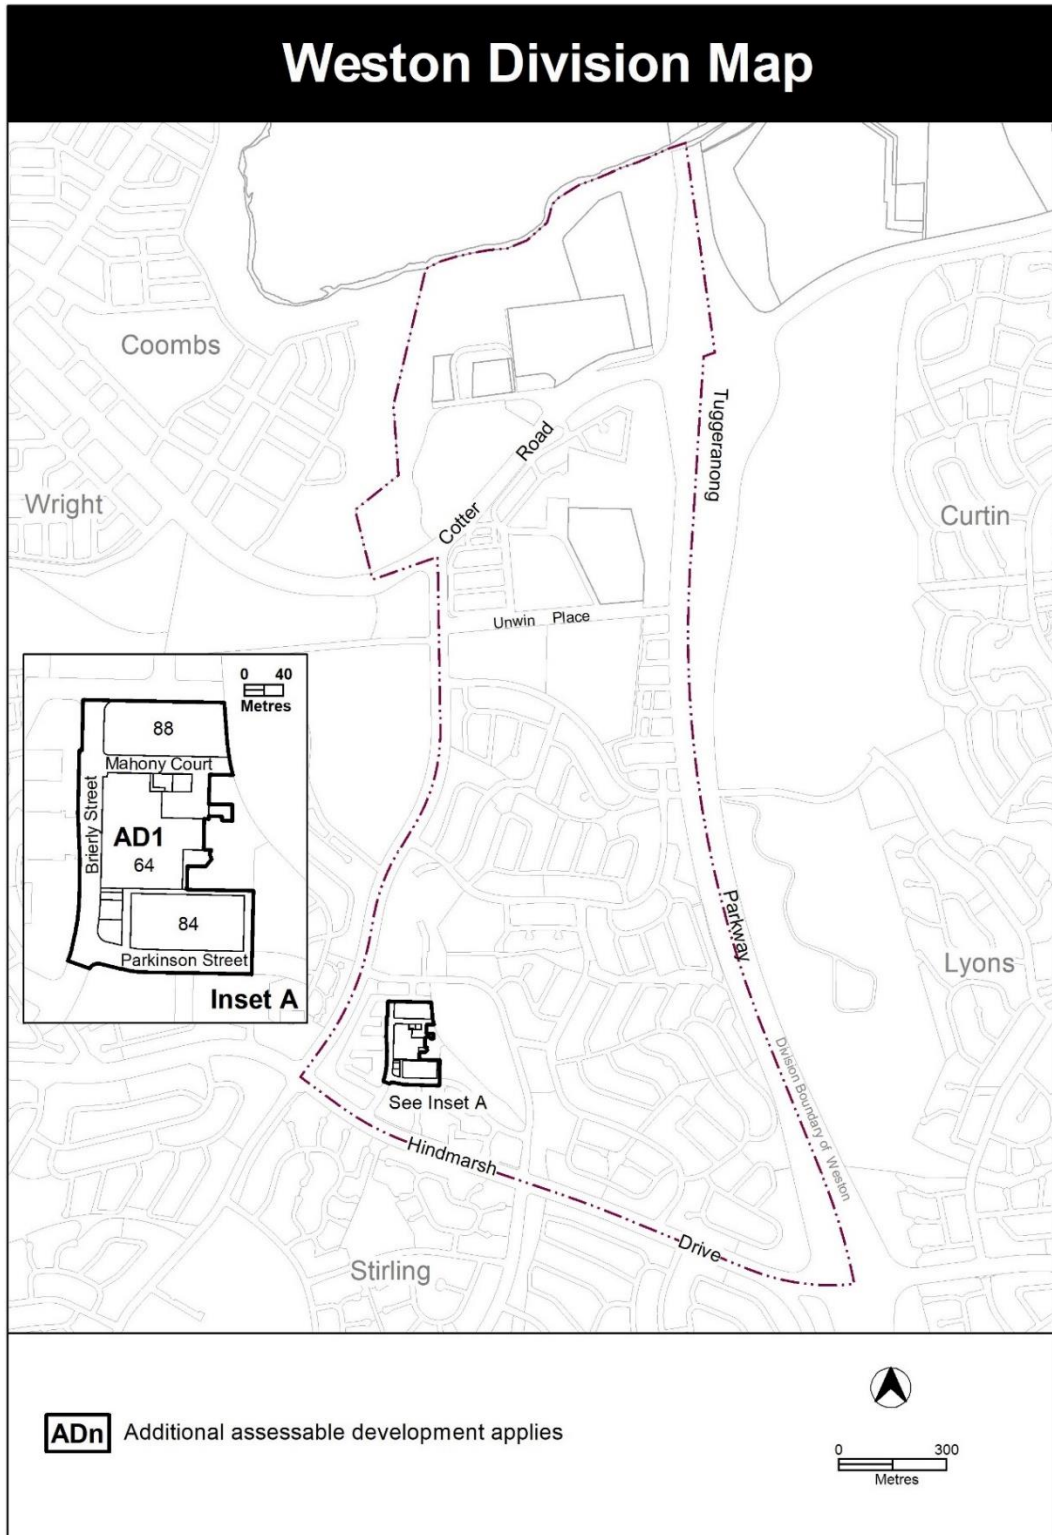

Locality	Assessment requirement	Reference
<b>Holder – Non-urban area</b>	<p>12. Where the uses are permitted:</p> <ol style="list-style-type: none"> <li>Agriculture is limited to livestock grazing.</li> <li>Tourist facility buildings are low rise and integrated with the landscape.</li> </ol>	
<b>Weston – Group centre</b>	<p>13. Plot ratio does not apply to development in the group centre.</p> <p>14. The ground floor level of buildings is adaptable for commercial uses.</p> <p>15. Maximum height of buildings indicated in Figure 2 is 13m (approx. 3 storeys) except for:</p> <ol style="list-style-type: none"> <li>Area 'A' – 16m (approx. 4 storeys)</li> <li>Area 'B' – 19m (approx. 5 storeys)</li> <li>Area 'C' – 22m (approx. 6 storeys)</li> <li>Area 'D' – 16m (approx. 4 storeys)</li> <li>Area 'E' – 22m (approx. 6 storeys)</li> </ol> <p>16. Development on Section 84 identified as area 'B' on Figure 2 includes a 24m wide road reserve for Whitney Place to the north. Access is retained to Whitney Place for on-street parking, basement access and delivery vehicles.</p> <p>17. Development on Section 88 identified as area C on Figure 2 retains pedestrian access to the north side of Mahoney Court with a minimum width of 5m.</p> <p>18. Access is retained to Mahoney Court for service and delivery vehicles.</p> <p>19. Permanently open, public pedestrian laneways as indicated on Figure 3 are retained or constructed as part of any new development.</p> <p>20. Development provides a permanently open publicly accessible pedestrian link from the Hindmarsh Drive underpass to Parkinson Street.</p> <p>21. Active frontages are provided as indicated on Figure 3 and Figure 6 and buildings accommodate ground floor uses that generate activity in the public space, such as retail, restaurants or community uses. Weather protection is provided along active frontages by awnings or similar.</p> <p>22. Development provides opportunities for activity and passive surveillance into pedestrian laneways.</p> <p>23. For buildings located along secondary active frontage areas identified in Figure 3 adjoining public open space development provides opportunities for passive surveillance of the public open space area from the building or open space area, and access to and/or from the public open space.</p> <p>24. Residential development provides opportunities for passive surveillance of public spaces.</p> <p>25. Internal arcades are a minimum of 3m wide and uncovered external laneways are minimum 6m wide. These are to have a minimum of 50% glazing to walls and provide access to commercial tenancies.</p> <p>26. The minimum side and rear setbacks for development on area 'D' of Section 75, as shown on Figure 4 is 10m with a minimum 3m wide landscaped area for the full length of each setback.</p> <p>27. Development of the public carparking areas on Sections 84 and 88, as indicated on Figure 5, retains or improves the existing number of parking spaces, and provide on-site car parking as required by the new development.</p> <p>28. Maximum height of buildings is 9m (2 storeys) for area A, area B, area C and area D shown in Figure 4. Maximum height of buildings may be increased to:</p> <ol style="list-style-type: none"> <li>Area 'A' - 15m (4 storeys)</li> <li>Area 'B' - 19m (5 storeys)</li> </ol>	<p>Figure 2</p> <p>Figure 2</p> <p>Figure 2</p> <p>Figure 3</p> <p>Figure 3</p> <p>Figure 3, Figure 6</p> <p>Figure 3</p> <p>Figure 4</p> <p>Figure 5</p> <p>Figure 4</p>

Locality	Assessment requirement	Reference
	<p>c) Area 'C' - 22m (6 storeys) provided the development does not restrict reasonable solar access to the main daytime living area and/or associated area of principal private open space of dwellings on surrounding blocks</p> <p>29. Building height excludes all of the following:</p> <ul style="list-style-type: none"> <li>a) roof top plant</li> <li>b) lift overruns</li> <li>c) antennas</li> <li>d) photovoltaic panels</li> <li>e) air conditioning units</li> <li>f) chimneys, flues and vents</li> </ul> <p>Excluded items are setback from the building facade of the floor immediately below a minimum distance of 3m.</p> <p>30. Development of a Community Activity Centre on area 'D' of section 75 in Figure 4 is limited to public health, welfare or information services.</p> <p>31. Public vehicle access to the east side of the section connecting Liardet Street and Mahony Court is established and maintained.</p> <p>32. Development applications for the hatched area on Figure 5 and for area 'D' of Figure 4 must be accompanied by a site-specific Unexpected Finds Protocol prepared by a suitably qualified environmental consultant.</p> <p>33. Dwellings are not permitted on the ground floor within the area surrounded by the dashed line in Figure 5 except in area 'a' (Block 2 Section 62 Weston).</p>	<p>Figure 4</p> <p>Figure 5</p> <p>Figures 4, 5</p>
<b>Weston</b>	<p>On Block 2 Section 50 multi-unit housing development undertaken by the Demonstration Housing Project lessee(s) identified on a register published on an ACT Government website complies with the following:</p> <ul style="list-style-type: none"> <li>a) maximum 3 dwellings</li> <li>b) Subdivision under the Unit Titles Act 2001 to provide separate title to each dwelling is permitted.</li> </ul> <p>Medium density housing between Unwin Place and Heysen Street is to be a maximum of 3 storeys and be provided adjacent to open space.</p> <p>Residential development adjacent to Heysen Street and Orana School is to be a maximum height of buildings of 2 storeys.</p> <p>Mixed use development incorporating commercial and residential uses are to be accommodated on the site in section 121 zoned CZ5 in a building that meets the following:</p> <ul style="list-style-type: none"> <li>a) minimum height of buildings is 2 storeys;</li> <li>b) maximum height of buildings is 4 storeys; and</li> <li>c) ground floor accommodation suitable for shops, café/restaurant, small offices.</li> </ul>	<p>Block 2 Section 50</p> <p>Section 121</p>
<b>Weston – North Weston</b>	<p>Residential development facing Cotter Road is to have continuous service streets with street trees and address frontage.</p> <p>Edge roads with address frontage and street trees are provided adjacent to areas of open space including Weston Creek Pond, the River Corridor and areas currently exposed to views from the Tuggeranong Parkway.</p>
