combination of brakes of reasonable efficiency, having regard to the size of the trailer and load carried, and capable of being readily applied and retained either by the driver of the towing vehicle or by some person who is carried on or walking alongside the trailer within reach of the brake lever.

(2) Every trailer whose weight (inclusive of the load it is carrying) is less than 2 tonnes but exceeds 254 kilograms shall be equipped with at least one brake capable of being readily applied either by the driver of the towing vehicle or automatically by the over-run of the trailer.

(3) It shall not be necessary for a trailer whose weight (inclusive of the load it is carrying) is less than 254 kilograms to be equipped with brakes when coupled to a motor vehicle which, if retarded by its foot-brake, can be brought to a rest from a speed of 50 kilometres per hour in less than 15 metres.

Safety chains on trailers

11C. (1) A trailer the gross weight of which does not exceed 2.30 tonnes shall be equipped with a safety chain that complies with the requirements of the standard known as "Australian Standard D25-1972—Safety Chains for Trailers".

(2) In this regulation, "gross weight", in relation to a trailer, means the unladen weight of the vehicle together with the weight of the load being carried on the vehicle.

PART IV—REGISTRATION LABELS

Issue and form of labels

17. (1) Upon the registration or renewal of registration of any motor vehicle or trailer, the Registrar shall issue to the person in whose name the vehicle is registered a registration label in an approved form.

Affixing of registration labels

18. (1) A registration label shall, during the currency of the registration, be firmly affixed to or attached on the motor vehicle or trailer in respect of which the label is issued, in the position and in the manner hereinafter prescribed in respect of such vehicle (unless otherwise approved by the Registrar) and so as to be clearly visible to a person facing the label at a distance of 6 metres therefrom.

(2) The position of and manner in which registration labels are to be affixed or attached shall be as follows:

- (a) In the case of a motor vehicle (other than a motor cycle) having a windscreen—

Motor Traffic Regulations

- (i) if the motor vehicle has a pivoted, hinged or horizontally sliding ventilation window on the front left-hand or near-side of the motor vehicle—the label shall be affixed either on the inside of the windscreen at the bottom and as near as practicable to the left-hand side of the windscreen or on the inside and at the bottom of that ventilation window; or
- (ii) in any other case—the label shall be affixed on the windscreen as provided by the last preceding subparagraph,

so that the front of the label faces outwards from the motor vehicle;

- (b) In the case of a motor vehicle (other than a motor cycle) not having a windscreen—the label shall be displayed in a holder which shall be affixed to the left-hand or near-side of the motor vehicle, as nearly as practicable to the position in which the label would have been displayed in accordance with paragraph (a) of this subregulation if the vehicle had been fitted with a windscreen, and so that the front of the label faces towards the front of the motor vehicle;
- (c) In the case of a motor cycle—the label shall be displayed in a holder affixed to the handle-bar or front fork in the centre or on the left-hand or near-side of the motor cycle and the front of the label shall face towards the front or the left-hand side of the motor cycle; and
- (d) In the case of a trailer—the label shall be displayed in a holder affixed to the left-hand or near-side of the trailer in such manner that the front of the label faces outwards from the trailer.

Provision and type of holder etc.

20. (1) Any holder mentioned in these Regulations shall be provided by the owner of the vehicle and shall be of a type approved by the Registrar.

(2) Every label which is required to be displayed in a holder shall be affixed to clear glass in the holder in such manner that all the particulars on the label are clearly visible through the glass.

Alterations affecting particulars on labels

21. (1) Where a new number-plate, being a plate bearing a number different to that shown on the current registration label issued in respect of the relevant vehicle, is issued, the Registrar shall issue a new registration label in respect of that vehicle to the person in whose name it is registered.

(2) Where any alteration is made in the construction, equipment, use or ownership of a motor vehicle or trailer of such a nature as to affect the accuracy of any of the particulars appearing on the current registration label,

Motor Traffic Regulations

the person in whose name the vehicle is registered shall forthwith notify the Registrar and shall, if so required by the Registrar, produce the vehicle for inspection.

(3) Where the Registrar is satisfied that any of the particulars on the current registration label issued in respect of a vehicle are incorrect, the Registrar shall, if all applicable requirements of the Act and these Regulations have been complied with in relation to that vehicle, issue a new registration label in respect of that vehicle to the person in whose name it is registered.

(4) Where a new registration label in respect of a vehicle has been issued under subregulation (1) or (3), the person in whose name the vehicle is registered shall, as soon as practicable, cause the previous registration label issued in respect of that vehicle to be destroyed.

Label destroyed, damaged etc.

22. Where a registration label is lost, destroyed, damaged or in any way defaced before the expiry of the registration, the Registrar may, upon application and payment of the relevant fee determined pursuant to section 217A of the Act, and upon being satisfied that the label has been lost or destroyed, issue a duplicate of the label, and the duplicate shall thereupon be deemed to be the registration label for the purposes of these Regulations.

Destruction of label on expiry of registration

23. Within 3 days after the date of expiry of the registration of a motor vehicle or trailer, the person in whose name the vehicle was registered shall cause the registration label to be destroyed.

Destruction of label when registration cancelled

24. Where the registration of a vehicle is cancelled, the person in whose name the vehicle is registered shall—

- (a) if required to do so by the Registrar by notice in writing served on the person when notice of the decision to cancel the registration was served on the person—within 3 days after the cancellation took effect or within such further period as the Registrar allows, produce to the Registrar the vehicle or the holder displaying the registration label issued in respect of the vehicle to enable the label to be destroyed; or
- (b) if a notice first referred to in paragraph (a) is not served in accordance with that paragraph—within 7 days after the cancellation took effect, cause the registration label issued in respect of the vehicle to be destroyed.
