Bushfire Regulations 1938 (repealed)

made under the

Bushfire Act 1936

Republication No 4

Effective: 1 July 2004

Republication date: 1 July 2004

As repealed by A2004-28 s 203

Authorised by the ACT Parliamentary Counsel

About this republication

The republished law

This is a republication of the *Bushfire Regulations 1938* (repealed), made under the *Bushfire Act 1936*, including any amendment made under the *Legislation Act 2001*, part 11.3 (Editorial changes). It also includes any commencement, amendment, repeal or expiry affecting the republished law to 1 July 2004.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at www.legislation.act.gov.au):

- authorised republications to which the *Legislation Act 2001* applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

Editorial changes

The *Legislation Act 2001*, part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see *Legislation Act 2001*, s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication does not include amendments made under part 11.3 (see endnote 1).

Uncommenced provisions and amendments

If a provision of the republished law has not commenced or is affected by an uncommenced amendment, the symbol **U** appears immediately before the provision heading. The text of the uncommenced provision or amendment appears only in the last endnote.

Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see *Legislation Act 2001*, section 95.

Penalties

The value of a penalty unit for an offence against this republished law at the republication date is—

- (a) if the person charged is an individual—\$100; or
- (b) if the person charged is a corporation—\$500.

Australian Capital Territory

Bushfire Regulations 1938 (repealed)

made under the

Bushfire Act 1936

1 Name of regulations

These regulations may be cited as the *Bushfire Regulations 1938*.

1A Definitions for regulations

In these regulations:

Note A definition applies except so far as the contrary intention appears (see *Legislation Act 2001*, s 155).

factory means a building or other place where goods are manufactured or repaired in the course of carrying on a trade or business.

heating appliance means an appliance in which heat is provided by the combustion of liquefied petroleum gas or by the use of electricity for the purpose of cooking foods or heating liquids.

2 Selling, distributing or using matches

Any person who sells, offers for sale, distributes, or uses in the ACT any matches other than those so made as to strike only on a preparation affixed to the containing box or a box containing the same description of matches commits an offence.

Maximum penalty: 1 penalty unit.

3 Selling, distributing or using any stick or crude phosphorus

Any person who, without the written permission of the Minister, sells, offers for sale, distributes, or uses in the ACT any stick or crude phosphorus commits an offence.

Maximum penalty: 5 penalty units.

4 Steam engines

- (1) The owner of any steam engine shall install efficient spark arrestors and sound ashpans to catch all sparks and ashes, and shall maintain the arrestors and pans in good repair.

Maximum penalty: 2 penalty units.

- (2) A person in charge of any steam engine shall not leave the engine unless he or she has caused to be extinguished any live coals which may have dropped from the engine, and taken sufficient measures to prevent any live coals dropping from the engine after his or her departure.

Maximum penalty: 2 penalty units.

5 Internal-combustion engines

- (1) Any person who uses or controls, during the period commencing on 1 November in any year and ending on 31 March in the following year, any internal-combustion engine, used in or in connection with agricultural, dairying or pastoral pursuits, or for supplying motive power for machinery or for haulage purposes, which is not fitted with an effective spark arrestor, commits an offence.

Maximum penalty: 5 penalty units.

- (2) Nothing in subregulation (1) shall apply to the internal combustion engine of any motor vehicle (other than a tractor) used solely in the conveyance of persons or goods.

6 Prescribed fires

For the Act, section 7A (2) (c) each of the following is a prescribed class of fire:

- (a) a fire lit, maintained or used at a factory if the fire is lit, used or maintained in a building or other structure and reasonable steps have been taken to prevent the escape of fire, sparks or incandescent or burning material from the building or other structure;

- (b) a fire lit, maintained or used by or under the authority of any person or body of persons, whether corporate or unincorporate, for or in conjunction with the repair or maintenance of services or equipment essential for continuance or restoration of the supply of heat, light, power, water, sewerage, transport or communication where—
 - (i) the chief fire control officer has been notified of the intention to light, maintain or use the fire; and
 - (ii) reasonable steps have been taken to prevent the escape of fire, sparks or incandescent or burning material from the place where the fire is lit, maintained or used;
- (c) a fire lit, maintained or used for the purpose of using a heating appliance anywhere on land, whether unleased land the property of the Commonwealth or land held under a lease from the Commonwealth or in fee simple, if—
 - (i) the appliance is under the control of a responsible adult who is present at all times while the appliance is in use; and
 - (ii) the area around the appliance for a distance of not less than 3m is cleared of flammable material while it is in use; and
 - (iii) a means of applying a continuous stream of water is available for immediate use;
- (d) a fire lit, maintained or used to enable a hot-air balloon to become or stay airborne or to control the descent of such a balloon if—
 - (i) the balloon is under the control of a responsible person who is present at all times when the fire is in use; and
 - (ii) an area of not less than 3m around the balloon is cleared of flammable material before the fire is lit; and

- (iii) a means of applying a continuous stream of water is available for immediate use at the place at which the fire is lit.

7 Bushfire-prone Government land—prescribed uses

For the Act, section 11B (1) (a), (b) and (c), each of the following uses for land referred to in any of those paragraphs is prescribed:

- (a) agriculture;
- (b) cemetery or burial ground;
- (c) community path;
- (d) group camping, being the provision of short-term accommodation and recreational facilities for community groups;
- (e) landfill;

Endnotes

1 About the endnotes

Amending and modifying laws are annotated in the legislation history and the amendment history. Current modifications are not included in the republished law but are set out in the endnotes.

Not all editorial amendments made under the *Legislation Act 2001*, part 11.3 are annotated in the amendment history. Full details of any amendments can be obtained from the Parliamentary Counsel's Office.

Uncommenced amending laws and expiries are listed in the legislation history and the amendment history. These details are underlined. Uncommenced provisions and amendments are not included in the republished law but are set out in the last endnote.

If all the provisions of the law have been renumbered, a table of renumbered provisions gives details of previous and current numbering.

The endnotes also include a table of earlier republications.
