2. In these Regulations, unless the contrary intention appears— Definitions.  
“electricity” means electricity supplied in pursuance of the Canberra and Jervis Bay Electric Supply Regulations;  
“licensed premises” has the same meaning as in the *Liquor Ordinance 1929-1948*;  
“working day” means any day other than a Saturday, Sunday or public holiday.

3.—(1.) A person shall not on any working day use or consume between the hours of 7 a.m. and 7.30 p.m. any electricity— Restrictions on use of electricity.

(a) for the purpose of, or a purpose connected with, any advertisement or sign;

(b) for the purpose of any shop front lighting, shop entrance lighting, shop window lighting, display window lighting, show case lighting, under awning lighting, lighting of any tennis court, bowling green, swimming bath, race-course, sports ground, showground, fair, fête or carnival, or of any interior display or decorative lighting, or of the external or open-air lighting of a theatre, public hall, place of public amusement or entertainment, or the flood-lighting of any building; or

(c) for the purpose of space heating, radiating heat or heating air by means of a radiator or air-conditioning plant or other appliance, except in a building in which, and to the extent to which, such heating is necessary for the purpose of a manufacturing process.

(2.) This regulation shall not operate to prohibit the use of electricity for heating a room where other heating facilities are not available.

\* Notified in the *Commonwealth Gazette* on 23rd June, 1949.

Use of electricity in building used exclusively for residential purposes.

4. A person shall not, on any working day, use or consume in any building or portion of a building used exclusively for residential purposes, any electricity between the hours of 8 a.m. and 9.30 a.m., except for the purpose of—

- (a) refrigeration or operating a clock; or
- (b) operating equipment for the reception of wireless broadcasting.

Electricity not to be used in certain premises at rate in excess of rate prior to 28th April, 1948.

5.—(1.) Subject to this regulation, a person shall not, in any office premises, restaurant, licensed premises, theatre, public hall, place of public amusement or entertainment, or in any other building, not being a warehouse or shop, use or consume on any working day, between the hours of 7 a.m. and 7.30 p.m., any electricity for the general interior lighting of those premises at a rate in excess of fifty per centum of the rate at which electricity was consumable on the twenty-eighth day of April, 1948, by the lighting fittings installed in the premises.

(2.) A person shall not, in any warehouse or shop, use or consume on any working day, between the hours of 7 a.m. and 7.30 p.m., any electricity for the general interior lighting of the premises at a rate—

- (a) in excess of fifty per centum of the rate at which electricity was consumable on the twenty-eighth day of April, 1948, by the lighting fittings installed in the warehouse or shop; or
- (b) in excess of 75 watts per 100 square feet of floor space of any shop or display room and 20 watts per 100 square feet of floor space of any warehouse or internal passage or storage spaces in shops or warehouses,

whichever is the less.

(3.) This regulation shall not apply to the use or consumption of electricity—

- (a) in any factory;
- (b) in any building or portion of a building used exclusively for residential purposes;
- (c) by any wireless station;
- (d) for the purpose of holding any church service;
- (e) for the purpose of lighting the interior of any butcher's shop where such lighting is necessary for the safety of any person engaged in the cutting up of meat; or
- (f) for the purpose of lighting any public convenience or retiring room.

(4.) Any shop or room having a floor space of less than one hundred square feet shall, for the purposes of this regulation, be deemed to have a floor space of 100 square feet.

Regulations not to apply to hospitals, &c.

6.—(1.) Nothing in these Regulations shall operate to prohibit or restrict the use or consumption of electricity for any purpose necessarily connected with—
