SL2002-20

made under the

Workers Compensation Act 1951

Republication No 33

Effective: 13 December 2017 – 20 December 2018

Republication date: 13 December 2017

Last amendment made by [A2017-49](#)

About this republication

The republished law

This is a republication of the *Workers Compensation Regulation 2002*, made under the *Workers Compensation Act 1951* (including any amendment made under the [Legislation Act 2001](#), part 11.3 (Editorial changes)) as in force on 13 December 2017. It also includes any commencement, amendment, repeal or expiry affecting this republished law to 13 December 2017.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at www.legislation.act.gov.au):

- authorised republications to which the [Legislation Act 2001](#) applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

Editorial changes

The [Legislation Act 2001](#), part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see [Legislation Act 2001](#), s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication does not include amendments made under part 11.3 (see endnote 1).

Uncommenced provisions and amendments

If a provision of the republished law has not commenced, the symbol **U** appears immediately before the provision heading. Any uncommenced amendments that affect this republished law are accessible on the ACT legislation register (www.legislation.act.gov.au). For more information, see the home page for this law on the register.

Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see the [Legislation Act 2001](#), section 95.

Penalties

At the republication date, the value of a penalty unit for an offence against this law is \$150 for an individual and \$750 for a corporation (see [Legislation Act 2001](#), s 133).

Workers Compensation Regulation 2002

made under the

Workers Compensation Act 1951

Part 1 Preliminary

1 Name of regulation

This regulation is the *Workers Compensation Regulation 2002*.

2 Offences against regulation—application of Criminal Code etc

Other legislation applies in relation to offences against this regulation.

Note 1 Criminal Code

The [Criminal Code](#), ch 2 applies to offences against this regulation (see Code, pt 2.1).

The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences), and defines terms used for offences to which the Code applies (eg *conduct*, *intention*, *recklessness* and *strict liability*).

Note 2 Penalty units

The [Legislation Act](#), s 133 deals with the meaning of offence penalties that are expressed in penalty units.

Part 2 Interpretation generally

3 Dictionary

The dictionary at the end of this regulation is part of this regulation.

Note 1 The dictionary at the end of this regulation defines certain terms used in this regulation, and includes references (*signpost definitions*) to other terms defined elsewhere in this regulation.

For example, the signpost definition ‘*injury management*—see the [Act](#), section 86.’ means that the term ‘injury management’ is defined in the [Act](#), section 86.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire regulation unless the definition, or another provision of the regulation, provides otherwise or the contrary intention otherwise appears (see [Legislation Act](#), s 155 and s 156 (1)).

4 Notes

A note included in this regulation is explanatory and is not part of this regulation.

Note See the [Legislation Act](#), section 127 (1), (4) and (5) for the legal status of notes.

4A Regular contractors and casuals—[Act](#), s 11 (2) (c)

(1) For the [Act](#), section 11 (2) (c), the following contracts are prescribed:

- (a) a contract between the individual who is a bookable vehicle driver and the principal that prevents the individual from having an affiliated driver agreement with more than 1 transport booking service;
- (b) if the individual is a bookable vehicle driver and does not have a contract mentioned in paragraph (a)—a contract of bailment between the individual and the principal under which the individual has the use of a bookable vehicle.

(2) In this section:

affiliated driver agreement—see the [Road Transport \(Public Passenger Services\) Act 2001](#), section 36.

bookable vehicle—see the [Road Transport \(Public Passenger Services\) Act 2001](#), section 29.

bookable vehicle driver—see the [Road Transport \(Public Passenger Services\) Act 2001](#), section 29.

transport booking service—see the [Road Transport \(Public Passenger Services\) Act 2001](#), section 28.

5 Approval of medical guidelines

- (1) The Minister may approve medical guidelines about—
- (a) the diagnosis of, or prognosis or treatment for, injuries; or
 - (b) how to assess the extent of an injury for the [Act](#), part 4.4 (Compensation for permanent injuries).

Note Power given under a regulation to make a statutory instrument (including medical guidelines) includes power to amend or repeal the instrument (see [Legislation Act](#), s 46 (1)).

- (2) If the work safety council sets up an advisory committee mentioned in the [Act](#), section 206 (Minister must take advice), the Minister must consider any recommendation made by the committee about proposed medical guidelines.

- (3) An approved medical guideline is a notifiable instrument.

Note A notifiable instrument must be notified under the [Legislation Act](#).

- (4) An approved medical guideline may apply, adopt or incorporate an instrument as in force at a particular time.

Note 1 The text of an applied, adopted or incorporated instrument, whether applied as in force from time to time or as at a particular time, is taken to

be a notifiable instrument if the operation of the [Legislation Act](#), s 47 (5) or (6) is not disapplied (see s 47 (7)).

Note 2 A reference to an instrument includes a reference to a provision of an instrument (see [Legislation Act](#), s 14 (2)).

- (5) The [Legislation Act](#), section 47 (5) does not apply to a medical guideline mentioned in subsection (1) (b).

6 Meaning of *clinically relevant research*

In this regulation:

clinically relevant research means research—

- (a) recognised as clinically relevant by a specialist medical college; or
- (b) approved by the Minister under section 7.

7 Approval of clinically relevant research

- (1) The Minister may approve information (including information on an internet site) as clinically relevant research.
- (2) An approval is a notifiable instrument.

Note A notifiable instrument must be notified under the [Legislation Act](#).

- (3) An approval may apply, adopt or incorporate an instrument as in force from time to time.

Note 1 The [Legislation Act](#), s 47 (3) provides that a statutory instrument may apply an instrument as in force only at a particular time. Subsection (3) allows the approval to also apply, adopt or incorporate an instrument as in force from time to time.

Note 2 A reference to an instrument includes a reference to a provision of an instrument (see [Legislation Act](#), s 14 (2)).

- (4) The [Legislation Act](#), section 47 (5) and (6) does not apply to an instrument mentioned in subsection (3).

Note The text of an applied, adopted or incorporated instrument, whether applied as in force at a particular time or from time to time, is taken to be

a notifiable instrument if the operation of the [Legislation Act](#), s 47 (5) or (6) is not disapplied (see s 47 (7)).

8 **Meaning of *evidence-based methodology***

In this regulation:

evidence-based methodology means the application by a doctor of the doctor's clinical expertise, and any relevant approved medical guidelines or clinically relevant research, to—

- (a) identify the aetiology of an injured worker's injury; and
- (b) diagnose the injury; and
- (c) give a prognosis for the injury; and
- (d) make recommendations about medical treatment for the injury.

8A **Calculation of total wages—Act, s 7A, def *total wages***

The *ACT Wages and Earnings Guide* is prescribed for working out total wages.

Note The *ACT Wages and Earnings Guide* is accessible at www.ors.act.gov.au/worksafe.

Part 3 Medical assessments

Division 3.1 How medical assessments must be done

8B Doctor that may provide medical certificate for imminently fatal asbestos-related disease—Act, s 116 (2) (a)

A doctor in any of the following fields of medical specialty is prescribed:

- (a) oncology;
- (b) respiratory medicine;
- (c) cardio-thoracic surgery.

9 Using evidence-based methodology

- (1) A doctor who does a medical assessment of an injured worker must do the assessment using evidence-based methodology.

Note The [Act](#), s 118 (2) provides that a medical certificate required to accompany a claim for weekly compensation must comply with the requirements for medical assessments under the regulations.

If s 118 (2) is not complied with, for example, if a medical certificate about an injured worker is deficient because it does not refer to an approved medical guideline or clinically relevant research for that type of injury, under the [Act](#), s 119 the insurer may tell the worker about the deficiency. The worker's claim is not considered to have been made until the deficiency is fixed.

If the insurer does not tell a worker about a deficiency, the claim is taken to comply with s 118 (2) (see the [Act](#), s 119 (3)).

- (2) The doctor must record the results of the assessment, including the following matters:
- (a) the aetiology of the worker's injury;

- (b) the diagnosis of the injury;
- (c) the prognosis for the injury;
- (d) the recommended medical treatment for the injury.

Example—etiology of injury

exposure to asbestos fibres

Example—diagnosis of injury

mesothelioma

Example—prognosis of injury

2 year life expectancy from date of diagnosis

Note An example is part of the regulation, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see [Legislation Act](#), s 126 and s 132).

- (3) However, for a later medical assessment of an injured worker, the doctor who does the assessment need record a matter mentioned in subsection (2) only if the doctor considers that there has been a change in the matter.
- (4) In this section:

initial medical assessment, of an injured worker, means the first medical assessment by the worker's doctor for a medical certificate mentioned in the [Act](#), section 116 (2) (Making claim for compensation).

later medical assessment, of an injured worker, means a medical assessment other than—

- (a) an initial or second medical assessment of the worker; or
- (b) if the worker's nominated treating doctor is replaced by another nominated treating doctor—the first medical assessment of the worker by the new nominated treating doctor.

second medical assessment means an assessment mentioned in the [Act](#), section 72 (Second assessments).

Division 3.2 Medical specialists

10 Assessment by medical specialist—request by other than nominated treating doctor

- (1) This section does not apply to a request by an injured worker's nominated treating doctor for a medical assessment of the worker by a medical specialist.
- (2) The following (the *requesting person*) may request a medical assessment of an injured worker by a medical specialist:
 - (a) the worker;
 - (b) the worker's lawyer;
 - (c) the worker's employer;
 - (d) the employer's insurer;
 - (e) the DI fund manager.
- (3) At least 2 weeks before the day of the medical assessment, written notice of the request must be given—
 - (a) if the request is made by the worker or the worker's lawyer—to the worker's employer and the employer's insurer; or
 - (b) if the request is made by the worker's employer or the employer's insurer—to the worker and the worker's lawyer.
- (4) Subsection (3) does not prevent a medical assessment of the worker happening with less than the 2 weeks notice if the parties agree to the shorter notice.
- (5) The notice must state—
 - (a) the reasons for the request (including a brief description of any particular thing that led to the request); and
 - (b) why the medical specialist is the appropriate specialist to do the medical assessment; and

(c) which of the following matters are to be assessed in relation to the injury:

- (i) aetiology;
- (ii) diagnosis;
- (iii) prognosis;
- (iv) recommended medical treatment.

Example for par (a)

An insurer disagrees with an injured worker's nominated treating doctor's assessment that the worker has suffered a relapse, and needs more time off work. The insurer considers that the time off does not relate to the injury.

Note An example is part of the regulation, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see [Legislation Act](#), s 126 and s 132).

- (6) The requesting person, and the people to whom the requesting person must give notice under subsection (3), must give all medical evidence about the injured worker to the medical specialist at least 2 working days before the day of the medical assessment.

11 Specialist's report about assessment

- (1) A medical specialist assessing an injured worker must, when asked by someone (the *requesting person*) under section 10 (2), prepare a report about the medical assessment.
- (2) If the medical specialist's assessment differs from the medical evidence about the injured worker, the report must state—
 - (a) how the assessment differs and why; and
 - (b) why the medical specialist's assessment is preferable.
- (3) If there is no difference between the medical specialist's assessment and the medical evidence, the report must say there is no difference.

- (4) The requesting person must give a copy of the report to the people to whom the requesting person must give notice under section 10 (3) within 5 working days after the day the report is given to the requesting person.

Note An injured worker's nominated treating doctor may adopt (completely or partly) a medical specialist's assessment about treatment for the worker's treatment.

12 Medical specialist as new nominated treating doctor

- (1) This section applies if the nominated treating doctor (the *treating doctor*) for an injured worker considers it appropriate that a medical specialist becomes the nominated treating doctor for the worker, and the worker agrees.
- (2) The treating doctor may ask the medical specialist, in writing, to become the nominated treating doctor for the worker.
- (3) If the medical specialist agrees in writing, the medical specialist becomes the nominated treating doctor for the worker instead of the treating doctor.

Part 4 Medical referees

13 Consultation about appointment of medical referees

If the work safety council sets up an advisory committee mentioned in the [Act](#), section 206 (Minister must take advice), the Minister may ask the committee to give advice about who should be a medical referee.

14 Medical referee to review medical evidence etc

- (1) This section applies to a medical referee for a conciliation or arbitration.
- (2) The medical referee must—
 - (a) review the medical evidence about the injured worker; and
 - (b) review any relevant approved medical guidelines or clinically relevant research about the worker's injury; and
 - (c) apply the referee's clinical expertise to the review under paragraphs (a) and (b); and
 - (d) do a medical assessment of the worker, unless the referee considers it unnecessary.

15 Medical referee's report

- (1) A medical referee's report for a conciliation or arbitration must state—
 - (a) the results of the referee's assessment of the aetiology or diagnosis of, or the prognosis or recommended medical treatment for, the worker's injury; and
 - (b) if the referee's assessment differs from the medical evidence about the worker's injury—
 - (i) how the assessment differs and why; and

- (ii) why the referee's assessment is preferable; and
- (c) if the referee considered it unnecessary to assess the worker—
why the referee did not consider it necessary.

Example of why assessment may differ

The medical evidence does not take into account relevant approved medical guidelines or clinically relevant research.

Note An example is part of the regulation, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see [Legislation Act](#), s 126 and s 132).

- (2) If there is no difference between the medical referee's assessment and the medical evidence, the report must say there is no difference.

Part 5 Rehabilitation providers

16 Minister may approve rehabilitation providers

- (1) The Minister may, in writing, approve a person as a rehabilitation provider.
- (2) The Minister may approve a rehabilitation provider for not longer than 3 years.

17 Procedure for approval of rehabilitation provider

In deciding whether to approve a person as a rehabilitation provider, the Minister must act in accordance with the *Guide—Nationally Consistent Approval Framework for Workplace Rehabilitation Providers* as in force from time to time.

Note The *Guide—Nationally Consistent Approval Framework for Workplace Rehabilitation Providers* is accessible at www.hwca.org.au/NationalGuide.php.

Part 6 Conciliation

Division 6.1 Appointment and functions of conciliators

36 Appointment of conciliators

- (1) The Minister may appoint conciliators for this regulation.

Note 1 For the making of appointments (including acting appointments), see the [Legislation Act](#), pt 19.3.

Note 2 In particular, a person may be appointed for a particular provision of a law (see [Legislation Act](#), s 7 (3)) and an appointment may be made by naming a person or nominating the occupant of a position (see [Legislation Act](#), s 207).

- (2) The Minister may appoint a person as a conciliator only if satisfied that the person has expertise in dispute resolution relating to workers compensation.
- (3) If the work safety council sets up an advisory committee mentioned in the [Act](#), section 206 (Minister must take advice), the Minister may ask the committee to give advice about who should be a conciliator.

37 Function of conciliators

- (1) The function of a conciliator is to help injured workers and their employers to reach agreement about matters in issue arising from workers' claims for compensation.
- (2) The conciliator must encourage injured workers and their employers to reach agreements that allow injury management to continue.

Division 6.2 Conciliations

38 When must conciliation be held?

- (1) A conciliation about a matter in issue arising from a worker's claim for compensation must be held before arbitration of the matter only if—
 - (a) the worker and the worker's employer agree to participate in the conciliation; and
 - (b) a conciliator is available.
- (2) This section does not apply if the matter in issue is an insurer's rejection of a worker's claim for compensation.

39 Action by conciliator

- (1) This section applies if a worker and the worker's employer have asked a conciliator to help them reach agreement on a matter in issue arising from the worker's claim for compensation.
- (2) If the conciliator is available to help the worker and the worker's employer, the conciliator must, as soon as practicable—
 - (a) set a time and place for the conciliation; and
 - (b) tell each party to the conciliation, in writing, about the time and place.

Note For how documents may be served, see the [Legislation Act](#), pt 19.5.

40 Particulars of matters in issue

- (1) Each party to the conciliation must, at least 7 days before the day for conciliation, give to each other party and the conciliator, written details of the matters in issue arising from the worker's claim for compensation (the *written details document*).

Note For how documents may be served, see the [Legislation Act](#), pt 19.5.

- (2) The written details document must include information available to a party that the party believes on reasonable grounds would help the parties reach agreement about the matter.

41 Parties to attend conciliation

- (1) The parties to a conciliation must attend the conciliation.
- (2) A party's representative may also attend the conciliation.

42 Parties must make genuine effort to agree

At conciliation, the parties must make a genuine effort to reach an agreement that allows injury management to continue for the injured worker.

43 Medical referee and conciliation

- (1) With the agreement of the parties to the conciliation, the conciliator may ask a medical referee to prepare a report to help the parties to reach agreement.

Note Section 14 (Medical referee to review medical evidence etc) sets out what a medical referee must do for a conciliation and s 15 (Medical referee's report) states what a medical referee's report for a conciliation must contain.

- (2) The medical referee must give a copy of the report to the conciliator.
- (3) The conciliator must give a copy of the report to each party.

44 Decision or recommendation by conciliator

- (1) The conciliator may, at any time, decide that a matter in issue arising from the worker's claim for compensation is not suitable for resolution by conciliation.
- (2) If agreement is reached on a matter in issue between the parties to the conciliation, the parties must, with the help of the conciliator, record the agreement in writing.

- (3) If a matter in issue between the parties remains unresolved at the end of the conciliation, the conciliator may make a recommendation about the matter.
- (4) The written details document mentioned in section 40 (1), evidence given during a conciliation, or anything said or done during conciliation, must not be admitted in evidence at an arbitration.
- (5) However, any recommendation by the conciliator under subsection (3) may be admitted in evidence at an arbitration.

45 Who pays for conciliation?

- (1) The insurer must meet all costs and disbursements of, and incidental to, the conciliation.
- (2) If a party is represented at conciliation by a representative (including a lawyer), the conciliator may allow the representative to claim from the insurer reasonable costs and disbursements of, and incidental to, the conciliation.

47 Protocol about conciliation

- (1) The Minister may approve a protocol about—
 - (a) the administration of conciliations; or
 - (b) costs and disbursements of, and incidental to, conciliations, including maximum amounts conciliators may allow under section 45 (Who pays for conciliation?); or
 - (c) the giving of information to the Minister by conciliators or other people about conciliations in a way that maintains the confidentiality of conciliations.
- (2) An approved protocol is a notifiable instrument.

Note A notifiable instrument must be notified under the [Legislation Act](#).

Part 7 Arbitration

48 When may application for arbitration be filed?

- (1) An injured worker or the worker's employer may file an application for the arbitration of—
 - (a) a matter in issue arising from the worker's claim for compensation; or
 - (b) the insurer's rejection of the worker's claim for compensation.
- (2) However, if the injured worker and the employer must participate in a conciliation under section 38, the application for arbitration may be filed only if—
 - (a) the parties have attended the conciliation; and
 - (b) either—
 - (i) the matter was not resolved at the conciliation; or
 - (ii) the conciliator decided that the matter was not suitable for conciliation.

49 Commercial Arbitration Act not apply

The *Commercial Arbitration Act 2017* does not apply to an arbitration.

50 Representative committee already in existence

- (1) This section applies to a matter to be decided by arbitration if there is a committee.
- (2) The matter must be decided by arbitration by the committee unless a party to the matter objects to the arbitration by written notice given to the other party before the committee meets to consider the matter.

- (3) However, the committee may refer a matter it is required to arbitrate for arbitration by the Magistrates Court under this part if the committee considers it appropriate to do so.

51 When must Magistrates Court arbitrate matter?

The Magistrates Court must arbitrate a matter if—

- (a) there is no committee; or
- (b) there is a committee but—
 - (i) a party to the matter objects to the matter being arbitrated by the committee; or
 - (ii) the committee refers the matter to the court for arbitration; or
 - (iii) the committee fails to decide the matter within 1 month after the day the claim the matter arises from is made.

52 Committee may refer questions of law

A committee may refer a question of law to the Magistrates Court.

53 Powers of Magistrates Court on arbitration
