

Australian Capital Territory

Dangerous Substances (General) Regulations 2004

Subordinate Law SL2004-9

The Australian Capital Territory Executive makes the following regulations under the *Dangerous Substances Act 2004*.

Dated 2 April 2004.

KATY GALLAGHER
Minister

BILL WOOD
Minister

Australian Capital Territory

Dangerous Substances (General) Regulations 2004

Subordinate Law SL2004-9

made under the

Dangerous Substances Act 2004

Dictionary		33

Part 1 Preliminary

1 Name of regulations

These regulations are the *Dangerous Substances (General) Regulations 2004*.

2 Commencement

These regulations commence on 5 April 2004.

Note The naming and commencement provisions automatically commence on the notification day (see Legislation Act, s 75 (1)).

3 Dictionary

The dictionary at the end of these regulations is part of these regulations.

Note 1 The dictionary at the end of these regulations defines certain terms used in these regulations, and includes references (*signpost definitions*) to other terms defined elsewhere in these regulations.

For example, the signpost definition ‘*asbestos*, for part 3 (Asbestos and asbestos products)—see regulation 151.’ means that the term ‘asbestos’ is defined in that regulation for part 3.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire regulations unless the definition, or another provision of the regulations, provides otherwise or the contrary intention otherwise appears (see Legislation Act, s 155 and s 156 (1)).

4 Notes

A note included in these regulations is explanatory and is not part of these regulations.

Note See Legislation Act, s 127 (1), (4) and (5) for the legal status of notes.

5 Offences against regulations—application of Criminal Code etc

Other legislation applies in relation to offences against these regulations.

Note 1 Criminal Code

The Criminal Code, ch 2 applies to all offences against these regulations (see Code, pt 2.1).

The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences), and defines terms used for offences to which the Code applies (eg *conduct*, *intention*, *recklessness* and *strict liability*).

Note 2 Penalty units

The Legislation Act, s 133 deals with the meaning of offence penalties that are expressed in penalty units.

Part 2 Licences

50 Term of licence—Act, s 54 (2)

- (1) This regulation applies to a licence issued before 1 July 2005.
- (2) The licence may not be issued for longer than 1 year.
- (3) This part expires on 1 July 2005.

Part 3 Asbestos and asbestos products

Division 3.1 Preliminary

150 Object of pt 3

The object of this part is to protect people against the risk of asbestos-related disease resulting from exposure to airborne asbestos fibres.

151 Definitions for pt 3

In this part:

asbestos means the fibrous form of the mineral silicates belonging to the serpentine and amphibole groups of rock-forming minerals, including the following:

- (a) actinolite;
- (b) amosite (brown asbestos);
- (c) anthophyllite;
- (d) chrysotile (white asbestos);
- (e) crocidolite (blue asbestos);
- (f) tremolite.

asbestos product means anything that contains asbestos.

authorised activity, for asbestos or an asbestos product—see regulation 152 (1).

authorised activity condition, for an authorised activity for asbestos or an asbestos product—see regulation 152 (2).

chrysotile product means chrysotile and anything that contains chrysotile.

correctly labelled, for asbestos or an asbestos product—see regulation 154.

correctly packed, for asbestos or an asbestos product—see regulation 153.

exemption means an exemption under regulation 162.

152 **Meaning of *authorised activity* and *authorised activity condition* for pt 3**

- (1) For this part, each of the following is an *authorised activity* for asbestos or an asbestos product:
 - (a) genuine scientific research in relation to the asbestos or asbestos product;
 - (b) the sampling of a substance for identifying the kind or quantities of ingredients in the substance;
 - (c) carrying out demonstrations, education or practical training in relation to the asbestos or asbestos product.
- (2) For this part, each of the following is an *authorised activity condition* for an authorised activity for asbestos or an asbestos product:
 - (a) the asbestos or asbestos product must be the minimum quantity practicable for the activity;
 - (b) the asbestos or asbestos product must be correctly packed and labelled;
 - (c) the asbestos or asbestos product must be used in a way that minimises the possibility of the release into the environment of airborne asbestos fibres.

**153 When asbestos and asbestos product *correctly* packed—
Act, s 14 (1) (a)**

Asbestos or an asbestos product is *correctly* packed if it is packed in a way that minimises the possibility of the release into the environment of airborne asbestos fibres.

**154 When asbestos and asbestos product *correctly* labelled—
Act, s 14 (2) (a)**

Asbestos or an asbestos product is *correctly* labelled if the package in which it is packed is clearly labelled to identify that the package contains asbestos or an asbestos product.

**Division 3.2 Asbestos and asbestos products
prohibited dangerous substances**

**155 Asbestos and asbestos products are prohibited
dangerous substances—Act, s 73**

Asbestos and asbestos products are prohibited dangerous substances.

Note See the Act, s 73, def *prohibited dangerous substance*, par (b).

**Division 3.3 Authorised handling of asbestos and
asbestos products**

Note 1 The manufacture of asbestos products is prohibited except in certain circumstances (see the Act, s 74 (1)).

Note 2 The transport of asbestos and asbestos products is regulated by the *Road Transport Reform (Dangerous Goods) Act 1995* (Cwlth).

**156 Authorised importation of asbestos and asbestos
products—Act, s 75 (1) (b)**

- (1) A person is authorised to import asbestos or an asbestos product (including a chrysotile product) if—

- (a) the asbestos or asbestos product is in plant or a vehicle imported by the person; and

Note **Plant** includes machinery and equipment and a building or other structure (see the Act, dict).

- (b) the asbestos or asbestos product is fixed in place; and
(c) the asbestos or asbestos product was fixed in place before 31 December 2003; and
(d) the asbestos or asbestos product is fixed in a way that does not cause a risk unless it is disturbed.

Note **Import** means import into the ACT (see the Act, dict).

- (2) A person is authorised to import asbestos or an asbestos product (including a chrysotile product) if—
- (a) the person imports the asbestos or asbestos product for an authorised activity; and
(b) the person complies with the authorised activity conditions for the authorised activity.
- (3) A person is authorised to import asbestos (including chrysotile) if the person imports the asbestos in its natural form in minimal quantities in another mineral and the presence of the asbestos is incidental to the purpose of disturbing or extracting the other mineral.
- (4) A person is authorised to import a chrysotile product if—
- (a) the person imports the chrysotile product under an exemption; and
(b) the person complies with the exemption (including any conditions to which the exemption is subject); and
(c) the chrysotile product is correctly packed and labelled.

- (5) This subregulation and the following provisions expire on 31 December 2007:
- the words ‘(including a chrysotile product)’ in subregulations (1) and (2)
 - the words ‘(including chrysotile)’ in subregulation (3)
 - subregulation (4).

**157 Authorised supply of asbestos and asbestos products—
Act, s 76 (1) (b) and (3) (b)**

- (1) A person is authorised to supply asbestos or an asbestos product (including a chrysotile product) to someone else if—
- (a) the asbestos or asbestos product is in plant or a vehicle supplied by the person to the other person; and
- Note* **Plant** includes machinery and equipment and a building or other structure (see the Act, dict).
- (b) the asbestos or asbestos product is fixed in place; and
 - (c) the asbestos or asbestos product was fixed in place before 31 December 2003; and
 - (d) the asbestos or asbestos product is fixed in a way that does not cause a risk unless it is disturbed.
- (2) A person is authorised to supply asbestos or an asbestos product (including a chrysotile product) to someone else (the **recipient**) if—
- (a) the person supplies the asbestos or asbestos product to the recipient for disposal and the asbestos or asbestos product is correctly packed and labelled; or
 - (b) the person (the **supplier**) supplies the asbestos or asbestos product to the recipient for an authorised activity and the supplier complies with the authorised activity conditions for the authorised activity.

- (3) A person is authorised to supply asbestos (including chrysotile) to someone else if the person supplies the asbestos in its natural form in minimal quantities in another mineral to the other person and the presence of the asbestos is incidental to the purpose of disturbing or extracting the other mineral.
- (4) A person is authorised to supply a chrysotile product to someone else if—
- (a) the chrysotile product was obtained by the person under an exemption; and
 - (b) the person complies with the exemption (including any conditions to which the exemption is subject); and
 - (c) the chrysotile product is correctly packed and labelled.
- (5) This subregulation and the following provisions expire on 31 December 2007:
- the words ‘(including a chrysotile product)’ in subregulations (1) and (2)
 - the words ‘(including chrysotile)’ in subregulation (3)
 - subregulation (4).

Note For the meaning of *supply*, see the Act, dict.

158 Authorised possession of asbestos and asbestos products—Act, s 77 (1) (b)

- (1) A person is authorised to possess asbestos or an asbestos product (including a chrysotile product) if—
- (a) the person is authorised to handle (the *authorised handling*) the asbestos or asbestos product under another provision of this division; and

Note Handling a dangerous substance includes importing, manufacturing, storing, supplying, possessing, receiving or using the substance (see the Act, s 11).

- (b) the person possesses the asbestos or asbestos product for the purpose of the authorised handling; and
- (c) the person complies with the requirements of this division in relation to the authorised handling of the asbestos or asbestos product.
- (2) A person is authorised to possess asbestos or an asbestos product (including a chrysotile product) if—
- (a) the asbestos or asbestos product is in plant or a vehicle in the person's possession; and
- Note* **Plant** includes machinery and equipment and a building or other structure (see the Act, dict).
- (b) the asbestos or asbestos product is fixed in place; and
- (c) the asbestos or asbestos product was fixed in place before 31 December 2003; and
- (d) the asbestos or asbestos product is fixed in a way that does not cause a risk unless it is disturbed.
- (3) A person is authorised to possess asbestos (including chrysotile) if the person possesses the asbestos in its natural form in minimal quantities in another mineral and the presence of the asbestos is incidental to the purpose of disturbing or extracting the other mineral.
- (4) This subregulation and the following provisions expire on 31 December 2007:
- the words '(including a chrysotile product)' in subregulations (1) and (2)
 - the words '(including chrysotile)' in subregulation (3).

**159 Storage of asbestos and asbestos products—
Act, s 78 (1) (a)**

- (1) A person who stores asbestos or an asbestos product that has been removed from plant or a vehicle (the *waste*) must ensure that—
- (a) the waste is correctly packed and labelled; and
 - (b) the person disposes of the waste as soon as practicable after the person comes into possession of the waste.

Note **Plant** includes machinery and equipment and a building or other structure (see the Act, dict).

- (2) A person who stores asbestos or an asbestos product for an authorised activity must comply with the authorised activity conditions for the authorised activity.
- (3) A person who stores a chrysotile product obtained under an exemption must ensure that the chrysotile product is correctly packed and labelled.
- (4) Subregulation (3) and this subregulation expire on 31 December 2007.

**160 Authorised use of asbestos and asbestos products—Act,
s 79 (1) (b)**

- (1) A person is authorised to use asbestos or an asbestos product (including a chrysotile product) if—
- (a) the asbestos or asbestos product is in plant or a vehicle used by the person; and

Note **Plant** includes machinery and equipment and a building or other structure (see the Act, dict).

- (b) the asbestos or asbestos product is fixed in place; and
- (c) the asbestos or asbestos product was fixed in place before 31 December 2003; and

- (d) the asbestos or asbestos product is fixed in a way that does not cause a risk unless it is disturbed.
- (2) A person is authorised to use asbestos or an asbestos product (including a chrysotile product) for an authorised activity if the person complies with the authorised activity conditions for the authorised activity.
- (3) A person is authorised to use asbestos (including chrysotile) in its natural form in minimal quantities in another mineral if the presence of the asbestos is incidental to the purpose of disturbing or extracting the other mineral.
- (4) A person is authorised to use a chrysotile product that was obtained by the person under an exemption if—
- (a) the chrysotile product is used for the purpose stated in the exemption; and
 - (b) the person complies with the exemption (including any conditions to which the exemption is subject); and
 - (c) the chrysotile product is used in a way that minimises the possibility of the release into the environment of airborne asbestos fibres.
- (5) This subregulation and the following provisions expire on 31 December 2007:
- the words ‘(including a chrysotile product)’ in subregulations (1) and (2)
 - the words ‘(including chrysotile)’ in subregulation (3)
 - subregulation (4).

Division 3.4 Chrysotile product exemptions

161 Applications for exemptions for chrysotile products

- (1) A person may apply in writing to the chief executive for an exemption that authorises the person to import, supply, store or use

a chrysotile product (the *proposed activity*) for a use mentioned in table 161.1, column 2.

Note 1 If a form is approved under the Act, s 222 for an application, the form must be used.

Note 2 A fee may be determined under the Act, s 221 for this regulation.

- (2) An application for an exemption must include the following information (the *required information*):
- (a) the applicant's name and any business name used by the applicant;
 - (b) the applicant's address and telephone number;
 - (c) the proposed activity to which the application relates;
 - (d) the category of chrysotile product to which the application relates;
 - (e) the amount of chrysotile product to which the application relates;
 - (f) the address of the premises where the proposed activity will be carried out;
 - (g) if a person other than the applicant will be the person directly involved in the proposed activity—the name, address and telephone number of that person;
 - (h) the measures that the applicant will take, if the exemption is granted, to control the risks resulting from the use of the chrysotile product;
 - (i) if the proposed activity is the use of a chrysotile product—the name, address and telephone number of anyone who the applicant proposes will import, supply or store the chrysotile product for the applicant.
- (3) The chief executive need not decide the application if it does not include the required information.

- (4) This subregulation and table 161.1, item 2 expire on 31 December 2004.
- (5) This subregulation and table 161.1, items 1 and 4 expire on 31 December 2006.
- (6) In this regulation:

category of chrysotile product means the category mentioned in table 161.1, column 3.

Table 161.1 Table of exempt chrysotile product uses

column 1 item	column 2 uses for which exemption may be granted	column 3 category	column 4 latest date exemption may end
1	use of chrysotile product in a compressed asbestos fibre gasket that is for use with chlorine in a plant used in liquid chlorine service with design process conditions of— 45°C and 1 500kPa	1	31 December 2006
2	use of chrysotile product in a compressed asbestos fibre gasket that is for use with— (a) saturated steam; or (b) superheated steam; or (c) substances that are classified as dangerous goods under the Australian Dangerous Goods Code	1	31 December 2004

Part 3 Asbestos and asbestos products
Division 3.4 Chrysotile product exemptions

Regulation 161

column 1 item	column 2 uses for which exemption may be granted	column 3 category	column 4 latest date exemption may end
3	use of chrysotile product in a product that consists of a mixture of asbestos with a phenol formaldehyde resin or with a cresylic formaldehyde resin used in: <ul style="list-style-type: none"> (a) a vane for rotary vacuum pumps; or (b) a vane for rotary compressors; or (c) a split face seal of at least 150mm in diameter used to prevent leakage of water from cooling water pumps in fossil fuel electricity generating stations 	2	31 December 2007
4	use of chrysotile product in a diaphragm for use in an electrolytic cell in an existing electrolysis plant for chlor-alkali manufacture	3	31 December 2006
5	use of chrysotile product in relation to which an exemption under the <i>Occupational Health and Safety (Commonwealth Employment) (National Standards) Regulations 1994</i> (Cwlth) has been granted to the Department of Defence or the Australian Defence Force for mission-critical parts or components of plant	4	31 December 2007

Note The categories in table 161.1, col 3 reflect the exemption numbering in the NOHSC model regulations, sch 2 mentioned in reg 162 (5).

162 Decision on application for exemption

- (1) The chief executive must grant an exemption authorising a person to use a chrysotile product if the chief executive is satisfied that—
 - (a) the use is for a use (the *authorised use*) mentioned in table 161.1, column 2; and
 - (b) the authorised use is essential to the applicant's activities; and
 - (c) the applicant has in place appropriate measures to control the risks resulting from the use of the chrysotile product; and
 - (d) the applicant will be able to comply with the condition mentioned in regulation 163 (3); and
 - (e) the giving of the exemption is consistent with the object of this part.
- (2) The chief executive must refuse to grant an exemption authorising a person to use a chrysotile product if the chief executive is not satisfied about the matters mentioned in subregulation (1).
- (3) The chief executive must grant an exemption authorising a person to import, supply or store a chrysotile product if the chief executive is satisfied that—
 - (a) the import, supply or storage of the chrysotile product is for a use mentioned in table 161.1, column 2; and
 - (b) the use has been, or will be, authorised under an exemption; and
 - (c) the person has in place appropriate measures to control the risks resulting from the import, storage or supply of the chrysotile product; and
 - (d) the giving of the exemption is consistent with the object of this part.
- (4) The chief executive must refuse to grant an exemption authorising a person to import, supply or store a chrysotile product if the chief

executive is not satisfied about the matters mentioned in subregulation (3).

- (5) In making a decision under this regulation, the chief executive may have regard to the notes mentioned in the *National Model Regulations for the Control of Workplace Hazardous Substances*, schedule 2, approved by the National Occupational Health and Safety Commission under the *National Occupational Health and Safety Commission Act 1985* (Cwlth), as in force on 31 December 2003.

163 Conditions of exemptions

- (1) The chief executive may include conditions in an exemption to protect people against the risk of asbestos-related disease resulting from exposure to airborne asbestos fibres.
- (2) An exemption is subject to—
- (a) any conditions included in the exemption by the chief executive; and
 - (b) for an exemption that authorises a person to use a chrysotile product—the exemption stated in subregulation (3).
- (3) An exemption that authorises an exemption-holder to use a chrysotile product is subject to the condition that the exemption-holder tells the chief executive, in writing, as soon as possible after the exemption-holder becomes aware that the use authorised by the exemption is no longer essential to the exemption-holder's activities.

164 Term of exemption

The chief executive may only grant an exemption for a period that ends on or before the date stated in table 161.1, column 4 that relates to the exemption.

165 Exemption not transferable

An exemption is not transferable.

166 Form of exemption

- (1) An exemption must show the following information:
 - (a) the full name of the exemption-holder;
 - (b) the premises where a person is authorised to carry out activities under the exemption;
 - (c) the activities authorised by the exemption;
 - (d) any conditions included in the exemption by the chief executive;
 - (e) a unique identifying number;
 - (f) when the exemption ends.
- (2) If the exemption authorises a person to use a chrysotile product, the exemption must state the condition mentioned in regulation 163 (3).
- (3) An exemption may also include any other information the chief executive considers appropriate.

167 Operation of an exemption

- (1) An exemption begins on—
 - (a) the day it is granted; or
 - (b) if a later date is stated in the exemption—the later date.
- (2) The chief executive must cancel an exemption if—
 - (a) satisfied that continuing the exemption would be inconsistent with the object of this part; or
 - (b) the exemption-holder asks the chief executive to cancel it.

168 Amendment of exemption on application of exemption-holder

- (1) A exemption-holder may apply to the chief executive to amend the exemption.

Examples of amendments

- 1 to amend or revoke a condition included in the exemption by the chief executive
- 2 to change the premises where activities may be carried out under the exemption

Note 1 If a form is approved under the Act, s 222 for an application, the form must be used.

Note 2 A fee may be determined under the Act, s 221 for this regulation.

Note 3 An example is part of these regulations, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (2) The chief executive must amend the exemption if, assuming that the application to amend were an application under regulation 161 (Applications for exemptions for chrysotile products) for an exemption that included the proposed amendment, the chief executive would be required to grant the exemption.
- (3) If subregulation (2) does not apply, the chief executive must refuse the application to amend the exemption.

169 Cancellation of exemption or imposition etc of conditions on chief executive's initiative

- (1) This regulation applies to an exemption-holder if the chief executive proposes, on the chief executive's own initiative, to do any of the following (the *proposed action*):
- (a) cancel the exemption;
 - (b) amend the exemption to impose a condition;

- (c) amend or revoke a condition included in the exemption by the chief executive.
- (2) The chief executive must give the exemption-holder a written notice stating—
- (a) the proposed action; and
 - (b) if the proposed action is to cancel the exemption—any action that the exemption-holder may take to avoid the cancellation of the exemption; and
 - (c) if the proposed action is to impose a condition—the proposed condition; and
 - (d) if the proposed action is to amend a condition—the condition as proposed to be amended; and
 - (e) an explanation for the proposed action; and
 - (f) that the exemption-holder may, within 14 days after the day the exemption-holder receives the notice, give a written response to the chief executive about the notice.
- (3) In deciding whether to take the proposed action, the chief executive must consider any response given to the chief executive in accordance with the notice.
- (4) If the chief executive is satisfied that a reasonable ground exists for taking the proposed action, the chief executive may take the proposed action.
- (5) The chief executive must give the exemption-holder written notice of the chief executive's decision.
- (6) If the chief executive decides to take the proposed action, the chief executive's decision takes effect 14 days after the day when notice of the decision is given to the exemption-holder or, if the notice states a later date of effect, that date.

- (7) If the exemption is amended, the chief executive must, as soon as practicable after the exemption has been returned to the chief executive, amend the exemption or give the exemption-holder a replacement exemption showing the amendment.

170 Continuation of exemptions under former regulations

- (1) An exemption (the *former exemption*) in force under the *Dangerous Goods Regulations 1978*, part 11 immediately before the commencement of the Act is taken to be an exemption granted under these regulations.
- (2) The former exemption is subject to—
 - (a) any conditions stated in the former exemption; and
 - (b) the conditions (if any) as amended under the *Dangerous Goods Regulations 1978* or these regulations; and
 - (c) any conditions imposed under these regulations.
- (3) The term of the former exemption is taken to be the unexpired term of the former exemption before the commencement of the Act.

171 Expiry of div 3.4

- (1) This division expires on 31 December 2007.
- (2) Also, regulation 151, definitions of *chrysotile product* and *exemption*, and the dictionary definitions of those terms, expire on 31 December 2007.

Part 4 Administrative review of decisions

200 Reviewable decisions—Act, s 186 (b)

The decisions of the Minister, the chief executive or an inspector mentioned in schedule 1, column 3 are reviewable decisions.

201 Notice of reviewable decisions—Act, s 187 (1)

If the Minister, chief executive or inspector (the *decision-maker*) makes a reviewable decision, the decision-maker must give written notice of the decision to each person mentioned in schedule 1, column 4 in relation to the decision.

Note For the giving of notice of a reviewable decision, see the code of practice under the *Administrative Appeals Tribunal Act 1989*, s 25B.

202 Internally reviewable decisions—Act, s 188 (1)

The decisions of an inspector mentioned in schedule 1, part 1.2 are internally reviewable decisions.

Note 1 For the giving of notice of an internally reviewable decision, see the code of practice under the *Administrative Appeals Tribunal Act 1989*, s 25B.

Note 2 A person may apply to the AAT for review of a decision made by an internal reviewer (see the Act, s 191 (a)), including a decision under the Act, s 189 (1) (b) refusing to allow a longer period to make an application for internal review.

Part 5 Modification of Act, ch 14

250 Act modified—pt 5

This part modifies the *Dangerous Substances Act 2004*, chapter 14 (Consequential and transitional matters).

251 Section 226 (3)

substitute

- (3) If the prescribed former licence is not ended under this Act, it continues in force under this Act until the later of—
- (a) the end of 31 August 2004; or
 - (b) the end of the term of the licence.

252 Section 226 (5), definition of *former explosives licence*

substitute

former explosives licence means a licence or permit under the *Dangerous Goods Act 1975* (other than a prescribed permit under section 226A or section 226B) that authorised a person to handle (within the meaning of this Act) an explosive within the meaning of that Act.

253 New sections 226A to 226C

insert

226A Existing shotfirers' permits

- (1) Despite the repeal of the *Dangerous Goods Act 1975*, a prescribed permit is taken to be a shotfirer licence issued under the *Dangerous Substances (Explosives) Regulations 2004*.
- (2) The licence is subject to—

- (a) any conditions stated in the prescribed permit; and
