Planning Act 2023

Republication No 2

Effective: 1 January 2024

Republication date: 1 January 2024

Last amendment made by [A2023-52](#)

About this republication

The republished law

This is a republication of the *Planning (General) Regulation 2023*, made under the *Planning Act 2023* (including any amendment made under the *Legislation Act 2001*, part 11.3 (Editorial changes)) as in force on 1 January 2024. It also includes any commencement, amendment, repeal or expiry affecting this republished law to 1 January 2024.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at www.legislation.act.gov.au):

- authorised republications to which the *Legislation Act 2001* applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

Editorial changes

The *Legislation Act 2001*, part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see *Legislation Act 2001*, s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication includes amendments made under part 11.3 (see endnote 1).

Uncommenced provisions and amendments

If a provision of the republished law has not commenced, the symbol **U** appears immediately before the provision heading. Any uncommenced amendments that affect this republished law are accessible on the ACT legislation register (www.legislation.act.gov.au). For more information, see the home page for this law on the register.

Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see the *Legislation Act 2001*, section 95.

Penalties

At the republication date, the value of a penalty unit for an offence against this law is \$160 for an individual and \$810 for a corporation (see *Legislation Act 2001*, s 133).

made under the

Planning Act 2023

Part 1 Preliminary

1 Name of regulation

This regulation is the *Planning (General) Regulation 2023*.

3 Dictionary

The dictionary at the end of this regulation is part of this regulation.

Note 1 The dictionary at the end of this regulation defines certain terms used in this regulation and includes references (*signpost definitions*) to other terms defined elsewhere.

For example, the signpost definition '*affected residential premises register*—see the *Dangerous Substances Act 2004*, section 47P (1).' is defined in that subsection and the definition applies to this regulation.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire regulation unless the definition, or another provision of the regulation, provides otherwise or the contrary intention otherwise appears (see [Legislation Act](#), s 155 and s 156 (1)).

4 Notes

A note included in this regulation is explanatory and is not part of this regulation.

5 Offences against regulation—application of Criminal Code etc

Other legislation applies in relation to offences against this regulation.

Note 1 Criminal Code

The [Criminal Code](#), ch 2 applies to all offences against this regulation (see Code, pt 2.1).

The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences), and defines terms used for offences to which the Code applies (eg *conduct*, *intention*, *recklessness* and *strict liability*).

(see s 87 (1), def *LAIE buyback program valuation procedure*)

Part 2.1 Interpretation

2.1 Definitions—sch 2

In this schedule:

assessment day means 28 October 2014.

LAIE buyback program valuation—see section 2.6.

presidential determination, of the reasonable value of an affected lease—see section 2.8 (2).

reasonable value, of an affected lease, means the value of the lease, including the improvements, assuming that the lease, including the improvements, were offered for sale on the open market on the assessment day on the reasonable terms and conditions that a genuine seller might require.

Part 2.2 Buyback program valuation procedure

2.2 Valuation of affected lease

- (1) Two valuations of the reasonable value of an affected lease must be carried out.
- (2) The affected lease, including the improvements, must be valued as at the assessment day.

- (3) A valuation must not take into account to any of the following:
- (a) the presence of loose-fill asbestos insulation at the affected residential premises on the affected lease;
 - (b) minor maintenance work needing to be carried out on the affected residential premises on the affected lease as at the assessment day;
 - (c) minor maintenance work or cosmetic improvements carried out on the affected residential premises on the affected lease after the assessment day.

2.3 Accredited valuers to carry out valuation

- (1) Each valuation of the reasonable value of an affected lease must be carried out by an accredited valuer who is independent of—
- (a) the other accredited valuer carrying out a valuation of the affected lease; and
 - (b) the Territory and the lessee.
- (2) Each accredited valuer must be selected by the Australian Property Institute Limited ACN 608 309 128.

2.4 Valuation to be given to lessee and Asbestos Response Taskforce

An accredited valuer who carries out a valuation of the reasonable value of an affected lease must give a copy of the valuation to—

- (a) the lessee of the affected lease; and
- (b) the Asbestos Response Taskforce.

2.5 Presidential determination—request by Asbestos Response Taskforce

- (1) If the difference between the 2 valuations given to the Asbestos Response Taskforce is 10% or more, but less than 10.5%, of the lower valuation, the Asbestos Response Taskforce may ask for a presidential determination of the reasonable value of the affected lease.
- (2) In deciding whether to ask for a presidential determination, the Asbestos Response Taskforce must consider—
 - (a) the views of the lessee of the affected lease; and
 - (b) the difference between the valuations; and
 - (c) the cost involved in obtaining a presidential determination.
- (3) If the difference between the valuations is 10.5% or more of the lower valuation, the Asbestos Response Taskforce must ask for a presidential determination of the reasonable value of the affected lease.
- (4) If the Asbestos Response Taskforce asks for a presidential determination, the taskforce—
 - (a) must tell the lessee; and
 - (b) is liable for the cost of the determination.

2.6 LAIE buyback program valuation

The *LAIE buyback program valuation* for an affected lease is worked out as follows:

$$\frac{V_1 + V_2}{2}$$

V_1 means the first valuation of the reasonable value of the affected lease.

V_2 means the second valuation of the reasonable value of the affected lease.

2.7 Presidential determination—request by lessee

- (1) If a lessee of an affected lease rejects a buyback program valuation for the affected lease, the lessee may ask for a presidential determination of the reasonable value of the affected lease.
- (2) If the lessee asks for a presidential determination, the lessee is liable for the cost of the determination.

2.8 Presidential determination

- (1) This section applies if the Asbestos Response Taskforce or the lessee asks for a presidential determination of the reasonable value of an affected lease.
- (2) The president of the ACT Division of the Australian Property Institute Limited ACN 608 309 128 must appoint a valuer (a *presidential valuer*) to carry out a valuation (a *presidential determination*) of the reasonable value of the affected lease.
- (3) The presidential valuer must be an accredited valuer and independent of—
 - (a) the valuers mentioned in section 2.3; and
 - (b) the Territory and the lessee.
- (4) The lessee may give any information or material to the presidential valuer that the lessee considers relevant to the valuation—
 - (a) if the Asbestos Response Taskforce asks for the presidential determination—before the presidential valuer starts the presidential determination; or
 - (b) if the lessee asks for the presidential determination—at the time the lessee asks for the presidential determination.
- (5) The presidential valuer must make a presidential determination in the same way as the valuations of the reasonable value of the affected lease were carried out.

- (6) A presidential determination is binding on the lessee and the Asbestos Response Taskforce.

2.9 Amount payable for surrender of affected lease

- (1) This section applies if a lessee of an affected lease surrenders the lease under the LAIE buyback program.
- (2) The amount payable to the lessee for the surrender of the affected lease is—
